Hello Ramily!

I am excited to share some wonderful news — **our district's Report Card is out, and the results show an increase in our APR points and continued growth across multiple areas!**

2023: 117.5 = 61.4% of the points
2024: 128.5 = 64.3% of the points
2025: 139 = 69.5% of the points
(140 points = 70% of the points = FULL ACCREDITATION!!!)

Because of your dedication and commitment, we were just **one point away from achieving full accreditation!** While I know this is hard to hear, this ***IS*** a tremendous accomplishment and a true reflection of the hard work, consistency, and belief you bring to our students each day.

Every lesson you plan, every extra minute you spend supporting a student, and every collaborative effort you make with colleagues continue to move our district forward. This progress is not by chance — it is the direct result of your dedication, your attention to student data, your professionalism, your resilience, and your unwavering focus on improving student outcomes!

While we celebrate our incredible growth, we ***STILL*** have work to do. The same focus and determination that brought us here will carry us across the finish line to FULL ACCREDITATION in 2026!

Let's stay encouraged, stay aligned, support each other, and continue to give our very best for the students and families who depend on us.

On behalf of the BOE and the administration of RGSD, we are proud of you, inspired by you, and grateful for the heart you bring to this work every day.

The results of the MAP and EOC this school year will be vitally important to the future of RGSD. Together, we are showing what is possible — and together, we will reach FULL ACCREDITATION!

Let's go, Ramily!!!!!!!

With great appreciation and pride,

Dr. Tanya Patton, Superintendent
Riverview Gardens School District
