

TOWN OF NOLENSVILLE, TENNESSEE
REQUEST FOR PROPOSAL FOR
ROCKY FORK ROAD IMPROVEMENTS AT NEWSOM LANE
ADDENDUM #3

Issued: September 1, 2026

Proposals Due: On or Before September 3, 2026 at 2:00pm CDT

Item #1 – Questions and Answers

Questions Received via Email from August 29, 2026 to September 1, 2026:

1. Will a new bid form be sent out? *RESPONSE: Yes. A final bid form is being transmitted to plans holders with Addendum #3.*
2. Can you provide cross section sheets without the seal? The seal is covering the stations on some sheets. *RESPONSE: Yes. Unsealed cross section sheets will be sent to plans holders.*
3. Where is the rip-rap class A-1? I could not find it noted on the plans where this will be used. Normally it wouldn't be a big deal, but the quantity is 1900 tons which is substantial. *RESPONSE: This quantity was included by error and is removed in the final bid form being transmitted to plans holders with Addendum #3. In the interest of time, no plans revision will be made at this time.*
4. On the traffic control plans, sign G20-1 Road Work Next XX Mile has an unusual size of 64"x24". I got with our Traffic Control Manager, and she said TDOT typically requires a 48"x24" sign. How strict is the 64"x24" for the sign? *RESPONSE: Use of a 48"x24" sign is acceptable. In the interest of time, no change to the bid form or plans will be made at this time.*
