SCHOOL CHOICE
2026-2027

#YONKERS *Magic*

WELCOME TO THE SCHOOL CHOICE PROCESS!

Dear Families,

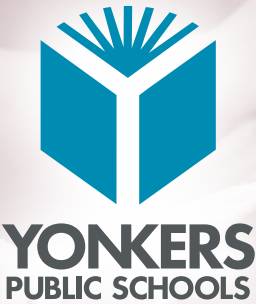

Choosing the right school is an important step in your child’s journey, and the 2026-2027 School Choice Guide is here to help. Guided by our Strategic Plan, Yonkers 2030: Community Driven, Data Informed, Excellence Defined, Yonkers Public Schools is committed to empowerment, advancement, and engagement - ensuring every student has the opportunity to thrive.

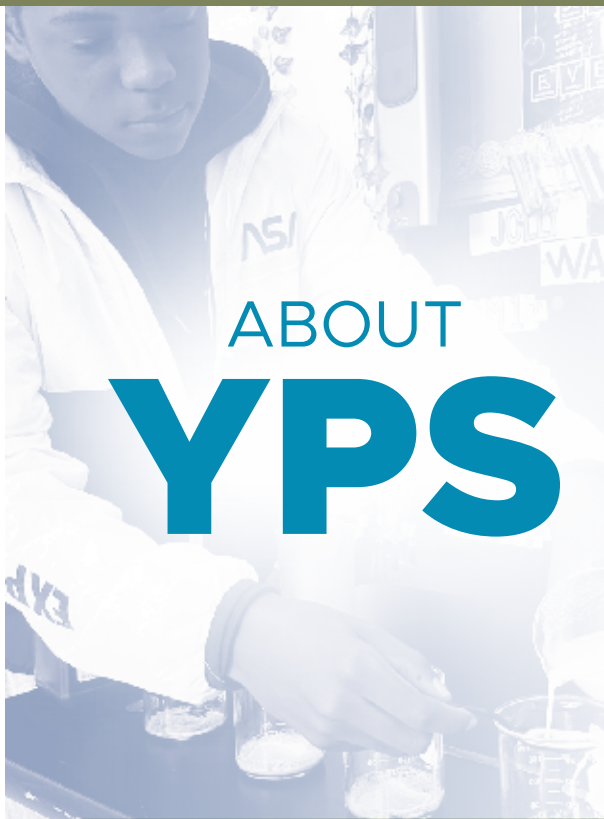

We invite you to visit our schools, meet our educators, and experience the energy of our classrooms. Family involvement is central to our vision, and through parent-teacher associations, school programs, and community partnerships, we create the Yonkers Magic that makes extraordinary outcomes possible.

Together, we will nurture academic success, social-emotional growth, and lifelong learning. On behalf of the Yonkers Public Schools community, we look forward to a year of inspiration, progress, and achievement.

Warm regards,

Anibal Soler, Jr.
Superintendent of Schools

ENROLLING IN YPS

To enroll a child, you must be the parent/guardian and a resident of the City of Yonkers

Students who are new to the Yonkers Public Schools or re-entering the District may enroll throughout the year

Student Enrollment Forms must be completed online at yonkerspublicschools.org/register

WHERE CAN PARENTS/GUARDIANS GET HELP WITH ENROLLING THEIR CHILD?

Check our webpage, call, email or visit the Student Enrollment office for assistance. Our team is always ready to help you with this process.

STUDENT ENROLLMENT

One Larkin Center, Yonkers NY, 10701
(Entrance through the Riverfront Library)

Phone: (914) 376-8050
studentenrollment@yonkerspublicschools.org

Hours of Operation:
Monday through Friday
8:30 a.m. and 4:00 p.m.
drop-off appointments and technical assistance.

AT WHAT AGE CAN A CHILD BE ENROLLED FOR SEPTEMBER?

LIMITED UNIVERSAL PREKINDERGARTEN 3 THROUGH COMMUNITY-BASED ORGANIZATIONS (CBOS): three years old with a birth date on or before December 1, 2023. This program is contingent upon grant funding approval for the 2026-2027 school year. Registration for UPK3 begins on March 1, 2026. Pending state funding for 136 students for a 2.5 hours day at a Community Based Organization. Transportation is not offered. Student will be assigned based on a lottery.

PREKINDERGARTEN: four years old with a birth date on or before December 1, 2022.

KINDERGARTEN: five years old with a birth date on or before December 1, 2021.

THE ENROLLMENT PROCESS

Create an Account

Visit www.yonkerspublicschools.org/register to create an account and submit a registration.

Admission Documents

Upload all of the required admission documents and a specialist will begin to review your documentation.

If you **DO NOT UPLOAD** some or all of the documents, you have the option to **self-schedule a drop-off**. A specialist will review your documentation once the required admission documents have been received.

Tech Support

Experiencing difficulty in uploading documents or scheduling your document drop-off? Call (914) 376-8050 or visit us at One Larkin Center.

Review

An enrollment specialist reviews your admission documents and certifies your child for school placement.

School Placement

Receive notification via email to report to school the day after registration is complete.

Transportation

Live MORE THAN 1.5 miles walking distance from school?

Transportation is available within days of placement.

Live LESS THAN 1.5 miles walking distance from school?

No transportation is available.

Special Education

Student is referred to Special Education for an in-take.

Special Education schedules a remote or in-person meeting with the family.

Receive notification to report to the school and program that can best serve the student.

Finish

Language Acquisition Review

English speaker?

No action necessary.

Non-English speaker?

Within the first ten days of school, the Language Acquisition Department schedules a language assessment for the student and provides an overview of available programs for English language development.

#YONKERS*Magic*

WHAT ARE THE REQUIRED DOCUMENTS TO ENROLL A CHILD?

