2026 Texas Music Educators Association All-State Musicians

Recommendation:
That the Conroe Independent School District Board of Trustees give special recognition to the 2026 Fine Arts All State Members as submitted by Dr. Mark A. Murrell, Assistant Superintendent for High Schools, and as recommended by Dr. David Vinson, Superintendent of Schools.

Explanation:
The Texas Music Educators Association holds a rigorous process to determine the best musicians (instrumental and vocal) in the state. Students audition for district, and if they advance, they continue to regional audition and then the state audition contest. At the regional and state contests, students are ranked in order and have the opportunity to perform in one of the several groups at the respective events. The state performance will occur while they attend the Texas Music Educators Association All-State Performances and Convention. This year, Conroe ISD, had 18 band, 12 choir, and 2 orchestra students qualify for the highest honor, placing them among the top 3% of student musicians in the state. This year was an exceptional year, as one of the largest groups of talented musicians Conroe ISD has sent, with a total of 32.

The following is a breakdown by school:

College Park HS – 5 band, 2 orchestra
Conroe HS – 3 choir
Grand Oaks HS – 2 band
Oak Ridge HS – 1 band, 1 choir
The Woodlands HS – 10 band, 8 choir

Budget Amendment Executive Summary

The budget amendment for the month of February includes both budget amendments and budget transfers.

Budget Amendment

The budget amendment for the month of February totals $142,096.08 in revenues and $142,096.08 in appropriations. The budget amendment is broken down into two categories, 1) General Fund (the district's operating fund), and 2) All Other Funds.

1) The budget amendment in the General Fund for the month of February includes activity fund donations totaling $16,641.36.

    - Peet Junior High School ($503.02 for an ice machine)
    - Bush Elementary School ($16,138.34 for playground equipment)

2) The budget amendment in All Other Funds of $125,454.72 includes amounts for new or revised state, federal, and local grant allocations. Revised funding may be due to federal reallocations, roll forward, and maximum entitlements. The roll forward is the unspent portion of the previous year's federal allocation. The maximum entitlement is the final distribution of total unallocated funding by the federal government.

The budget amendment contains funding received for the 2025-2026 IDEA-B Discretionary Residential Reimbursement award for $125,416 for a student in nonpublic residential placement. Lastly, the budget amendment includes an increase to the Read to Succeed License Plate Program fund in the amount of $38.72 for The Woodlands College Park School. The increase is money awarded to campus libraries from the State, based on special license plate purchases.

Budget Transfers

Budget transfers consist of funds transferred within the same fund but changing functions. These transfers are found within the General Fund and All Other Funds. The total amount of all transfers is $127,777. Approximately 80% or $102,545.88 of the transfers is found in the general fund. The remaining $25,231.12 is located within the District's grant funds.

CONSIDER AND AWARD COMPETITIVE SEALED PROPOSAL OF CSP #25r-10-01 - Internal Connections Campus Refresh - E-Rate (CAT 2)

Recommendation:

That the Conroe Independent School District Board of Trustees award Competitive Sealed Proposal **CSP - 25r-10-01 - Internal Connections - Campus Refresh - E-Rate Cat 2** to **Data Vox, Inc**. for an estimated expenditure of $4,600,000 and authorize the Superintendent to execute any documents necessary to effectuate such purchase, as submitted by Ms. Karen Garza, Chief Financial Officer, and, Mr. Brian Broussard, Director of Purchasing, and as recommended by Dr. David Vinson, Superintendent of Schools.

Explanation:

Based on the Telecommunications Act of 1996, the Federal Communications Commission (FCC) created the E-rate program to provide schools and libraries affordable access to advanced telecommunications services. The E-rate program, also known as the Universal Service Schools and Libraries Program, is administered by the Universal Service Administrative Company (USAC). This program provides discounts ranging from 20 to 90 percent on telecommunications services, internet access, internal connections, and basic maintenance of internal connections to eligible schools and libraries.

In accordance with Texas Education Code Chapter 44.031 and Texas Government Code 2269, the district issued a competitive sealed proposal. Notifications of Proposal pertaining to the purchase of internal connections for the twelve-campus technology refresh project and additional equipment were distributed to potential service providers by filing Form 470 through the Universal Services Administrative Company (USAC) EFile system. While many of the goods and services described in this Competitive Sealed Proposal (CSP) will be acquired under E-rate program rules, some goods and services listed herein will not. There are eleven locations that will be utilizing the E-Rate program (Caney Creek HS, Clark Int, Creighton Elem, Giesinger Elem, Knox JH, McCullough JH, Oak Ridge Elem, Patterson Elem, Runyan Elem, Stewart Elem, and Suchma Elem) while the other two locations (Juvenile Justice Alternative Education Program, and Juvenile Detention Center) will be non-E-Rate.

Every 5-years, USAC calculates and assigns a maximum budget for each school district against which it can file for reimbursement on what are known as “Category 2 – Internal Connections” expenses (i.e., expenses for eligible networking equipment and related installation services for use within academic facilities). This maximum eligible expenditure for a specific 5-year period is calculated using the total student count of a district and its participation level in the National School Lunch Program (NSLP). For Conroe ISD, this is calculated to be a 60% reimbursement rate for an amount of $201.57 per student for the current 5-year E-rate period (of which, we are in year 1 of 5 now).

The equipment being obtained in this CSP will be used to upgrade the designated campuses to the current networking standard being rolled out district-wide. This standard includes compliance with the "Wi-Fi 6" standard (which provides wireless data speeds of up to 2.5gbps) and the "Multi-Gig" standard (which provides desktop data speeds of up to 5gbps). This represents year 6 of a 7-year plan to roll out these technologies district-wide and to lay the groundwork for the next generation of end-user devices.

