Project 6928 – Maroa-Forsyth Grade School Bike Path
This project consists of the construction of a new bike path from the end of the existing bike path at the intersection of Cox St at Smith St to the east entrance to the Maroa-Forsyth Grade School. The construction of this project is funded through IDOT's ITEP program so federal procedures must be followed.

Plats and easements for the two easement acquisitions necessary for the project are complete and meetings with property owners to negotiate the acquisitions have occurred. The acquisition documents have been submitted to IDOT for approval. By way of new FHWA requirements, IDOT requests review appraisals be performed. We are currently awaiting these from the review appraiser. AT&T has been contacted and locations for relocating each of their utility poles has been identified and staked. Ameren informed us they will begin work on moving the pole in the next few weeks.

Construction plans and specifications have been submitted to IDOT. Letting is anticipated for March with construction commencing in spring of 2025.

Project 7982 – Forsyth Park LWCF Grant Compliance
This project consists of the construction of initial site improvements to the new recreational park facility located north of W Forsyth Rd and east of N Oakland Ave. The intent of the project is to meet the requirements of the LWCF grant received for funding the purchase of the property.

Tile replacement will begin as soon as the subcontractor is able to remobilize on-site. Seeding and tree installation will be the final items to install once the seed bed has been prepared and the dirt shoulders are graded up to the path and all other work is complete.

Project 8000 – Well No. 7
This project consists of the construction of a new well to backup well #6 and extension of the raw water main to the site.

Burdick and their subcontractors are working with Village staff to complete network setup, controls integration, and system startup. This week Burdick and Peerless personnel have been on site to install the well water level sensor and complete the pump lubrication system.

Project 8498 – Advisory Services

US Route 51 Improvements

This project consists of coordination responsibilities with IDOT to communicate the Village's vision on the proposed improvements. Chastain and Staff are currently working with IDOT and the contractor to get the median seal coated.

Project 8594 – Moon St Sidewalk Improvements
This project consists of reconstructing sidewalks along Elwood St and Smith St from Ruehl St to E. Shafer St (CH 20) and along Moon St from Grant St to the future bike path along the old RXR ROW east of Smith St. The project is now ready for design and a contract for the design and bidding will be forthcoming once the Village has an approved budget for 2025.

Project 8595 – Barnett Ave Improvements
This project consists of the rehabilitation and/or reconstructing Barnett Ave from the mall entrance to Koester Drive. The construction of this project is being funded by DUATS federal funds so federal procedures must be followed. The Phase I is being processed as a State Approved Categorical Exclusion.

Project 8700 – Water Towers, Ground Storage Tank, & Aerator Maintenance
This project consists of painting and general repairs on the two water towers, the ground storage tank at the water treatment plant, and the aerator standpipe at the water treatment plant. This project is anticipated to utilize an IEPA loan to fund the construction.

The Project Plan for an IEPA Loan application has been submitted to the IEPA. Awaiting approval of the Project Plan. The IEPA construction permit was received.

Project 8811 – Pavement Striping Design & Bid
This project consists of establishing a striping plan for the Village (with the exception of Woodland Hills which is scheduled to be rehabilitated in 2025 and there is no reason to stripe it at this time), finalizing quantities for the striping to include for the contractors for bidding, and bidding services. The contractor completed the first portion of work which included new centerlines, stop bars, and pavement symbols around town. A supplement to do more work under this contract has been approved and work will finish in the spring.

Project 8821 – Parking Lot A Reconstruction
This project consists of removing and reconstructing Parking Lot A with the addition of storm sewer and underground detention. The existing water main encountered has been lowered and the contractor is finishing installing and backfilling the underground storm sewer detention system and associated storm sewer.

PUBLIC WORKS DEPARTMENT

The Public Works Department consists of four separate divisions in the budget, with one (1) Public Works Director/Water Plant Operator (full time), one (1) Building Inspector/Water Plant Operator (full time), and Six (6) Public Works Maintenance Technicians (full time) employees. In addition, four (4) Park Technicians (seasonal employees) are hired during the summer. The Street and Park Departments are funded by the general fund; the Water & Sewer Departments each have their own fund. Code Enforcement is also a division of Public Works and is funded from the General Fund.

STREETS:

The Village has over 23 miles of pavement. Repairing of potholes, crack fill, and paint striping are done by Village crews. Right-of-Way maintenance is a responsibility of the department and includes Route 51 within the village limits. We also maintain traffic signals and lighted street name signs. The street lights are cost shared 50/50 with I. P. Ameren. Winter maintenance snow and ice control is included, as are other seasonal activities such as mowing and litter control.

PARKS:

The Village has one large 75 acre main park and six small neighborhood parks. The main park has 5 ball diamonds, 2 batting cages, 2 concessions, 3 pavilions, 4 restrooms, 3 tennis courts with lights, play equipment, a wildlife observation stand, soccer fields, disc golf, 4 pickleball courts & 2 fishing ponds. Within the Village there are over 5 miles of paved walking and bike trails. All of the neighborhood parks have playground equipment and pavilions.