The following documents must be presented at the time of enrollment:

PROOF OF AGE - BIRTH CERTIFICATE

Birth certificates for students born in the City of Yonkers may be obtained from: City Clerk's Office, City Hall - Room 107, 40 South Broadway, Yonkers, NY 10701, (914) 377-6020.

Birth certificates for students born outside of the City of Yonkers may be obtained from the city or state where the child was born.

In the event that the above listed documentation is not available, the District may consider other documents or recorded evidence, as long as it has been in existence for two years or more. Such other evidence include, but is not limited to, the following:

- State or other government issued identification
- School photo identification with date of birth
- Consulate identification card
- Hospital or health records
- Military dependent identification card
- Documents issued by federal, state, or local agencies (e.g. local social service agency, local social security office, federal Office of Refugee Resettlement)
- Court orders or other court-issued documents
- Native American tribal document
- Records from non-profit international aid agencies and voluntary agency

PROOF OF GUARDIANSHIP – CUSTODY AFFIDAVIT

A Photo ID of the parent/guardian registering the student is necessary to identify the person whose name appears on the birth certificate or custody documents.

Legal proof of guardianship is required for students who do not reside with natural parents. For purposes of proof of parental relationship or proof that the child resides with the parent(s) or person(s) in parental relation, the District may also require the parent(s) or person(s) in parental relation to provide:

- An affidavit stating that they are the person(s) in parental relation to the child, over whom they have total and permanent custody and control, and describing how they obtained total and permanent custody and control, whether through guardianship or otherwise. The affidavit must be notarized and supporting documentation is required. The required document is available on the District website at yonkerspublicschools.org/register. Complete and return the document to Student Enrollment before the date and time of the registration appointment.
- An affidavit stating that they are the parent(s) with whom the child lawfully resides; documentation indicating that the child resides with a sponsor with whom the child has been placed by a federal agency. The person who is responsible for the child **MUST** complete this form. The affidavit must be notarized and supporting documentation is required. The required document is available on the District website at yonkerspublicschools.org/register. Complete and return the affidavit to Student Enrollment before the date and time of the registration appointment.

PROOF OF RESIDENCY

In order to make a determination that your child is entitled to attend a school within the District, you must submit evidence of you and your child's physical presence in the school District. Yonkers Public Schools require families to **submit three (3) proofs of residency**; the documentation needs to establish the physical presence of the parent(s) or person(s) in parental relation and the child in the District. The completed documents must be returned to Student Enrollment on the date of the registration appointment.

Documentation must include **at least one (1)** of the following:

- A copy of a residential lease or proof of ownership of a house or condominium, such as a deed or mortgage statement;
- A statement by a third-party landlord, owner, or tenant from whom the parent(s) or person(s) in parental relation leases or with whom they share property within the District, which may be either sworn, which is preferred, or unsworn. The homeowner/landlord may complete the document. The required document is available on the District website at yonkerspublicschools.org/register.
- Or such other statement by a third party establishing the parent(s)' or person(s)' in parental relation's physical presence in the District. This form **MUST** be completed by a Third Party (for family that is "doubled-up" living with family). Sworn statements are preferred. The required document is available on the District website at yonkerspublicschools.org/register.

The District will accept **two (2) supplemental forms of documentation**. The remaining document(s) may include any of the following:

- Payroll stubs
- Income tax form such as, but not limited to, a W-2 Form
- Utility or other bills such as, but not limited to, electric, water, telephone, internet, or cable bills
- Membership documents (e.g., library cards) based upon residency
- Voter registration document(s)
- Official driver's license, learner's permit, or non-driver identification
- State or other government issued identification
- Section 8 or Municipal Housing Statement
- Documents issued by federal, state, or local agencies (e.g., local social service agency, local social security office, federal Office of Refugee Resettlement)
- Evidence of custody of the child including, but not limited to, judicial custody orders or guardianship papers.

FAMILIES IN TEMPORARY RESIDENCE ASSISTANCE

If you have recently lost your residence, information is available about the McKinney-Vento Homeless Assistance Act on the

District website at YonkersPublicSchools.org/McKinney-Vento or call the

District's Family and Homeless Liaison at 914-376-8074.

IMMUNIZATIONS REQUIRED

Vaccines	Prekindergarten (Day Care, Head Start, Nursery or Pre-k)	Kindergarten and Grades 1, 2, 3, 4 and 5	Grades 6, 7, 8, 9, 10 and 11	Grade 12
Diphtheria and Tetanus toxoid-containing vaccine and Pertussis vaccine (DTaP/DTP/Tdap/Td) ²	4 doses	5 doses or 4 doses if the 4th dose was received at 4 years or older or 3 doses if 7 years or older and the series was started at 1 year or older	3 doses	
Tetanus and Diphtheria toxoid-containing vaccine and Pertussis vaccine adolescent booster (Tdap) ³	Not applicable		1 dose	
Polio vaccine (IPV/OPV) ⁴	3 doses	4 doses or 3 doses if the 3rd dose was received at 4 years or older		
Measles, Mumps and Rubella vaccine (MMR) ⁵	1 dose	2 doses		
Hepatitis B vaccine ⁶	3 doses	3 doses or 2 doses of adult hepatitis B vaccine (Recombivax) for children who received the doses at least 4 months apart between the ages of 11 through 15 years		
Varicella (Chickenpox) vaccine ⁷	1 dose	2 doses		
Meningococcal conjugate vaccine (MenACWY) ⁸	Not applicable		Grades 7, 8, 9, 10 and 11: 1 dose	2 doses or 1 dose if the dose was received at 16 years or older
Haemophilus influenza type b conjugate vaccine (Hib) ⁹	1 - 4 doses	Not applicable		
Pneumococcal Conjugate vaccine (PCV) ¹⁰	1 - 4 doses	Not applicable		

New York State Department of Health 2023-2024

EVIDENCE OF IMMUNIZATIONS AND PHYSICAL HEALTH EXAMINATION

CERTIFICATE OF IMMUNIZATIONS

In accordance with New York State Public Health Law, parents/guardians must provide the District with a Certificate of Immunization or other acceptable evidence of the child's immunization in accordance with New York State Immunization Requirements for School Entrance/Attendance as established by New York State's Department of Health, Bureau of Immunization.

