Virtual Schedule

Students must submit assignments by the end of the weekend: Sunday at 11:59 pm.
10% of students' grades in ELA, Math, and Science will be the satisfactory completion of Friday work.

Students are required to meet either the Virtual or Face-to-Face attendance requirements each Friday.

If students are opted out of take-home chromebooks, Friday assignments must be completed using a family-provided device or by attending school on Friday to access district technology.

Please call and excuse your student from school if they will not be able to login for Friday work or attend in person.
