Calendar

NATIONALLY RANKED #1 AS AN INNOVATIVE LEADERSHIP DISTRICT

Welcome to the Bellmore Public Schools

On behalf of the Board of Education and staff, we welcome you and your child to the BELLMORE PUBLIC SCHOOLS, A Place Where Everyone "Leads and Learns." We are proud to be recognized as the #1 Lighthouse Leadership School District in New York State.

We are confident that your child will be challenged and motivated and that working together as a "Community of Learners," we can instill the joy of learning. The goal of our outstanding academic program is to help each child reach his/her fullest potential in all academic areas. Our Bellmore Stars Character Development Program, which is embedded throughout the curriculum, is centered on universal Leadership Principles and shared Core Values. Through this program, we foster the social-emotional development of all children, encourage them to grow and learn, and recognize each child as a Bellmore Star Leader.

We have a sincere desire to offer the best possible learning experiences for your child, and we hope that you will become a partner in this endeavor. Please feel free to call your child's teachers and principal with any and all questions and concerns. Your involvement is crucial to your child's success. See the telephone directory on the inside back cover of this guide. Please note that updates to this calendar will be posted on the District website, www.bellmoreschools.org.

The Bellmore Schools are organized into the C.A. Reinhard Early Childhood Center, the Winthrop Avenue School, the Shore Road School and the Administrative Building at the Winthrop Avenue School. An equally fine program for grades 7-12 is provided by the Bellmore-Merrick Central High School District.

The Bellmore Board of Education

The Board of Education establishes policies and adopts resolutions for conducting the business of the public schools. The five members, who serve without pay, are elected by the qualified voters of the District for three-year terms. Responsibility for administering Board policies is vested in the Superintendent of Schools.

Janet Goller ..... President
Leslie Cerverizzo ..... Vice President
Marion Blane ..... Trustee
Jay L.T. Breakstone ..... Trustee
Maryanne Kelly ..... Trustee

Standing from left: Board of Education trustees Maryanne Kelly, Jay L.T. Breakstone and Marion Blane; sitting from left: President Janet Goller and Vice President Leslie Cerverizzo

Board of Education Meetings

All District residents are welcome to attend the Board of Education meetings, which are usually held on the third Tuesday of each month in the Board Room at the Winthrop Avenue School. Dates, times and locations of meetings are listed in this calendar and are posted in each of the school buildings and on the District webpage. These are meetings of the trustees of your school district for the transaction of the business of the District. The annual organizational meeting of the Board is held in July.

Audience participation is welcome at the regular Board of Education meetings. At the beginning and again near the conclusion of each meeting, time is allotted for residents' comments. Residents' interest and support of our public schools will ensure their continued excellence.

General Parent Information

Please make sure that your child has lunch, sneakers, musical instrument, homework, etc., before leaving for school so that he/she will be prepared for the day.

If your child loses anything in school, he/she should go to the "Lost and Found." The articles in the "Lost and Found" are held for a period of one month and then sent to a charitable organization.

School property, such as Chromebooks, instruments, and books, should be treated with respect. If a student loses or damages school property, there will be a charge for the repair and/or replacement. If, for any reason, you wish to see a teacher regarding your child, call the office, state the fact that you wish to meet with the teacher, and the teacher will contact you.

Child Find Identification

The Bellmore UFSD is responsible for Child Find identification and evaluation for all students suspected of having a disability residing within the boundaries of the school district. This includes all children who are in public schools, private schools, being homeschooled, homeless, wards of the state, and/or are preschool/kindergarten eligible, but not enrolled. Early identification and intervention is essential to help ensure school success.

If a child is having significant difficulty with vision, hearing, speech, behavior, experiencing atypical developmental milestones for his/her age, physical impairments or learning difficulty, he/she may be a child with a disability. If you suspect that your preschool (ages 3-5) through grade 6 child may have a disability, please contact Dr. Joanne Dacek, Assistant Superintendent for Instructional Services, at 516-679-2940 for additional information.

School Hours

Four school districts in the Bellmores and Merricks have joined in a cooperative transportation effort. This enables Bellmore to have a uniform school day in all schools. The hours for Bellmore Schools are:

9:10 a.m. to 3:30 p.m. (Grades Pre-K-6)

District Office Hours

The District offices are located at the Winthrop Avenue School, 580 Winthrop Ave., Bellmore, NY 11710. Hours are 8:00 a.m. to 4:00 p.m., Monday through Friday, when school is in session. The offices are also open, but close earlier, on most days when school is not in session.