Such proof is necessary for children's attendance in school. Children will not be permitted to attend school in excess of fourteen (14) days without either a certificate of immunization or other acceptable evidence of immunization.

PHYSICAL HEALTH EXAMINATION

As mandated by New York State, within thirty (30) days of a child's entrance into the school, parent/guardian must provide the District with a record and/or certificate of a recent health examination. The physical examination must be conducted by a duly licensed New York State physician, physician assistant, or nurse practitioner and be completed no more than twelve (12) months prior to the first day of entrance into a school. Physicals are due with any new enrollment, PreK or K, and grades 1, 3, 5, 7, 9 and 11. If students do not have a physical dated within 12 months of the start of these mandatory years or with a new enrollment, they will be unable to participate in gym or field trips.

INDIVIDUALIZED EDUCATION PLAN (IEP)

Parents with students requiring a Special Education program must bring in a current IEP.

REPORT CARD/TRANSCRIPT

Students with school experience above Kindergarten must provide their most recent report card. High School students must present an unofficial transcript.

WHAT IF YOU ARE UNSURE ABOUT THE DOCUMENTATION THAT NEEDS TO BE SUBMITTED?

Call, email or visit the Student Enrollment office for assistance. Our team is always ready to help you with this process.

WHAT IF PARENTS/GUARDIANS NEED HELP?

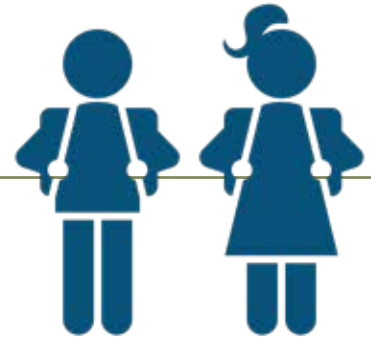

Student Enrollment Team Members will answer all calls and emails. Additional details regarding documentation are available on our website. Portable wireless computers (tablets) are available in Student Enrollment during the hours of operation.

Phone: (914) 376-8050 • Email: studentenrollment@yonkerspublicschools.org

ONLINE SCHOOL CHOICE PROCESS

December 1 through December 31, 2025

Only for New and Transition Students

TRANSITION STUDENTS

WHO IS A TRANSITION STUDENT?

- **New students** for September 2026. (If your child is not registered, please visit www.yonkerspublicschools.org/register to enroll your student.)
- **Sixth grade students** attending prekindergarten-grade 6 schools.
- **All eighth grade students**

THE SCHOOL CHOICE PROCESS

Receive your Letter
Parents/guardians will receive a letter containing a Snapcode (a fifteen digit code) for each transition student in their home enabling them to begin the online application.

Snapcode

Enter the Snapcode that was mailed to your home. Please contact Student Enrollment if you did not receive your letter.

Review

Review and certify the information on file about your child. If there are changes that need to be made, you may contact Student Enrollment.

Confirm

Ensure you receive a Submission Confirmation Email.

Visit our website

yonkerspublicschools.org/SchoolChoice & click on SCHOOL CHOICE PROCESS

Log In or Create an Account

Parents/Guardians must submit one application for each student.

Make your School Choice Selections.

ALL REQUIRED FIELDS MUST BE COMPLETE. A separate application must be submitted for each child.

- **Elementary School** students entering grades PreK-6 must select 3 school choices; select a school in each group that include PreK-5, PreK-6 and PreK-8 schools
- **Middle School** students entering grades 7 & 8 must select 2 school choices
- **High School** students entering grades 9-12 must select 3 choices specifying the school and magnet program
- Please be advised that submission of school preferences does not guarantee placement in a requested school. When none of the selected schools can be accommodated, an alternate placement will be assigned in accordance with district policy and program availability.

SCHOOL ASSIGNMENTS FOR TRANSITION STUDENTS

WHO MUST COMPLETE AN ONLINE SCHOOL CHOICE APPLICATION FOR THE 2026-2027 SCHOOL YEAR?

Currently enrolled students in transition grades:

New Students for September 2026

If your child is not registered, contact Student Enrollment by phone, (914) 376-8050 or via email at studentenrollment@yonkerspublicschools.org.

Sixth grade students at
Prekindergarten to grade 6 schools

All eighth grade students

HOW ARE STUDENTS PLACED IN SCHOOLS?

Seating capacity in the requested grade and admission requirements are taken into consideration when determining school assignments for transition students.

NOTE: To participate in the School Choice Process, your child must be registered prior to commencement of the School Choice Process. All high school placements involving students with an IEP are handled directly by the Department of Special Education. Please be advised that submission of school preferences does not guarantee placement in requested schools. When none of the selected schools can be accommodated, an alternate placement will be assigned in accordance with district policy and program availability.

HERE ARE TWO TYPES OF PREFERENCE GIVEN TO APPLICATIONS SUBMITTED DURING THE SCHOOL CHOICE PROCESS

SIBLING PREFERENCE

First preference is given to **SIBLINGS** of currently enrolled students based upon seat availability if the school is selected as the first choice on the official application. Siblings are defined as brothers or sisters living in the same household.

SIBLING PREFERENCE does not apply to schools or programs that have entrance requirements or require special education placement such as Montessori 27, 31, YMA, Riverside, Saunders, YMHS(9-12), and PEARLS.

ATTENDANCE ZONE

Most schools have attendance zones. These schools give preference based upon seat availability to students living within the attendance zone of the school. School assignments for attendance zone schools are made in the following order:

80%

Eighty percent (80%) of the available seats will go to **attendance zone students** who request the school as their first (1st) choice.

