MEMO

TO: Parents, Guardians and School Employees

FROM: Todd Messer, Facilities Director

DATE: July 1, 2025

SUBJECT: Annual Notification regarding AHERA Asbestos Compliance for 2025-2026 School Year

This notice is being issued to concerned individuals. **Clinton County Schools** meets both national and state regulations that relate to asbestos-containing building materials that were used in building construction in past years.

An inspection for building materials that contain asbestos has been completed for all buildings owned, leased or otherwise occupied by **Clinton County Schools**. This inspection has been conducted by a certified inspector and the sampled materials were evaluated by an accredited laboratory. Building materials with as little as one percent (1%) asbestos content have been identified and have been made a part of an Asbestos Management Plan for the school.

A complete Asbestos Management Plan for the school is on file at the office and is available for your review.

We will continue to notify the public at least once annually on the status of the Asbestos Management Plan. Should it be necessary, more frequent updates will be issued from additional inspections, normal surveillance practices, response actions or remodel work that might disturb building materials that contain asbestos. Every precaution will continue to be used in order to protect the well-being of students and employees of **Clinton County Schools**.