WATER:

The Village's first water plant was built in 1966 and was expanded several times at the original location of 145 Shafer. In November of 2006 the present plant at 580 East Cox was completed. The water treatment process involves softening and iron removal. The capacity is 2 million gallons per day and the present average treated is 350,000 gallons per day. Our water comes from 4 different wells located in two different aquifers, the Glassford & the Mahomet. Water usage meters are read and billed every month. Staff is on duty 24/7 for emergency calls.

SEWER:

The Sanitary Sewer System was first built in 1984 and continues to grow with four (4) lift stations that pump water from areas that could not be served by the original gravity system. Each station has 2 pumps and alarm systems that notify our staff of malfunctions. Each pump station is served by a generator in the event that power is interrupted.

INSPECTION:

Code enforcement and Building inspection is included in our daily work duties. The Village utilizes Contractual Service to provide plumbing & commercial electrical inspections by inspector who are on call for those duties needed.

LIBRARY DEPARTMENT

The Forsyth Public Library was established in 1983 under the Village Library Act. The Library is a department of the Village of Forsyth and is supported through the Village's General Fund rather than a library tax levy.

The Library Department is composed of the following employees: the Library Director (full time), Assistant Director (full time), Youth Services Librarian (full time), Adult Service Librarian (full time), Graphic Design & Marketing Manager (full time), Library Technician (part time), Library Assistant (part time) and a seasonal Library Assistant (part time, Summer only).

By law a Library Commission of seven members appointed by the Mayor advises and makes recommendations to the Village Board of Trustees and develops library policies.

MOTOR FUEL TAX FUND

The State imposes the Motor Fuel Tax (MFT) and the revenue tax is distributed according to the Village's population. The MFT revenues are received monthly and the funds are held in a separate account by the Village.

The MFT expenses are restricted to street related maintenance, improvements and projects. The Village or Village's Engineer must fill out paperwork and submit the forms to the Department of Transportation. The Department of Transportation will give approval of the expense to use the MFT funds.

The Decatur Urban Area Transportation Study (DUATS) could have eligible through federal funding. There is a nomination and approval process that needs to be gone through in order to be approved for funding. If approved construction cost could be eligible for an 80/20 split. These type of project must also be developed using Federal-aid procedures, including the preparation of a project development report (PDR). Any necessary land acquisition would also be need to follow federal guidelines.

The Department of Transportation completes an Audit and/or compliance check of the Village's MFT Fund. An Audit would be completed if expenses occurred. While a compliance check are done randomly. Even if a compliance check is done the Village would be Audited for that year whenever the Department of Transportation notifies the Village.

Code Number:	**Code Number Name:**	**Code Description:**
32-00-810-8	Water Towers, Ground Storage Tank, Aerator, Claricone Clarifiers & Filter Maintenance (bidding services, construction & observation)	The ARPA have outlined a small list of qualifying expenses to which the funds could be used for. For the five (5) items listed only two would qualify for the village; one of the items could be used in the reduction of revenues due to COVID-19 or the second item listed could be used to make necessary investments in water, sewer or broadband infrastructure. The staff is recommending using these funds for the water and or sewer infrastructure based upon what qualifies under the ARPA regulations. The ARPA funds must be spent by 12/31/2024 however, if a project is in progress you have to 2026 with the last report due by Mar. 2027. This makes up the majority of the increase.

MEMORANDUM

To: Mayor and Board of Trustees

From: Rhonda Stewart, Treasurer

Date: December 17, 2024

RE: Resolution to Amend the Annual Operating and Capital Budget for the Fiscal Year Beginning January 1, 2024, and Ending December 31, 2024.

The Resolution authorizes the adjustment of line items in the 2024 (current) Annual Operating and Capital Budget for the Fiscal year ending December 31, 2024. This resolution allows increasing budgeted amount within the various funds (General Fund, American Rescue Plan Fund, Water Fund and Sewer Fund).

The General Fund revenues we added a new line for land lease (rise broadband agreement). A new expense line was added for the Historical Purchases at the Library (board approved during January 16, 2024, board meeting).

The American Rescue Plan Fund expenses were higher than budgeted due to accounting for the bank interest to be spent and zeroing out the expense line-item Water Claricone Clarifiers. At the time the 2024 budget was being prepared the estimated bank interest came in higher than projected.

The Water Fund expenses were higher than budgeted due to unforeseen services and supplies costing higher than anticipated; Equipment maintenance services (due to pump repairs at water plant), vehicle maintenance service, plumbing inspections, utilities, small tools, janitorial supplies, fuel and miscellaneous (higher cost for products needed to run the water plant).

The Sewer Fund expenses were higher than budgeted due to unforeseen services and supplies costing higher than anticipated; Salaries-Overtime, health/dental/vision insurance (due to staff changes), outsource utility billing fees (more participation of users) utilities, sewer discharge fees (due to higher cost than expected).

While resolution outlines line items are over the 2024 budgeted amounts, overall, most of the remainder of the budgeted line items are under budget. The resolution is normally made at the end of the year for cleaning up the budget while also allowing for back dating 2024 invoices as we move into 2025 to be GAAP compliant.

Suggested motion: to approve the Resolution as presented.