Code of Conduct

The Bellmore School community is committed to perpetuating a safe and secure learning environment in which children can reach their academic, social and human potential in a manner that acknowledges and respects their differences as individuals and promotes a common good. A crucial factor in having a well-rounded child is a provision in the District for discipline to promote respect. In accordance with requirements of the State Education Department SAVE legislation, Chapter 181 of the Laws of 2000 ("Safe Schools Against Violence in Education Act"), the Board of Education has adopted a Code of Conduct, along with Safety and Security Plans. These documents have been distributed throughout the District and are available for review in all schools. The Code of Conduct is also on the District website, www.bellmoreschools.org.

Guidelines and Policies

Visitation Policy

For the safety and security of our students, only one entrance to each building is used during school hours. Visitors must have an appointment to gain entry to our schools. Each door has an electronic lock, and you will need to press an intercom buzzer and identify yourself before the door will be unlocked. ALL PARENTS AND VISITORS MUST REPORT TO THE ENTRANCE PERSONNEL UPON ENTERING THE SCHOOL.
Custodians are aware of outside organizations that have permission to use our schools and admit individuals attending approved activities after 4:00 p.m. Students and parents may not enter classrooms after 4:00 p.m.

Attendance Policy

New York State law requires that all school districts adopt an Attendance Policy. That policy will be shared with parents and staff members each year. Absence, lateness or early departure from school are legally permitted for the following reasons: personal illness, serious illness or death in the family, contagious disease in the household, weather that makes travel to school unsafe, medical appointments or required court appearances that cannot be arranged for another time, and approved religious observances. All other absences are considered illegal and must be so recorded on the student's record. Similar regulations apply to latenesses.

It is required by law to have a written excuse each time your child is absent or tardy. The excuse must state the reason and the date(s). If the reason is illness, it is not enough to state that the child was sick. The excuse has to indicate what the sickness was – cold, headache, virus, sore throat, fever, etc. A child who has had a contagious disease should also have a note from their physician attesting to the child's readiness to resume school activities.

If your child is going to be absent, please call the office and inform the school of the reason for absence. Your cooperation will save us much time and effort. These calls, however, do not take the place of a written excuse upon the youngster's return to school.

Please try to schedule doctor or dental appointments before or after school hours.

It is important that you know that the school office will call you shortly after attendance is taken if your child is not in school and we have not received advance notice of your child's absence.

Releasing Children From School

For the protection of your child, all teachers have been instructed not to release a pupil from class unless directed to do so by the office. Requests to excuse a child at a time other than regular dismissal must be directed to the building principal. The parent must email ahead of time or present the office with written permission to release the child at the time of the pickup. If the designated child care person is not known to the school, proper identification is required. Children will be released to individuals other than their legal guardians only on the written authorization of their legal guardians.

Requests for early release should be the exception, not the rule, and will be approved only on this basis.

Emergency School Closing

When regularly scheduled classes are canceled because of inclement weather or other emergency situations, a message will be sent by telephone and/or email through our mass communication system. School closing announcements will also be made by radio stations: WALK – 97.5 FM, KJOY – 98.3 FM, WHLI – 1100 AM, WNBC and TV: News12 Long Island, WABC. Closings are also posted on the District website: www.bellmoreschools.org.

Transportation Policy

Section 3635 of New York State Education Law mandates that transportation be provided for pupils in grades K-6 who live more than 2 miles but not more than 15 miles from the school they legally attend.

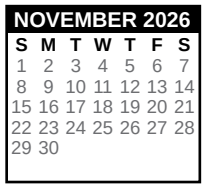

Transportation for lesser or greater distances may be provided by a vote of the District. The general policy regarding provision of transportation for school children in the Bellmore School District is as follows: grades 1-6, over one-half mile; all kindergarten children are eligible regardless of the distance. This policy is applicable to public schools and to nonpublic schools situated up to 15 miles from a pupil's residence. Parents of children attending nonpublic schools are required by law every year to file a formal request for transportation for their children prior to April 1 preceding the school year involved. A separate request form must be submitted to the Business Office for each child to be transported.

With the exception of students with disabilities, distance is the sole determination of general eligibility for transportation. Distance is measured by a mapping company via the nearest available route from the center of the street opposite the front door of a residence along the center line of streets to the curbline of the nearest usable entrance to the school grounds.

