END OF SCHOOL ACTIVITIES

Each grade level will go to Gerald Park for an end of school outing. Permission slips will be sent home soon. It is highly recommended that sunscreen be applied prior to coming to school on activity days such as end-of-school outings, track and field day, etc.
Students may bring their own sunscreen to school on those days to reapply during the day.

Track & Field Day is scheduled for Monday, May 18.
NO FLIP FLOPS OR SANDALS

FROM THE NURSE

If your child has medication at school, it needs to be picked up by a parent or responsible adult by the last day of school. If you are unable to do so, or your child will be attending summer school, please contact the school nurse prior to the last day so that arrangements might be made. Medications left at school will be discarded.

2026-2027 Class Assignments

Students grades K-4 will find out the last day of school who their teacher for next year will be. They will get to go meet the teacher and see who all will be in their class.
