- Signing your *Master Promissory Note* (MPN)
- Applying for repayment plans
- Completing loan counseling
- Using the *Public Service Loan Forgiveness Help Tool*

What You'll Need

- Social Security number
- Your own mobile phone number and/or email address

An official website of the United States government.

Create an Account (FSA ID)

Step 1 of 7

Personal Information

Start filling in your personal information

I u[illegible] to [illegible] ac[illegible] and [illegible]

If I'm not the person I claim to be, I understand that I'm not authorized to proceed and that I should exit this form now. If I provide fa[illegible] or m[illegible]sleading in[illegible]rmation, I und[illegible]

First Name

Middle Initial

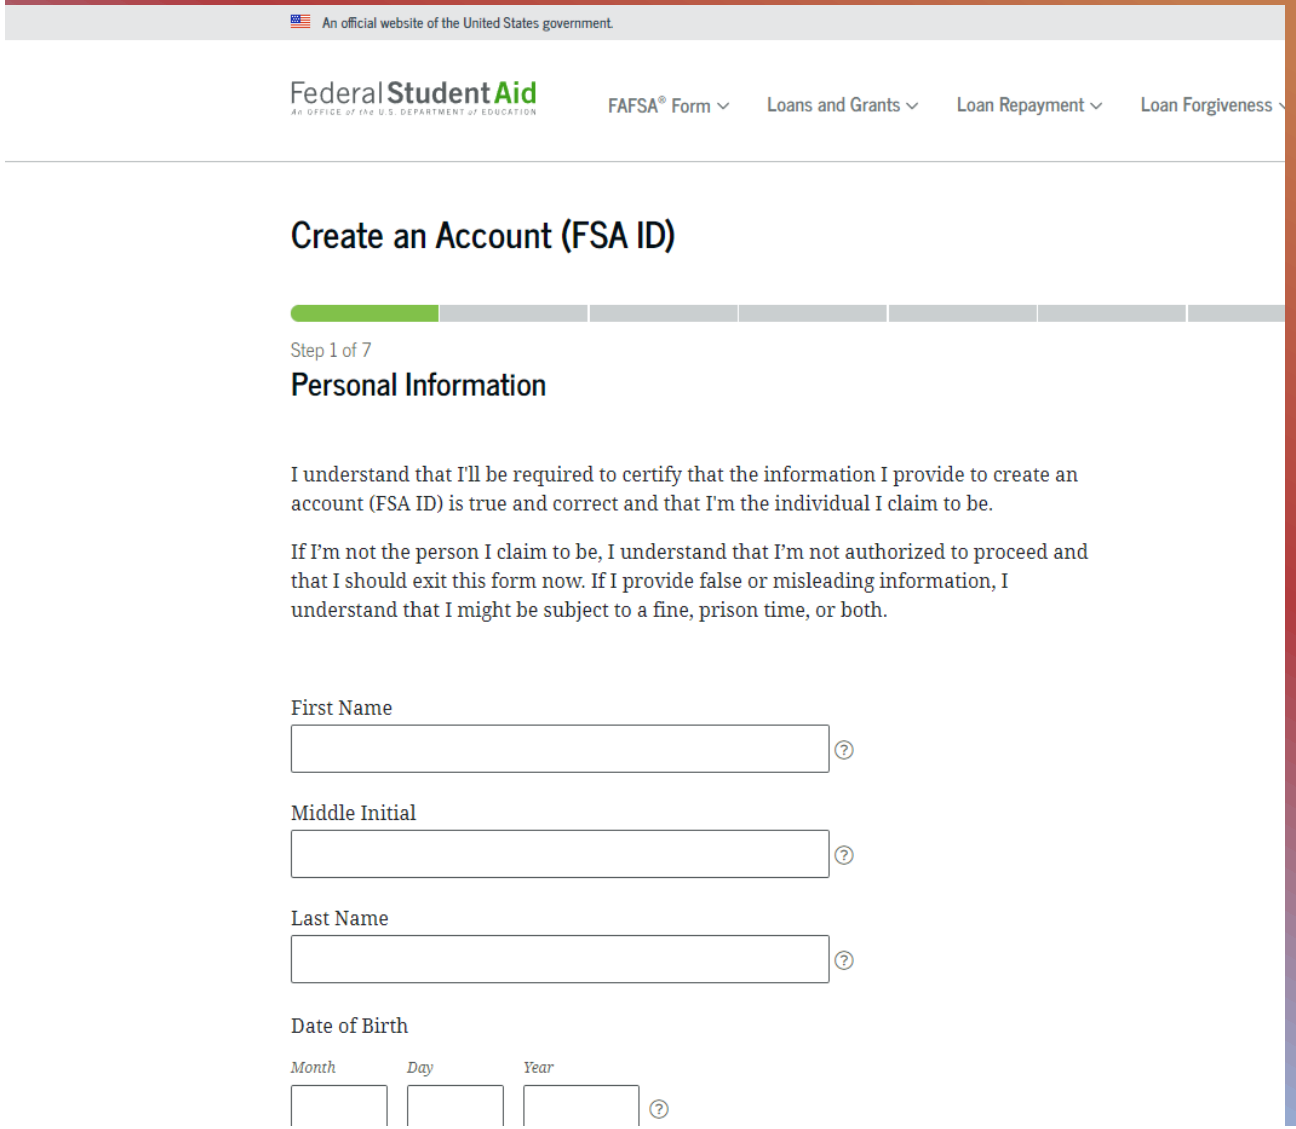

Last Name

Date of Birth

Month *Day* *Year*

Start filling in your personal information

- Make sure your parent(s) create a FAFSA ID
- Your parent(s) will use the same process to create their ID

Once FASFA IDs are created, please have students fill out the following information on the worksheet.

Federal Student Aid

Creating and Using the FSA ID

What's an FSA ID?

The FSA ID is a username and password combination you use to log in to U.S. Department of Education (ED) online systems. The FSA ID is your legal signature and shouldn't be created or used by anyone other than you—not even your parent, your child, a school official, or a loan company representative. You'll use your FSA ID every year you fill out a *Free Application for Federal Student Aid* (FAFSA®) form and for the lifetime of your federal student loans.

How do I get an FSA ID?

Visit StudentAid.gov/fsa-id/create-account/launch to create an FSA ID. You'll need your Social Security number, full name, and date of birth. You'll also need to create a memorable username and password, and complete challenge questions and answers so you can retrieve your account information if you forget it.

You'll be required to provide either your email address or your mobile phone number when you make your FSA ID. Providing a mobile phone number and/or email address that you have access to will make it easier to log in to ED online systems and allow additional account recovery options.