Mileage determinations may be appealed in writing to the Bellmore Union Free School District. All requests for a resurvey must be accompanied by a certified check made payable to the Bellmore UFSD in an amount to be determined by the mapping company. A resurvey will be conducted, and if it is determined that the original measurement is incorrect, the check will be returned. If the original measurement is accurate, the check will be used to defray the cost of the measurement. In all cases, the figures arrived at will be final.

Note: Only those children entitled to bus transportation may ride the bus to and from school.

Safety Guidelines for School Bus Children

The following list of rules has been established to protect the safety of children who ride the school bus. Please review them carefully and periodically with your children.

- Use a safe route while walking to the bus stop.
- Arrive at the bus stop on time.
- Wait for the bus in an orderly manner. Respect the homes adjoining the bus stop area. Be careful of property at and near bus stops so that lawns, hedges, fences, trees, shrubs and buildings are not damaged.
- Get on or off at your assigned bus stop.
- Show integrity and obey your bus driver. The bus driver is responsible for the safety of the passengers on the bus, as well as the safe operation of the bus, and has full authority at all times.
- Once the bus arrives, board quickly and walk safely to find a seat. Remain seated from the time you enter the bus until you leave. Respect the bus and bus seats.
- Keep the aisle clear. Make sure to keep feet and legs out of the aisles. Hold books, small musical instruments or other belongings on your lap. Large musical instruments such as baritones, trombones, etc., and large projects are not permitted on school buses. Alternate arrangements should be made for transporting these objects.
- Demonstrate respect and teamwork to keep everyone safe. Speak in an inside voice. Show integrity and be considerate to the other students on the bus.
- Be careful when getting off the bus. Use the same precautions leaving the bus stop as you do when approaching it. Keep away from the side of the bus as it pulls away.
- Cross at least 10 FEET in front of the bus to enable the driver to see you crossing.
- Report safety violations to your school principal's office as soon as possible.
- Children are only allowed to go home on their assigned bus. In an emergency, the school principal may give special permission and allow for a special arrangement.

ANY INFRACTIONS OF THE ABOVE SAFETY RULES WILL RESULT IN APPROPRIATE DISCIPLINARY ACTION AS DETERMINED BY THE SCHOOL ADMINISTRATION. IF NECESSARY, SCHOOL OFFICIALS MAY SUSPEND A CHILD'S BUS RIDING PRIVILEGES.

Safety Suggestions for Parents

- Have an alternate plan to get your child to school if, for some reason, the bus does not arrive in the morning. If for some reason your arrival at home is delayed in the afternoon, make sure you have arranged for alternative care. You may wish to call the school so your child can be notified.
- Put identification labels on your child's books, lunch box, school bag, etc. If you do not wish to use your address or phone number, put only the school information on the tags.
- If your child does not arrive home in a timely manner, contact the school or the Transportation Office at 516-679-2907. After 4:30 p.m., call Guardian Bus Company at 516-SAFE-BUS (723-3287).
- It is most important for the school to have a current phone number on file in case of an emergency. Should your number change during the year, please notify the school office.

Should you have any concerns regarding safety on our buses, please feel free to contact the Director of Facilities and Transportation at 516-679-2907. We realize that you share our concern for the safety of your children. Your thoughts and ideas regarding this are always appreciated.

Asbestos Inspection

In accordance with 40 CFR §763.84.c, this statement is to be regarded as the District's annual notification to all workers, students and/or their legal guardians that the District continues to maintain its Asbestos Management Plan (AMP) which documents all performed or planned asbestos-related inspections, response actions and post-response action activities, including periodic reinspection and surveillance activities within the school district. A copy of this AMP is available for review and/or inspection at the District's Office of the Director of Facilities, and in the Main Office in each school building.

Pesticide Notification

Bellmore UFSD is required to maintain a list of staff and persons in parental relation who wish to receive 48-hour prior written notification of pesticide applications. If you would like to be notified, please request a Request for Pesticide Notification Form from Notification Coordinator Joseph Fiorino, 580 Winthrop Ave., Bellmore, NY 11710. If you have any questions regarding this policy, please contact Mr. Fiorino at 516-679-2907.

Sex Offender Notification

To provide parents/guardians and residents with information concerning convicted sex offenders who are living in the District, the District benefits from a no-cost sex offender email alert notification program. Parents for Megan's Law (PFML) will email district residents who have registered, informing them of any new sex offender's presence and directing them to their website, where they can access a full copy of the notification. If you have not already registered to receive current or future sex offender notifications, please contact the Parents for Megan's Law Helpline at 631-689-2672 or go to their website at www.parentsformeganslaw.org and click on the "Sex Offender Email Alert Registration Program" link on the homepage.

