BUILDING BRIGHT FUTURES THROUGH STEAM LEARNING

LEGO® ROBOTICS AFTER SCHOOL CLASSES

Grades K-5 | Hands-On STEAM Learning & Fun!

Grades K-5 | Hands-On STEAM Learning & Fun!

Build and code real robots using a variety of robotics kits! Students explore engineering, motors, sensors, and beginner-friendly block coding through fun, hands-on projects. Students learn at their own pace, and no experience is required. Each session includes 5-6 weekly meetings (1 hour 15 minutes each). **No prerequisite is required**—you do not have to complete Session 1 before joining Session 2. Join Session 1, Session 2, or both!

@Carpenter Hill

FRIDAYS | 3:00-4:15 PM

S1: \$200 (6 DAYS) | S2: \$167 (5 DAYS)

Session 1: 9/4, 9/11, 9/18, 9/25,
10/2 (No 10/9), 10/16

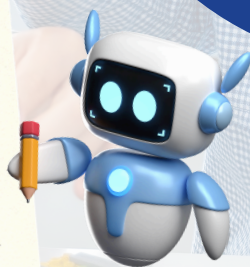

Session 2: 10/23, (no 10/30),
11/6, 11/13, 11/20 (No 11/27), 12/4

@Elm Grove

THURSDAYS | 3:00-4:15 PM | \$200

Session 1: 9/03, 9/10, 9/17, 9/24,
10/1, 10/8

Session 2: 10/22, 10/29, 11/5,
11/12, 11/19, (No 11/26), 12/3

- ✓ Block and Scratch Coding
- ✓ Robotics for all skill levels
- ✓ Hands-on Learning & Problem solving