20%

Twenty percent (20%) of the available seats will be made available to **students from throughout the school district** who request the school as their first (1st) choice.

IMPORTANT INFORMATION

Online applications must be completed from December 1 through December 31, 2025.
A receipt will be emailed to the email address provided on the online application.
A receipt may also be printed upon completion of application.

All **on-time applicants** will be placed through the School Choice Process. **Only one (1) School Choice Application** may be submitted for a student. **No changes** will be made to a School Choice Application after it is submitted.

Please be advised that submission of school preferences does not guarantee placement in a requested school. When none of the selected schools can be accommodated, an alternate placement will be assigned in accordance with district policy and program availability.

School placements are conditional upon students' successful completion of the current school year.
If students are retained, they will be required to remain at their current school.

Some **specialized services** for students with disabilities or students who require bilingual education are not available in all schools. All high school placements involving students with an IEP are handled directly by the Department of Special Education.

School Choice Applications for students who apply and are recommended to the **Academically Talented Students Program** will be voided, and these students will be automatically assigned to the PEARLS Hawthorne School.

All Prekindergarten students are assigned according to the district formula. Yonkers Public Schools is a district of choice. All students can apply to any non-specialized school. Every effort is made to assign students in one of three choices. Siblings preference and attendance zone regulations apply to incoming students in grades Prekindergarten through 8. Students who selected a highly requested school as their first (1st) choice and did not receive their preferred placement, will receive an alternate placement where there is an available seat, and will remain on a waitlist for the remainder of the school year. Students will be placed from the waitlist should seats become available as long as the child is attending a Yonkers Public School.

HOW & WHEN DO PARENTS/GUARDIANS COMPLETE AN ONLINE SCHOOL CHOICE APPLICATION?

Online School Choice Applications:

- Must be completed at yonkerspublicschools.org from **December 1 through December 31, 2025**.
- School Choice information, including online submission instructions, will be mailed to the child's place of residence.

HOW CAN PARENTS/GUARDIANS APPEAL THE SCHOOL ASSIGNMENT THAT THEIR CHILD RECEIVED THROUGH THE SCHOOL CHOICE PROCESS?

Appeal Process:

- Available only to Transition Students who participated in the School Choice Process.
- After receiving the school assignment by mail, parents/guardians may appeal by completing the **Appeal of School Assignment Form** online at yonkerspublicschools.org.
- Appeals must be submitted between **March 1 and March 31, 2026**.
- Appeals will be considered based on seat availability and the nature of the request, including academic criteria.
- If the request cannot be accommodated, the student will remain at their assigned school.
- **All appeal decisions are final for the current academic year.**
- Responses to all appeals will be provided by **May 2026**.

HOW CAN PARENTS/GUARDIANS TRANSFER THEIR CHILD TO A DIFFERENT SCHOOL IF THEY ARE NOT ELIGIBLE TO PARTICIPATE IN THE SCHOOL CHOICE PROCESS?

Transfer Requests:

- A **Transfer Request Form** is available online for currently enrolled students in Prekindergarten through Grade 12.
- Transfer requests must be submitted between **March 1 and March 31, 2026**.
- Parents/Guardians must provide a reason for requesting a transfer.
- Families will receive notification of transfer status by the **last week of May 2026**.
- Approved transfers take effect for the **2026-2027 academic year**.
- Considerations include the reason for transfer, available seating capacity, and school/program admission requirements.

IF ASSISTANCE IS NEEDED DURING THE SCHOOL CHOICE PROCESS, WHAT SERVICES ARE AVAILABLE?

The staff in Student Enrollment will be available throughout the School Choice Process to provide additional assistance. You may contact Student Enrollment by phone at (914) 376-8050, via email at studentenrollment@yonkerspublicschools.org or you may visit the Family Support Center during operational hours.

EXPLORE YPS

#YONKERS*Magic*

YONKERSPUBLICSCHOOLS.ORG/REGISTER

Transportation

Yonkers Public Schools provides Transportation to eligible students based on the philosophy that the bus ride is an extension of the school day. To ensure the safety of each passenger, it is the responsibility of all students and parents to be aware of and comply with all established bus safety procedures. Parents/guardians are asked to stress to their children the importance of proper behavior and safety while going to and from school. Transportation privileges can be revoked due to disciplinary behavior or persistent failure to meet a child at the bus stop. The Transportation Department relies on current contact information for students in case of an emergency or circumstance that requires parent/guardian contact. Please ensure your child's contact information, including emergency contacts is accurate at all times.

ELIGIBILITY CRITERIA

Students in grades Prekindergarten through eight receive yellow school bus transportation services if they attend a school that is more than one and a half (1.5) miles from the home address or have an IEP that requires transportation service.

Live **MORE THAN 1.5 miles** walking distance from school?

Transportation **is** available.

Live **LESS THAN 1.5 miles** walking distance from school?

Transportation **is not** available.

The students' distance eligibility is determined by a state approved routing system; we do not refer to GOOGLE Maps/MapQuest to determine the distance eligibility. Students eligible for transportation will be notified before school begins in September.

REQUEST A DIFFERENT DROP-OFF

Complete the Request for Alternate School Bus Transportation application to request a change to your child's drop-off location. We can only approve requests if we have an available driver and vehicle, and it can take up to 5-7 working days to approve.

The deadline for an alternate stop is

April 1st. Late applications will be processed in the order received and only if a seat is available on an existing bus route. Students will be assigned to the closest existing stop, new stops will not be created for late applications.

For an application visit
yonkerspublicschools.org/transportation

SPECIAL BUSING REQUESTS

Students who require special busing including: non-public school transportation, alternate pick-up and drop-off requests or transportation to Board of Education approved after-school childcare providers must submit the Request for Alternate School Bus Transportation application to the Transportation Department, in person, **no later than April 1** preceding the school year. Applications received after April 1 will not be processed until October 31.

For an application for special busing,
visit yonkerspublicschools.org/transportation

Specialized transportation services are available for students with disabilities with an Individual Education Plan (IEP) that requires student transportation. All specialized bus routes are mandated to have a school bus monitor. Many, not all, of the general education bus routes are assigned school bus monitors as a courtesy of Yonkers Public Schools.

- **Morning School Bus Pick-Up:** Parents/guardians are responsible for getting their children to the morning bus stop location.
- **Afternoon School Bus Drop-Off:** All children under the age of 8 years old and Students with Disabilities must be met by a parent/guardian or designee. If the parent/guardian or designee are not present at the stop location, the student is transported to the Student Transportation Center at One Larkin Center.

ATTENTION: HIGH SCHOOL STUDENTS

High School students must pay for bus transportation to public and non-public high schools. High school students can purchase a **monthly** Student MetroCard for public transportation (Bee-Line Bus) at their assigned high school. Schools distribute Student MetroCards to eligible students at the beginning of each semester of the school year for **\$58**.

Families who meet the District Policy (reside one and a half (1.5) miles or more from school) and provide documentation from the Department of Social Services indicating qualifying family income, may receive a MetroCard **free of charge**. Student MetroCard applications and Budget Sheets may be submitted to the Transportation Department.

SPECIAL EDUCATION

The Yonkers Public Schools provides a continuum of Special Education programs for students with a broad range of educational disabilities. In accordance with the reauthorization of the **Individuals with Disabilities Education Act (IDEA)** and the laws of the State of New York, the **Committee on Special Education (CSE)** requires consideration of the least restrictive environment when meeting the individual needs of students with disabilities. These needs may be met in in-district settings such as a general education class with related services, an integrated class, or a self-contained special education class.

- Students receiving Special Education services, placements are determined by the Committee on Special Education (CSE) based on each child's Individualized Education Program (IEP).
- Families may indicate preferred schools or programs through School Choice, and those preferences will be considered whenever possible. Final placement, however, must align with the services and program type specified in the student's IEP.
- All high school placements involving students with an IEP are handled directly by the **Department of Special Education**.
- Families moving into the district with a classified child should provide a copy of the most recent IEP and any current educational evaluations, if available. This will help ensure appropriate placement and continuity of services without interruption.

KNOWING ABOUT SPECIAL EDUCATION

Part 200 of the Regulations of the Commissioner of Education

These regulations inform parents and school districts of procedures that must be followed for students who may be identified or who are already classified, as having an educational disability. They also include the definitions of the thirteen recognized disabilities, responsibilities of the district, school and Committee on Special Education, and the continuum of services. Part 200 also includes information concerning the rights of parents regarding notice, and due process, in seeking Special Education services for their children.

Part 100 of the Commissioner's Regulations

These regulations focus on elementary and secondary education programs. According to Section 100.2(s) "Each student with a disability condition ... shall have access to the full range of programs and services set forth in this Part to the extent that such programs and services are appropriate to such student's Special Education needs." Hence, the district's responsibility is to provide an appropriate program and associated supports, not an ideal program.

Committee on Special Education (CSE) for School-Age Students (5-21)

The Committee on Special Education (CSE) is a team consisting of a representative of the school district, a psychologist, a general education teacher and/or a special education teacher and student's parent/guardian. Additional members may include the student, where appropriate or otherwise required by law and others, as requested by the parent/guardian, or the school.

Evaluations are reviewed by the team to determine if a student has an educational disability, and is therefore eligible for Special Education services. An Individualized Education Program (IEP) is developed with services recommended to be provided in the Least Restrictive Environment (LRE).

Section 504: Rehabilitation Act 1973 & Americans With Disabilities Act:

Children who do not fall under any of the thirteen Special Education classifications may nonetheless be entitled to related services. Under Section 504, an individual with disabilities includes: "...any person who has a physical or mental impairment which substantially limits one or more\ of such person's major life activities, has a record of such\ impairment, or is regarded as having such an impairment." For consideration under Section 504, documentation of a qualifying impairment must be presented to the district.

For further information contact:

COMMITTEE ON SPECIAL EDUCATION: (914) 376-8209
SPECIAL EDUCATION PROGRAMS AND SERVICES: (914) 376-8205

COMMITTEE ON PRESCHOOL SPECIAL EDUCATION (CPSE) FOR 2.6 THROUGH 5 YEAR-OLDS

The Committee on Preschool Special Education (CPSE) determines whether a child between the ages of 2.6 to 5 years old is eligible for Preschool Special Education services. Evaluations, which are conducted through a County agency, are reviewed at a scheduled meeting of the CPSE members. If the child is found eligible, he/she is classified as a "preschooler with a disability" and an Individualized Education Program (IEP) is developed with services recommended to be provided in the Least Restrictive Environment (LRE). Specialized programs and services are provided by the Westchester County Department of Health.

For further information contact:

COMMITTEE ON PRESCHOOL SPECIAL EDUCATION
 (914) 376-8173

LANGUAGE ACQUISITION

BILINGUAL EDUCATION, ENGLISH AS A NEW LANGUAGE, & WORLD LANGUAGE PROGRAMS

IDENTIFICATION AND ASSESSMENT

As prescribed by the New York State Education Department (NYSED), in Yonkers Public Schools all newly enrolled students and students re-enrolling after two years are required to complete a Home Language Questionnaire (HLQ) at the time of enrollment. Through the HLQ and an interview by a qualified teacher, the District will assess if a language other than English is used in the home and if the child must take the English language proficiency test, New York State Identification Test for English Language Learners (NYSITELL). The NYSITELL results are then used to determine your child's English language level (Entering, Emerging, Transitioning, Expanding, and Commanding). During the spring, the New York State English as a Second Language Achievement Test (NYSESLAT) is administered annually to all Multilingual Learners in grades K-12 in order to assess student English language proficiency growth, determine continuation of services, and be in compliance with the Every Student Succeeds Act (ESSA) guidelines and the CR Part 154.

Multilingual Learners (MLL)/English Language Learners (ELL) Programs

Based on the NYSITELL assessment, children who score entering, emerging, transitioning or expanding are identified as an ELL. ELLs are entitled to receive Bilingual Education (BE) or English as a New Language (ENL) services. Children who score at the Commanding (Proficient) level are not identified as an ELL.

ENGLISH AS A NEW LANGUAGE (ENL)

Formerly known as English as a Second Language, ENL emphasizes English language acquisition. Language arts and content-area instruction are taught in English using specific ENL instructional practices. Some content classes are integrated ENL classes taught by a teacher dually certified in the content area and ENL or are co-taught by a certified content area teacher and a certified ENL teacher. Students receive core content area and English language development instruction, including the use of the home/primary language supports and appropriate ELL instructional support to enrich comprehension. In Stand-alone ENL classes, students receive English language development instruction taught in order to acquire the English language needed for success in the core areas. ENL programs are offered in all Yonkers Public Schools.

BILINGUAL EDUCATION

- Transitional Bilingual Education (TBE) offers students of the same home/primary language the opportunity to learn to speak, understand, read, and write in English while continuing to learn academic content in their home/primary language. The students' home/primary language is used to help them progress academically in all content areas while they acquire English. The goal of the TBE programs at Yonkers Public Schools is to provide students with the opportunity to transition into a monolingual English classroom setting. However, there will always be home language instructional supports, allowing students the opportunity to develop bilingually. Yonkers Public Schools currently offers TBE programs in Spanish at Enrico Fermi School, Robert C. Dodson School, and Yonkers Middle/High School.
- Dual Language (DL) is designed to help native and nonnative English speakers achieve bilingual, biliteracy, cross-cultural competence, and academic proficiency equal to that of students in non-ELL programs. DL teachers provide instruction in both English and the home/primary language. The goal of these programs is for students to develop literacy and proficiency in English and in the home/target language. Yonkers Public Schools currently offers a two-way Dual Language program at Justice Sonia Sotomayor Community School in grades Pre-K through 8th grade.

WORLD LANGUAGES

World Language instruction is an integral part of the academic program for secondary students in grades 7-12. Students gain proficiency in World Languages and also gain knowledge and understanding of cultural, geographical and economical qualities associated with the languages studied. Currently Yonkers Public Schools offers Italian and Spanish. Courses range from introductory courses, to college level language courses and Spanish for Heritage Speakers.

INTERSCHOLASTIC ATHLETICS

A dynamic interscholastic athletic program is vital to the educational and social development of students. The Yonkers Public Schools athletic program provides an environment where students develop sports skills, physical fitness, teamwork, sportsmanship and respect for others that will prepare them for success in their adult life. As team members, students are encouraged to face challenges, strive for excellence and become leaders. The Yonkers Public Schools maintains rigorous eligibility standards, requires appropriate student conduct and emphasizes safe participation for athletes.

Every effort is made to support the athletic program with the best facilities, uniforms, equipment and the most qualified coaching staff available. Coaches provide a sound, positive philosophy taught in a safe and healthy environment. The opportunity to participate in our sports program is afforded to all eligible secondary students in grades 7-12, where available.

More than 2,000 students participate in the interscholastic athletic program under the direction and supervision of more than 100 qualified and certified coaches. The interscholastic athletic program and sport schedules may experience delays and inconsistencies during health or weather-related emergencies as determined by both state and local agencies.

ELIGIBILITY STANDARDS FOR INTERSCHOLASTIC ATHLETICS

Before being permitted to try out, practice or participate in any interscholastic athletic activity, students must be enrolled in a Yonkers secondary school and fulfill each of the following requirements:

- **Parent/Guardian Consent Form**

Registration for all interscholastic athletics will begin 30 days prior to the start of each season and must be completed by a parent/guardian. Registration is online ONLY through **FinalForms** and must be completed prior to each season. (<https://yonkers-ny.finalforms.com>)

- **Academic Eligibility Policy**

To participate in interscholastic athletics students:

1. Must have a 70% average on their report card for the previous marking period
2. Must maintain 90% attendance in all classes
3. Must adhere to the District's Code of Conduct
4. Must pass Physical Education Classes

Students not meeting the requirements in academics, attendance or behavior (numbers 1, 2 or 3) during the previous marking period will be placed on probation. A bi-weekly review of their progress will be conducted by the Athletic Director to determine participation status. The Administrative Liaison for Athletics will review, verify and make the final determination regarding playing status. If no improvement is evident, students will be prohibited from playing until they meet the minimum standards as listed above. If number 4 is not met, additional Physical Education classes must be scheduled in order for the student to be eligible. The student must pass the Physical Education classes to remain eligible and earn the required credit to graduate as per New York State Education.

- **Medical Examination**

Each student must have a satisfactory medical examination and must obtain approval from the district physician or appointed nurse. The medical examination can be conducted by a private physician and must be on the Required New York State School Health Examination Form. Physicals for purposes of athletics are valid for one year through the end of the month they were performed.

- **Health Status Review**

Students must have a Health Status Review performed by the school nurse to update the student's health history, unless a full medical examination has been given within the preceding thirty (30) days. Based on the results of the Health Status Review, a pre-physical and/or complete physical will be conducted whenever required. As part of **FinalForms registration**, parents/guardians must update or verify all student health information before each season.

- **Insurance**

The school district's accident insurance coverage is provided for all athletes. A percentage of the excess coverage is provided after the individual family coverage has been utilized.

- **Attendance Requirements**

Students absent from school may not practice or participate in athletics that day. Absence, cutting and lateness to class can result in the student being dropped from the team.

