

Triennial Assessment Tool

Every three years or more often, if the district desires, the district must conduct an assessment of the wellness policy that is made available to the public. The evaluation must address:

- Compliance with the district policy
- The extent to which the local wellness policy compares to a Model Policy
- Progress made in attaining the goals of the wellness policy

The first triennial assessment should be completed by June 30, 2023, or earlier. The second triennial assessment is due 3 years from the completion of the first triennial assessment. **Districts are required to make the Local School Wellness Policy and Triennial Assessment results available to the public.** **This State Agency template is provided as a guide and is intended to be customized to meet district-specific needs. Please do not download and upload customized document without vetting to ensure alignment with local procedures and ADA compliance.*
