School closing/Snow Day Procedure: The built-in snow days (February 12, March 19, and May 21) will become school days with an early dismissal if weather or other events force school closings. Make-up days will be used in chronological order, beginning with the February 12 date as the first make-up day. If a school closing occurs within 10 days of a built-in snow day, the following built-in day will be used instead. Should all built-in snow days be used, additional make-up days will be added to the end of the school year calendar.
