Noticing the Good!

Behind the Scenes: Roosevelt's Audio Visual Club Brings School Events to Life!

The Audio Visual (AV) Club at Roosevelt High School – Early College Studies is giving students an exciting opportunity to explore technology, creativity, and teamwork while playing an important role in our school community.

From operating cameras and microphones to managing sound, lighting, and multimedia presentations, AV Club members help bring school events, assemblies, and special activities to life. Along the way, students develop valuable technical, communication, and problem-solving skills.

The club also provides hands-on experience in media production and digital technology, introducing students to potential careers in broadcasting, film, and communications.

Whether working behind the camera or behind the scenes, AV Club members are helping capture Roosevelt's school spirit, one event at a time!
