Student Behaviors: Positive Behavior Interventions and Supports (PBIS)

At Taholah School District we encourage students to choose positive behaviors for the benefit of themselves and others instead of behaviors that cause problems for themselves and others. At Taholah we understand that a positive school climate is essential to positive student outcomes. With this said, we are looking forward to working closely with you as the parent/guardian to ensure this is a positive experience for your child as they take part in their educational journey.

Taholah School District Will:

- Encourage and support students to take charge of their own behaviors.
- Consistently enforce the Parent Student Handbook
- Make sure we are in contact with you as the guardian as positive partners working in collaboration.

Your signature below signifies that you are in support of the above behavioral interventions and supports TSD uses.

Student Field Trip Waiver (Grades K-8):

I give permission for my child to participate in field trips and neighborhood walks around the community, which might include a trip to the beach and/or other learning experiences. All field trips and walks are taken during school time and are supervised by Taholah School District Employees.