ENGLISH LANGUAGE ARTS

Yonkers Public Schools is committed to the life-long learning and success of all learners in reading, writing, speaking, and listening. This is accomplished by developing a love of reading and ensuring that daily instruction focuses on the development of literacy skills while also teaching content. Students are empowered to become independent practitioners of their literacy skills and critical thinkers in preparation for post-secondary studies and the workforce. Students are provided daily opportunities to develop language and vocabulary skills, strengthen writing skills through authentic writing tasks and experiences, actively engage with a variety of texts, and build and expand their knowledge through meaningful discourse.

Across all grades, instruction is aligned to the Next Generation learning standards, anchored in the Science of Reading and the Five Pillars of Literacy. In the early childhood grades of PK-2, literacy instruction is heavily focused on the first three pillars of literacy- phonemic awareness, phonics, and fluency. In all other grades, vocabulary and comprehension become the focus along with interventions in the earlier pillars as needed.

Literacy instruction is approached using multiple research-based core curriculum resources and supplemental technological tools. These resources span all grades in Prekindergarten through 12th grade.

MATHEMATICS

Across grades K-12, students are engaged in instruction aligned to the Next Generation Learning Standards for their assigned grade level. Regardless of age, young Yonkers mathematicians engage with mathematical concepts by exhibiting the eight standards for mathematical practice: (1) Making sense of problems and persevering in solving them, (2) Reasoning abstractly and quantitatively, (3) Constructing viable arguments and critiquing the reasoning of others, (4) Modeling with mathematics, (5) Using appropriate tools strategically, (6) Attending to precision, (7) Looking for and making use of structure, (8) Looking for and expressing regularity in repeated reasoning. Additionally, Yonkers teachers plan with our math instructional vision in mind: "Are you G.A.M.E.?" G.A.M.E. stands for Growth Mindset, Access, Math Talk and Experiential (learning). The mathematics instructional program cultivates a growth mindset by engaging students in critical thinking and developing the belief that everyone can solve mathematical problems, even if they solve them differently. At all levels, students are able to access mathematics by engaging in problem solving with support from teachers. Teachers facilitate math discourse and provide students opportunities to articulate their mathematical ideas to their peers. Planning occurs with experiential learning in mind so that students can solve mathematical problems within the context of real-world scenarios.

SOCIAL STUDIES

Social Studies education is designed to have three main foci. A focus on conceptual understandings, fostering student inquiry and collaboration, and fostering informed action, with a goal of integrating content and skill acquisition.

In Kindergarten through 4th grade, historical thinking skills that are explained include gathering, interpreting, and using evidence, learning to examine events and the relationship to what is going on historically exploring causation, and learning comparison and contextualization.

In grades 5 through 8, historical thinking skills that are introduced and developed during this grade range include gathering, interpreting, and using evidence, learning to reason chronologically and understand causation, comparison, and contextualization, learning about geographic reasoning, learning about economics and economic systems, and initiating informed civic participation.

In grades 9 through 12, historical thinking skills that are practiced and mastered during this grade range include: gathering, interpreting, and using evidence, learning to reason chronologically and understand causation, comparison, and contextualization, learning about geographic reasoning, learning about economics and economic systems, and exercising civic participation through their student governments and projects they initiate.

Each student in Yonkers Public Schools has the opportunity to be an active member of their community through civic projects and activities fostered by the Social Studies department and aligned to their state standards and the Next Generation Learning Standards.

SCIENCE

Science education has been transformed to ensure that students are advancing their 21st century science skills to include abstract reasoning, collaboration skills and ability to learn from peers in a dynamic learning environment. Students also need to learn how to think and solve problems for which there is no one solution and learn science skills along the way. Science instruction in Yonkers Public Schools is aligned to the Next Generation Science Standards that are based on three major dimensions: scientific and engineering practices, crosscutting concepts, and key ideas in four disciplinary areas: physical sciences; life sciences; earth and space sciences; and engineering technology. The Disciplinary core ideas have the power to focus our K-12 science curriculum, instruction and assessments on the most important aspects of science. Yonkers students in grades K-8 utilized the HMH into Science curricular resource for core science instruction and utilize additional supplemental resources to meet state expectations for mastery in specific performance tasks called "investigations."

PHYSICAL EDUCATION & HEALTH

Students in grades **K-2** will learn various skills at the elementary school level. Locomotor and non-locomotor skills will teach the concepts of special awareness and teach students how movement affects the mind and body. Students in grades **3-6** will build on the process using varying physical abilities with an emphasis on effort, and quality movement, communication, and positive relationships.

At the middle school level, students in grades **7-8** will focus on problem solving and application of learned strategies that will impact game play, physical activities and movement concepts. Students will also work on group challenges, peer activities, and be able to demonstrate specialized skills and object control.

Students in grades **9-10** will focus on the benefits of leading a healthy lifestyle with a focus on social emotional and personal wellness. Students will also be able to show competency in combined motor skills and movement patterns. Students in grades **11-12** will be prepared for life long physical activity and fitness. Students will understand the importance of a healthy lifestyle while building on various motor skills and movement patterns.

Health: Health Education will teach the fundamental concepts of engaging in healthy behaviors for a lifetime. Health Education will promote overall health and well-being and will provide information to reduce the risk of health-related problems and disease, through a variety of age-appropriate lessons and units, based upon the New York State Health standards.