Family Educational Rights and Privacy Act (FERPA)

Under the Family Educational Rights and Privacy Act (FERPA), no personally identifiable information about any student, other than information classified as student directory information (i.e., name, address, grade, school), may be released to a particular person or agency without the written consent of the parent. District policy limits access to directory information.

The District gives notice of intention to provide, release or publish directory information pertaining to students in district and school publications, on its website, in social media and in news releases, as well as in newspapers and television stations and their websites. Parents who do not desire the release of this directory information must make a specific request in writing to the Superintendent of Schools.

FERPA also enables parents of students to review, obtain copies (for a reasonable fee) and challenge the accuracy or fairness of the students' education records. Information regarding specified procedures to obtain access to education records can be obtained through the office of each school or from the Assistant Superintendent for Instructional Services.

Complaints regarding the District's failure to make records available or to respond adequately to challenges about accuracy or fairness should be forwarded to the Office of the Superintendent of Schools. Subsequent complaints may be filed in writing to the Family Educational Rights and Privacy Act Office, Department of Education, 330 Independence Ave. SW, Washington, DC 20201.

Grading Procedure

The Bellmore School District progress report utilizes New York State standards and the Bellmore curricula to reflect the progress and performance of each child as compared to grade-level expectations. Rubrics reflect the method used by the New York State Education Department to measure student achievement as compared to the state standards.

4 - **Exceeds Grade-Level Standards** – Consistently applies and extends learned concepts and skills independently.

3 - **Meeting Grade-Level Standards** – Demonstrates an understanding of learned concepts and skills.

2 - **Approaching Grade-Level Standards** – Demonstrates a basic understanding of concepts and skills with support

1 - **Below Grade-Level Standards** – Demonstrates minimal understanding and requires significant support to learn concepts and skills

Special subject areas as well as work habits and social development employ this rubric:

C - Consistently

M - Most of the Time

S - Sometimes

N - Not Evident

Homework

Homework should be individualized to augment regular classwork when necessary or deemed advisable by the teacher. It will be of reasonable difficulty, carefully assigned and of reasonable length.

District Intranet and Internet Policy

The Board of Education considers a computer network to be a valuable tool for education and encourages the use of computers, SMART Boards and computer-related technology in District classrooms. The Board encourages computer network use as an integral part of the curricula. In accordance with this philosophy, the Board of Education has made the use of the District's computer system consisting of software, hardware, computer networks and electronic communications systems available to students and teachers. This may include access to the internet. The goal of the Board in providing this service to teachers and students is to promote educational excellence in schools by facilitating resource sharing, innovation and communication.

The District's Acceptable Use Policy will be posted on the District website to provide notice to parents and students of the school's requirements and expectations as well as students' obligations when accessing the District's computer system.

With access to computers and people all over the world comes the availability of material that may not be considered to be of educational value in the context of the school setting. As such, the District has taken precautions to restrict access to controversial materials. However, on a global computer network, it is impossible to control all materials. Therefore, in addition to the use of technology protection measures, appropriate monitoring of students' online activities is also enforced when students access the internet. All proper safety procedures and controls will be reviewed and updated on an ongoing basis.

As this is a District service conducted on school equipment, there is no expectation of privacy. The District reserves the right to examine any and all materials and/or data that resides on the District intranet or internet services.

Parents who wish to have additional information about this Intranet and Internet Policy should contact the building principal in writing. For additional information regarding the District's technology policies, please see the website, www.bellmoreschools.org, in the Publications and Notices section under the District tab.

Internet Enabled Devices

As mandated by New York State's distraction free school policy, students will be required to place all personal internet-enabled devices (e.g., cell phones, smart watches, etc.) in their backpacks and store them in their cubbies during the instructional day. To contact your child during school hours, please call or email the school's main office.

Standardized Testing Program

Each year, as part of an ongoing assessment of our instructional program, we administer a series of standardized tests designed to determine whether your child's achievement is generally in line with his/her abilities. This information, combined with information about your child's daily performance, gives us a picture of your child's total progress and assists us in determining the need for adjustment in our instructional program.

The following is a list of these assessments:

- New York State English Language Arts Assessment and Math Assessment (Grades 3-6)
- New York State Elementary Science Assessment (Grade 5)
- InView Assessment (Grade 3)
- Measures of Academic Progress (MAP) (Grades 3-6)
- MAP for Primary (Grades K, 1, 2)

Students in grade 3 will take the InView Assessment in January. The New York State English Language Arts Assessment is administered to students in grades 3-6 during the month of April; the New York State Mathematics Assessment is administered to students in grades 3-6 during the month of April. The New York State Science Assessment is administered to grade 5 students in May. The MAP and MAP for Primary will be administered in the fall and spring.

