Joint Press Release

Boys & Girls Clubs of Deep East Texas and Lufkin ISD Explore Expanded Partnership to Benefit Students

Lufkin, Texas — The Boys & Girls Clubs of Deep East Texas and Lufkin ISD are pleased to announce that the two organizations have begun discussions regarding an expanded partnership focused on enhancing opportunities for students and strengthening the Lufkin community.

While these conversations are still in the early planning stages and no formal program has been finalized, both organizations share a common vision of creating high-quality after-school opportunities that extend learning beyond the classroom, foster student growth, and provide safe, engaging environments where children can thrive.

The Boys & Girls Clubs of Deep East Texas already operates well-established after-school programs designed to support academic success, character development, healthy lifestyles, and leadership skills. Lufkin ISD Families interested in learning more about Boys & Girls Clubs of Deep East Texas programs and registration opportunities may visit the online registration portal at www.bgcdet.org/after-school-program

"Our discussions are centered on how we can build upon our shared commitment to serving children and families," said representatives from both organizations. "By working together, we believe we can create meaningful opportunities that positively impact students while strengthening our entire community."

As planning continues, Lufkin ISD and the Boys & Girls Clubs of Deep East Texas will share additional information regarding the growing partnership. The organizations are targeting a launch of expanded collaborative programming sometime after the first of the year, pending the completion of planning and necessary approvals.

Together, Lufkin ISD and the Boys & Girls Clubs of Deep East Texas look forward to providing updates in the coming months and appreciate the community's continued support as we explore new ways to serve the students of Lufkin ISD.