Under this CSP, Internal Connections for the campus will consist of any combination of the following items: wireless access points, routers, switches, racks for routers and switches, battery backup systems, and any cabling and cabling components related to the installation and operation of these devices. Three vendors submitted multiple qualifying proposals. Pricing for this project shall be effective upon Board award through September 30, 2027, plus renewals, and shall include all costs to complete services required. Under E-Rate guidelines, for E-Rate eligible items, work may begin April 1, 2026. The proposals were evaluated in accordance with Board Policy CV and Texas Government Code §2269.055. Scoring for each vendor was done by Bob Lawrence, Asst Dir Infra/Net Operations, Daniel Kirk, Senior Network Engineer, Andrew Nelson, Network Communications Engineer, Steven Noonan, Network Engineer, Juan Reyes, Network Engineer, and Michael Tallman, Senior Network Engineer. The scoring for each vendor is indicated on the attached list. Best Value offers are recommended for Board approval and noted on the attached summary sheet. Funding will be provided in the Capital Projects fund.

Creating a vital bridge connecting Conroe ISD leadership and the families of students receiving special education services.

THE PLAN

A board-recognized advisory body, providing informed stakeholder input to improve district policies, procedures, and practices.

OBJECTIVES

- **Liaison & Voice:** Act as a formal platform to ensure parent perspectives are integrated into the school culture.
- **Systemic Improvement:** Identify trends and gaps to shift from reactive problem-solving to long-term, strategic planning.
- **Capacity Building:** Create, among other things, a "Digital Resource Center" to empower parents with educational tools and training.
- **Sustainability:** Build institutional memory through formal bylaws to ensure the council remains effective year-over-year.

GOVERNANCE & OPERATIONS

- **Authority:** SEPAC operates in an **advisory capacity only**. CISD retains final decision-making authority over all policies and programs.
- **Membership:** A diverse group of Board-appointed parent members representing all campuses and feeder zones.
- **Meeting Cadence:** Quarterly general meetings with a formalized agenda-setting process to ensure both administrative and parent priorities are met.
- **Standards:** All presentations and recommendations must be research-based and district-approved.

DISTRICT PARTICIPATION

- **Special Education Ambassadors:** District staff will serve as non-voting advisors to provide operational context and technical insight.
- **Information Hub:** The district will utilize SEPAC to disseminate critical information regarding funding, staffing, and training.

TIMELINE

- **Board Approval:** Conroe ISD Board of Trustees formally adopt the Conroe ISD Special Education Advisory Council
- **Planning & Recruitment:** The district begins formally creating a plan and recruitment process.
- **Plan and Council Finalized:** By June 1, a final plan is formalized and committee in place.
- SEPAC Begins: August 31, Quarterly meetings begin.

RECOMMENDATION

“Discussion and Possible Action to Authorize the Superintendent to Develop and Implement a Conroe ISD Special Education Parent Advisory Council (SEPAC)”

Questions?

Discussion and Possible Action Regarding the Adoption of High-Quality Instructional Materials (HQIM) for Mathematics K-12

Recommendation:
That the Conroe Independent School District Board of Trustees approve the purchase of the mathematics materials recommended by the District's Instructional Materials Guiding Coalition, as submitted by Dr. Hedith Upshaw, Assistant Superintendent for Teaching and Learning, and as recommended by Dr. David Vinson, Superintendent of Schools.

Explanation:
The District's Math Instructional Materials Guiding Coalition completed its review of the High-Quality Instructional Materials designated by the State Board of Education (SBOE) as approved for use in school districts for Mathematics instruction as well as available materials for Mathematics Advanced Placement courses. The Guiding Coalition received training in the research about effective Math instruction provided by TEA and reviewed both online and hard copy materials. The instructional materials were available at the Conroe ISD Instructional Materials Distribution Center for public review from January 5 through January 23, 2026. As part of the review process, Guiding Coalition members also considered evaluations submitted by campus personnel, parents, and community members.

At its meeting on January 27, 2026, the Guiding Coalition voted on their recommendations for each grade level or course as shared with the Board of Trustees. Funds for the purchase will come from the District's HQIM Entitlement and Instructional Materials (IMTA) Allotment.

Discussion and Possible Action to Approve Library Materials in Accordance with Texas Education Code §33.026, School Board Policy EFB, and Senate Bill 13

Recommendation:

That the Conroe Independent School District Board of Trustees consider and approve library materials that have been donated to or that are to be procured for use in the District's school libraries in accordance with Texas Education Code §33.026, School Board Policy EFB, and Senate Bill 13, as submitted by Assistant Superintendent of Teaching and Learning, Dr. Hedith Sauceda-Upshaw, and as recommended by Dr. David Vinson, Superintendent of Schools.

Explanation:

The Board of Trustees is required to consider and approve all library materials that have been donated to or are proposed to be procured for use in District school and classroom libraries in accordance with Texas Education Code §33.026 and Board Policy EFB.

This process begins with the Superintendent, who submits a list of recommendations that must include a certification that the materials adhere to the library standards in Texas Education Code §33.021. The list will include whether the Superintendent recommends adding library materials to the school library catalog or removing library materials from a school library catalog following a challenge under Texas Education Code § 33.027.

The list of proposed materials is made accessible to the public for review for at least 30 days. The Board then votes to approve or reject the list at the first open meeting held on or after the 30th day the list is available for public review, thus formally ensuring that all new or donated materials comply with both the law and Board Policy.

The requirement for Board approval does not apply to materials that are simply replacing a damaged copy, obtaining additional copies of a title already in the catalog, or materials previously approved for the same grade levels.

This requirement does not prevent an employee of the school from acting immediately to prevent an imminent threat or respond to an emergency.
