Show your Wrightstown pride with an official 125th Anniversary T-shirt!

ONLY $5 EACH!

SIZES RANGE FROM ADULT SMALL – 2XL

PICK UP AT VILLAGE HALL

Police Department

National Night Out was another wonderful success! Our community came together for an evening of fun, connection, and getting to know our local first responders. From delicious treats and great music to activities for the whole family, there was plenty to enjoy. Thank you to everyone who joined us and helped make the evening so memorable! Events like National Night Out are a great reminder of the strong community spirit that makes Wrightstown such a special place to call home.

Parking of Recreational Vehicles Ord. No. 206.53

Village Ordinance No. 206.53 Prohibits the parking of campers, motorhomes, boats or canoes and their trailers, personal watercraft and their trailers on your property from November 1 through March 31 unless it is parked inside an accessory private garage or building. Please be sure to have them removed from your property before November 1st. For more information on the ordinance, please visit *ecode360.com/WR1772* which has all the Village Ordinances.

Department of Public Works & Utilities

Seasonal Reminders

I know, I know…but winter is right around the corner! As temperatures begin to drop and snow starts to fall, please keep the following reminders in mind to help keep our community safe throughout the season.

Sump Pump Discharge
Reminder – From November 1st to March 31st every homeowner who has a sump pump discharge through a curb-cut or a hose that discharges directly to the curb & gutter will have to redirect the discharge elsewhere on the homeowner's property.

Sidewalk Snow and Ice Removal
For pedestrian safety, property owners are required to clear snow and ice from sidewalks within **24 hours after a winter weather event**.

Keep Snow Out of the Streets
Please do not shovel, blow, or plow snow into Village streets. Doing so creates unsafe conditions for motorists, violates Village ordinance, and can add to the cost of snow removal operations.

Winter Street Parking
From **November 1st through March 31st**, on-street parking is prohibited between **2:00 a.m. and 6:00 a.m.** Vehicles found in violation may be subject to a fine. If a snow emergency is declared in the Village of Wrightstown, parking on Village streets will not be permitted until the snow emergency has been rescinded.

Give Snowplows Room to Work
If you see a Village or County snowplow in your area, please slow down and give the operator plenty of room. Snowplow operators are constantly maneuvering while clearing roads and may have limited visibility.

Please also avoid parking vehicles on the street following a snowfall. Plowing around parked vehicles requires operators to return later, making snow removal less efficient and increasing costs. Your cooperation helps our crews clear streets safely and efficiently.

Adopt a Hydrant
The Village has nearly **300 fire hydrants** throughout the community to help protect our residents and businesses. We encourage residents and business owners to "adopt" a nearby fire hydrant and help keep it clear of snow and accessible throughout the winter. During a fire emergency, quick access to a hydrant is critical—**minutes count!**

Seasonal Deduct Meters
If you rented a seasonal deduct meter, please remember to return it to the Water Utility Department at the end of the season.

Protect Your Water Lines
To help prevent frozen pipes and other winter water issues, please remove all outside garden hoses and shut off exterior water taps before freezing temperatures arrive.

It is also a good idea to periodically check interior and exterior water lines and fixtures for leaks. Water losses occurring on private property are the property owner's responsibility and will be billed accordingly. Adjustments will not be considered for water lost due to leaks on private property.

Thank you for doing your part to help keep Wrightstown safe, accessible, and prepared this winter.

Curbside Chipping & Yard Waste Disposal
The last day for curbside branch chipping will be **Thursday, November 12th**. After that date, residents may continue to use the **Village's Yard Waste/Compost Site**, located at 886 Mallard Rd, which will remain open until weather permits.

The site accepts grass clippings, leaves, garden waste, and branches or brush up to 4 inches in diameter. Please remember that bags, stumps, roots, firewood, stones, and general garbage are not accepted. When dropping off materials, be sure to empty any bags or containers and dispose of them properly.

Reminder: Yard waste is **not allowed** in curbside collection carts, as this material is banned from landfills.
While the Village does not provide curbside leaf pickup, information on curbside Christmas tree collection will be shared in an upcoming newsletter.

Thank You for Celebrating 125 Years With Us!

Thank you to everyone who joined us for our 125th Anniversary Celebration! It was wonderful to see so many community members come together to celebrate this special milestone. Your support, smiles, and community spirit helped make the celebration truly memorable. We are so grateful to everyone who helped make 125 years of our community worth celebrating! ❤️
