*Note: Some schools will require one of these three options to claim your student:

- Last Name and Student ID Number
- Birth Date and Student ID Number
- First Name, Last Name, and Birth Date

If you do not know your student's ID number you will need to contact the school

Enter the information requested and select Find Student
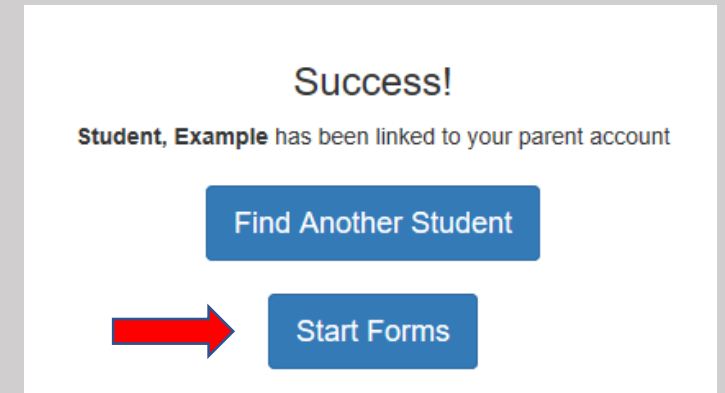

You will see your student linked to your account. To add another child to your account select "**Find Another Student**" and enter the requested information.

To start completing the forms select "Start Forms"

You will see your Student's Name and their Compliance Status.

Click "View" to complete the online forms and to see your student's status.

You will see 2 sections:

1. Paper Documents
2. Electronic Documents

To print a blank Physical form or other printable documents, click on the "**Download and Print**" tab on the right side.

In most cases printable forms such as the Physical should be turned into the school manually. However, some schools may allow you to upload these documents to an electronic form titled "***Physical Upload Form***". If your student's school allows this option, it will appear under the Electronic Forms section.

To complete the electronic forms, click on the first blue link to open the form. The form status will show as "Incomplete" until after the school has approved your student's forms.

Note*: Some schools may require multiple forms to be completed.

If you have any questions related to the forms, please contact your student's school.