If you have any questions about the standardized testing program, please feel free to contact your child's principal.

Gift Policy

There may be times during the year when some students or parents may wish to express appreciation to members of the staff. If you or your child choose to express your appreciation with a gift, it is suggested that it be a small gift that is homemade or handmade. Such gifts are treasured every bit as much, if not more, than commercial items. If you do decide to purchase a gift, perhaps joining with other parents to do so, remember that District policy forbids school employees from accepting any individual or group gift having a value of $75 or more. Please do not put employees in the difficult position of having to refuse such gifts.

Jewelry Safety Policy

Safety concerns have led to the development of a policy regarding the wearing of jewelry during regular physical education activities. The policy is as follows:

To assure the safety and well-being of students, jewelry such as rings, watches, bracelets, necklaces and earrings should not be worn to school when a student is scheduled for physical education classes. Students who wear jewelry to school on the days of their scheduled physical education classes shall be personally responsible for its removal before class and for its safekeeping during class. Students not adhering to this policy may be excluded from participation in scheduled physical education classes. Lack of adherence to this policy may also be reflected in a student's progress report. The school district shall not be responsible for lost or misplaced jewelry.

We ask that you help your child abide by this policy by reminding him/her of the inadvisability of wearing jewelry that could get caught in clothing, equipment, hair, etc., or that if pressed or tugged could cause injury to the wearer, on any day he or she is liable to be engaged in active physical activities, whether in scheduled physical education classes or on a playground. **Further, if you elect to have your child's ears pierced, we urge you to do so during the summer months so that by the time school starts, the child will be capable of removing the earrings when necessary.**

Lunchtime

Good nutrition is stressed in our curriculum and in our cafeterias. The District offers hot and cold balanced lunches in our Bellmore Stars Cafés located in all three schools. Sandwiches and various à la carte items may also be purchased. Menus will be posted beginning in September on the District website, www.bellmoreschools.org, under the Parents tab.

Parent/guardians may establish a prepaid account for their child by sending in payment to their child's school, thus eliminating the need to bring money every day. Parent/guardians may also create an online account on MySchoolBucks.com to view student lunch activity and also to make credit card or electronic check payments. More details and specific procedures will be sent home in late August. For the upcoming school year, we will participate in the New York State Child Nutrition Universal Free Meals Program which provides free lunch to all students. Household Eligibility forms may be completed this year to determine eligibility for additional State and Federal program benefits, including Summer Electronics Benefit Program (EBT). Forms will be mailed home and are also available in the school office.

In each school cafeteria, there will be a special lunch table designated for children with medically diagnosed food allergies. If your child has a food allergy, please inform the school principal or nurse immediately.

Consideration for others and good behavior should be the rule at all times. It is expected that rules of common courtesy will be followed by the children in the cafeteria.

If a child does not behave appropriately in the cafeteria or on the playground during lunchtime, the child may lose the privilege of being with other children during that period. It may then become necessary for the parents to meet with the building principal to make alternative arrangements for lunchtime.

Annual Budget and Trustee Vote

Voter Registration Information

The Bellmore Union Free School District has an annual budget and trustee vote. You must be registered in order to vote. You will be eligible to vote on May 18 if your name appears in the general election list of the county, or if you have registered with the school district to vote by May 13. You may register in the Superintendent's Office on any day that school is in session, from 8:00 a.m. to 4:00 p.m.

Presupuesto Anual y Voto Fiduciario

Registro de Votantes

El Distrito Escolar Libre de Unión de Bellmore tiene un presupuesto anual y voto fiduciario. Para poder votar, usted tiene que registrarse. Usted podrá ser elegible para votar el día 18 de mayo si su nombre aparece en la lista general de elección del condado, o si se ha registrado con el distrito escolar en el día 13 de mayo. Puede registrarse en la Oficina del Distrito cualquier día en que la escuela este en sesión durante las horas de 8:00 a.m. a 4:00 p.m.

Health Services and Guidelines

Health Examinations

In addition to first aid and physical inspection, nurses keep records of students' height and weight and check students' vision and hearing each year. The school nurse is always available for consultation.

Immunization

According to New York State law, students will not be permitted to continue attending school or school-sponsored programs if they have not met the immunization requirements. Each school nurse maintains a complete list of diseases requiring immunization. These include polio, rubella (German measles), measles, mumps, tetanus, diphtheria, pertussis, hepatitis B and varicella. It is now required that all children entering kindergarten and first grade must have two doses of the Measles/Mumps/Rubella (MMR) immunization.

Contact Information Forms

It is most important that the Contact Information Forms given to your child at the beginning of the school year be returned to the school nurse, listing the name and telephone number of two responsible adults **(one of whom must live in Bellmore)** who are to be notified if you are not readily available. The individuals you choose for this responsibility should be available to come to school during the day to pick up your child if necessary. The annual health survey on the back of the card must also be completed.

Medication

If medication prescribed by your physician must be taken during school hours, please contact the school nurse. **The school may not give the child any medication unless there is written direction from the family physician and parent.**

Other

It is not uncommon for schools to have occasional incidents of head lice. Please encourage your child not to share combs, hats and other personal items. The school nurse must be informed immediately if your child has head lice so the entire class can be checked. Please contact the school nurse if you have any questions about detection or treatment.

Parents will be notified by the school nurse if any problems should arise. Please feel free to contact the school nurse if you have any questions or concerns.

Substance Abuse Policy

It is the policy of the Bellmore School District to promote healthy lifestyles for students and staff using appropriate instructional strategies and to prohibit the use/abuse of alcohol, tobacco and other substances within its jurisdiction. **Bellmore is a substance-free district in which smoking is prohibited in all school buildings and on school grounds.** No person may use, possess, sell or distribute alcohol or other substances, nor may use or possess drug paraphernalia on school property or at school-sponsored events, except drugs as prescribed by a physician. Further, any person exhibiting behavior, conduct, or personal or physical characteristics indicative of having used or consumed alcohol or other substances shall be prohibited from entering school grounds or school-sponsored events.

Public Information

The Bellmore School District publishes its newsletter, Lead and Learn News, throughout the school year and provides news to local newspapers through the principals and District administrators. In addition, the District website, www.bellmoreschools.org, contains information about school activities. Bellmore Star highlights are also posted on X (formerly Twitter) at @bellmoreufsd and Instagram at @bellmorestarleaders.

A detailed budget brochure is mailed to every resident. The District also provides general information in this Parent Information Guide and Calendar.

Parents are apprised of school happenings through special bulletins from principals, administrators and Parent-Teacher Association notices and newsletters.

Community Use of School Facilities

Qualified not-for-profit, nonsectarian organizations, with memberships consisting of a large part of Bellmore residents, may be granted the use of school facilities upon payment of any necessary fees. All nonschool user groups will be assessed a fee when their use of facilities requires the presence of custodial personnel not normally on duty at that time.

School functions, whether regularly scheduled or rescheduled, shall have overriding priority. An application form must be filed in the Office of the Superintendent of Schools at least 10 working days prior to the date on which the facility is needed.

No use of school facilities will be authorized unless a permit is issued.

Parent-Teacher Association

Active involvement in PTA is one of the many ways parents can participate in their children's education. It is a national volunteer organization founded in 1897 and dedicated to the improvement of education, health and safety, and care and protection of children. There is one PTA that represents all three schools. Each unit is an active group working toward the same goals shared by the District as a whole – excellent educational opportunities for all Bellmore youngsters.

PTA sponsors a wide variety of special activities for students and parents throughout the year. During the annual Founders' Day celebration, PTA honors those staff members, parents and community members who have made outstanding contributions to the children and to the organization's goals and objectives.

The interest and involvement of parents in education is a vital part of the process, and PTA invites all parents and teachers to join in and participate. Contact your unit co-presidents, and find out how you can help.

Community Parent Center

The Community Parent Center is located at the Brookside Administration Building. Parents of the Bellmore School District are welcome to avail themselves of the meetings and resources available at this site. Focusing on parenting issues and family wellness, the center is committed to working with local parent and community organizations to provide information, resources and the opportunity to be part of a successful parent network.

If you would like more information about the Community Parent Center, would like to assist in the work of the Parent Center, or if you have any thoughts or suggestions for programs or workshops that you would like to see implemented, please call 516-771-9346.

Makeup Days

The Board of Education has identified several makeup days. These days will be June 28, 29 and 30 and will be used should it be necessary to make up a day.

Nondiscrimination Policy

The Bellmore Union Free School District complies with federal, state and local laws and regulations with regard to educational opportunities which make discrimination illegal.