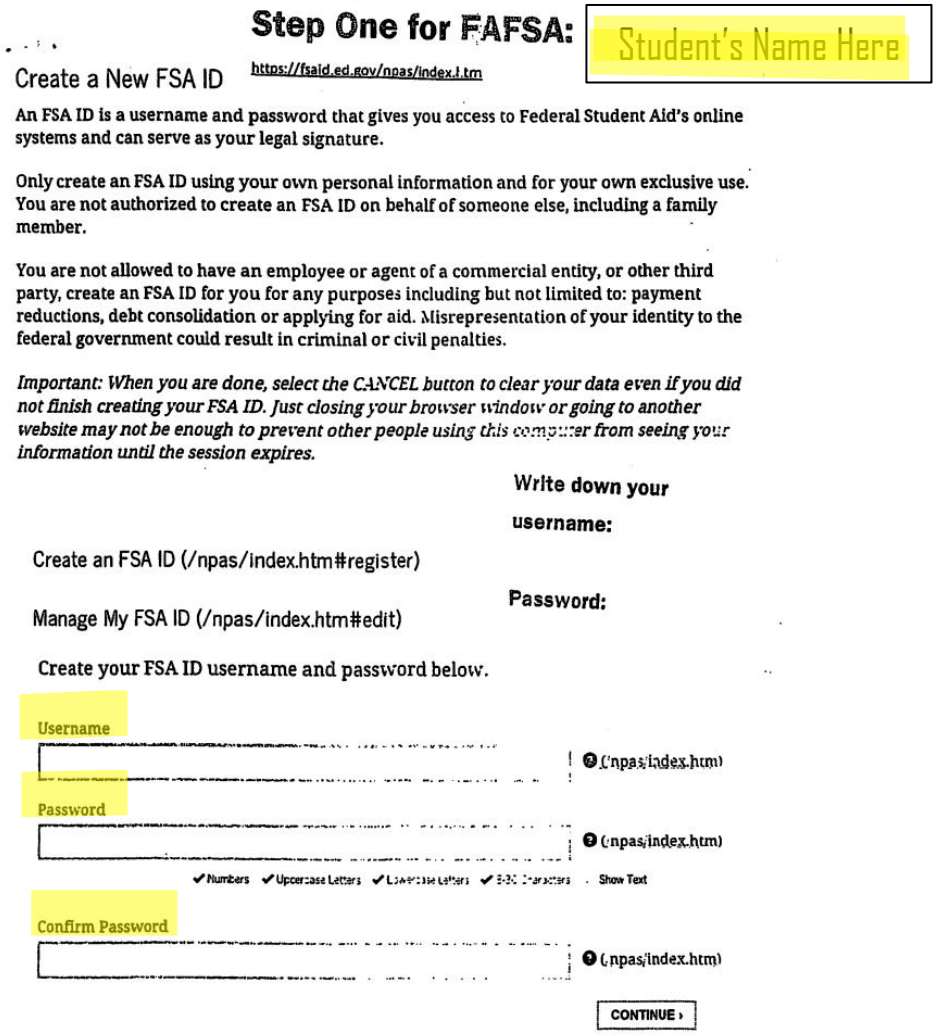

Important: A Social Security number, email address, and mobile phone number can only be associated with one FSA ID. If you share an email address with someone else, then only one of you will be able to use that email address to create an FSA ID.

FSA ID Tips

- If you need to provide information about your parents on the FAFSA® form, one of your parents will need an FSA ID to sign the form. Your parent can create an FSA ID and then sign the FAFSA form electronically using that FSA ID. Not sure whether you'll need to put your parents' information on the FAFSA form? Check out StudentAid.gov/dependency. **Remember**: You should create your own FSA ID, and your parent should create his or her own FSA ID. Also make sure to use the correct FSA ID when signing the FAFSA form electronically.
- When you first create your FSA ID, the use of your FSA ID will be restricted to completing, signing, and submitting an original (first-time) FAFSA form. You'll have to wait one to three days for your information to be confirmed by the Social Security Administration (SSA) before you can use your FSA ID for other actions, such as submitting a FAFSA Renewal or signing a *Master Promissory Note*. If you provided an email address, then you'll receive an email letting you know that your information was successfully matched with the SSA, and you can begin using your FSA ID.
- If you forget your FSA ID username or password, look for the "Forgot My Username" and "Forgot My Password" links on log-in pages. These links will direct you to web pages where you can request a secure code to be texted to your verified mobile phone number or emailed to your verified email address. The secure code will allow you to retrieve your username or reset your password. You can also retrieve your username or reset your password by successfully answering your challenge questions. **Remember**: If you verified your email address or mobile phone number during account creation, you can enter your email address or mobile phone number instead of your username to log in.

Learn more about how you can use your FSA ID at StudentAid.gov/help-center/answers/article/how-can-i-use-my-fsa-id-username-and-password. Find this fact sheet at StudentAid.gov/resources.

May 2021

Step One for FAFSA: Student's Name Here

Create a New FSA ID

https://fsaid.ed.gov/npas/index.htm

An FSA ID is a username and password that gives you access to Federal Student Aid's online systems and can serve as your legal signature.

Only create an FSA ID using your own personal information and for your own exclusive use. You are not authorized to create an FSA ID on behalf of someone else, including a family member.

You are not allowed to have an employee or agent of a commercial entity, or other third party, create an FSA ID for you for any purposes including but not limited to: payment reductions, debt consolidation or applying for aid. Misrepresentation of your identity to the federal government could result in criminal or civil penalties.

Important: When you are done, select the CANCEL button to clear your data even if you did not finish creating your FSA ID. Just closing your browser window or going to another website may not be enough to prevent other people using this computer from seeing your information until the session expires.

Write down your username:
