

In Case You Missed It...

Bentley Board of Education

LEARN TODAY. LEAD TOMORROW.

August 10, 2026

In case you missed this week’s Regular Board of Education meeting...

- The district is moving forward with upgrades to the baseball field. Plans were shared for the removal of current dugouts, backstop, and related concrete as well as for the excavation necessary for the new pressbox/concession stand and the pouring of cement for new dugouts, bleachers, and trench footing for the pressbox.
- Due to very low interest, Barhitte will not offer a developmental kindergarten this year.
- The social emotional lessons will continue to be offered at Barhitte.
- The district has been in communication with several different playground providers. A committee of Barhitte staff and board members will determine the specific equipment to be bid.
- There was an informational presentation regarding the implications of establishing a community foundation as well as a foundation for the federal scholarship tax credit (FSTC). We will await greater clarity on the FSTC before deciding how best to proceed.
- All classes kindergarten through twelfth grade which will be offered in the 2026-27 school year were approved.
