Welcome back, Cardinals! Wishing everyone a fantastic September!

Principal's Message

Welcome Back, Siragusa Families!
We are happy to welcome our students and families back to the Rosemarie Ann Siragusa School for another wonderful school year! Our school has been busy preparing for a successful year. Over the summer, our facilities received important security upgrades, including alarmed doors and additional cameras, to help ensure that our students and staff learn and work in a safe and secure environment.

Our teachers have also been hard at work preparing intentional, engaging learning environments designed to support our district pillars of Empowerment, Advancement, and Engagement. As you visit classrooms throughout the year, you will see these pillars come to life as our students develop the knowledge, skills, and characteristics reflected in our Portrait of a Graduate. We want every student to feel empowered to learn, encouraged to grow, and engaged in their school community.

This year also brings some exciting improvements to our Literacy curriculum. We look forward to sharing more information with families during our upcoming Open House on Thursday, September 24th. This is an important evening for families to meet your child's teacher, learn about what your child will be learning this year, understand our instructional priorities, and discover how you can partner with us to support your child's success.

Thank you for entrusting us with your children and for being an essential part of the Siragusa community. Here's to a year filled with learning, growth, belonging, and success!

Ms. Vancol

NYS Portrait of a Graduate in Action at Siragusa

Did You Know?
This year at Rosemarie Ann Siragusa, we are bringing the New York State Portrait of a Graduate to life! Our students will have opportunities every day to build the skills they need for success beyond the classroom—through collaboration, communication, creativity, critical thinking, leadership, and problem-solving.
You'll see our Portrait of a Graduate reflected in classroom learning, student projects, PBIS, leadership opportunities, and celebrations throughout the year.

Our goal is simple: We want every Cardinal to leave Siragusa not only knowing more, but knowing how to use what they know to make a difference!