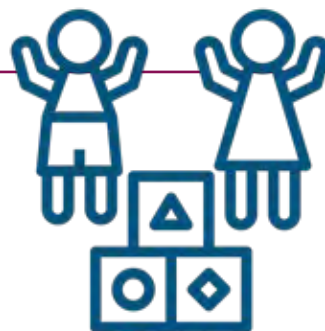

VISUAL ARTS

In grades K-4, young artists use experimentation to build skills in various media and artmaking approaches. They create artwork using various artistic processes and explore a variety of artmaking techniques and approaches. From 5th-8th grade, artists continue to experiment and develop skills in multiple techniques and approaches through practice. They demonstrate openness in trying new ideas, materials, methods, and artmaking approaches in making works of art and design. Additionally, students demonstrate persistence in developing skills with various materials, methods, and approaches in creating works. As students enter 9th grade, they generate and develop artistic work in a self-directed manner. Through experimentation, practice, and persistence, students demonstrate acquisition of skills and knowledge in a chosen art form. They experiment, plan, and make multiple works of art and design that explore a personally meaningful theme, idea, or concept through graduation.

MUSIC

Across grades K-2, activities are provided to enable students to create and perform music, listen and respond to musical compositions, and to incorporate their musical experiences with other activities and subjects. At the 3-4 level, the goal is for students to understand music as creative expression and communication, developing skill with the voice and/or musical instruments, and establishing the ability to discern and critique. In grades 5-8 students refine their ability to discern and critique. From 9th grade through graduation, our students develop skills and techniques to study and perform a variety of styles with critical analysis and problem solving, collaboration, and musical skills and understandings are developed through rehearsal and performance experiences.

ELEMENTARY SCHOOLS

UNIVERSAL PREKINDERGARTEN PROGRAM

Yonkers Public Schools provides a high-quality learning experience for our prekindergarten students in all of the elementary schools. The program consists of a rich curriculum that combines multiple subject areas into units of study. The curriculum is used in all prekindergarten classes throughout the district. Key characteristics of the program include the following:

- Small group activities and individual learning experiences in early language development, literacy, and math
- Social-emotional skill development
- Motor skill development such as using crayons, writing with pencils, tying shoelaces, and using scissors
- Counting and identifying numbers, letters, and shapes, etc.
- Understanding of time concepts such as day of the week, time, date, month, and year
- Engaging students' natural curiosities to create problem solvers and critical thinkers.
- Investigation of science concepts through asking questions and exploration.

GRADES K – 6 ELEMENTARY PROGRAM

Each of our elementary schools provide students and parents with the following overall advantages:

- A quality education in which all students achieve New York State Education Department (NYSED) Next Generation Learning Standards in all academic areas
- Districtwide core area curriculum in kindergarten to grade 12 promotes continuity and consistency of instruction
- An approach to learning that effectively blends core curriculum and enrichment through theme-based education to ensure learning is an exciting exploration for students
- An environment that motivates students to achieve their highest potential
- Special Education services and English as a New Language services
- Safe school initiatives that are enforced

SUPPORT STAFF

The Student Support Staff at the middle school level may include school counselors, social workers, psychologists and a nurse. Specifically, school counselors provide College and Career Readiness (CCR) services, social-emotional supports, and career exploration opportunities. They engage families in workshops and recommendations in preparation for high school. Additional Student Support Team members provide mandated IEP services for secondary students.

GRADES 7 AND 8 MIDDLE YEARS PROGRAM

Our middle school programs, located in our Prekindergarten - 8 schools or 7-12 schools, support each student in developing skills focused on the unique intellectual, emotional, physical and social changes associated with adolescence. The district's goal is to prepare our middle school students for the rigorous expectations of high school, engage them in exploring careers through colleges/universities, trades and technical careers, the military and/ or the workforce. The Instructional Foci includes fostering a welcoming and affirming environment in which diversity is embraced. Our culturally responsive curricula provide an opportunity for our students to see themselves in the teaching and learning process as we foster student analysis, strengthen reading and writing across the content areas, integrate social-emotional learning, and engage in restorative practices. To best support our students, teachers use a variety of instructional strategies and approaches that address the individual needs of each student and cultivate a safe and nurturing learning environment based on the District's 3 Year Strategic Plan, District Comprehensive Improvement Plan (DCIP), School Comprehensive Education Plan (SCEP) and Instructional Foci.

The district also offers opportunities for our students to take the Algebra I and/or Living Environment Regents exams normally taken in high school. This opportunity builds the foundation for our students to enter their high school with two regents on their transcript preparing them for expanded opportunities to take high level courses in high school.

(914) 376-8540

We are the only Prekindergarten through Grade 12 school in the city of Yonkers. We seek incoming Prekindergarten and Kindergarten students who are ready to make a long-term commitment to a Montessori education. Our students learn in accordance to the five Pillars of Montessori: Learning, Hard work, Peace, Respect, and Community. We instill strong values into our students at a young age. We reinforce the importance of these values over our years together. We offer advanced coursework and internship opportunities that contribute to the academic and personal development of our students.

-----------------	-----

- Teachers foster the child's individuality and desire to learn. Academic rigor, self-directed learning, and independence are fostered in a nurturing and safe environment while preparing students for success in their future endeavors.
- Students are grouped in non-competitive, multi-grade classes which support a cooperative learning environment. Multi-grade levels include Pre-Primary (Pre-K & K), Primary (Grades 1, 2, & 3), Intermediate (Grades 4, 5, & 6), Middle School (Grades 7 & 8) and High School (Grades 9-12)

OUR CURRICULUM AND PHILOSOPHY

- Our teachers foster the child's individuality, academic rigor, self-directed learning, and independence in a nurturing and safe environment while preparing students for success in their future endeavors.
- Students are grouped in non-competitive, multi-grade classes which support a cooperative learning atmosphere. Multi-grade levels include Pre-Primary (Pre-K & K), Primary (Grades 1, 2, & 3), and Intermediate (Grades 4, 5, & 6).

CAREER READINESS AND MAGNET PROGRAMS

- Montessori Studies** - This model provides unique educational opportunities for students. The Montessori Method fosters rigorous, self-motivated growth for children and adolescents in all areas of their development—cognitive, emotional, social, and physical. Teachers serve as guides and provide plenty of opportunities for self-discovery and discovery learning. Multi-sensory, interdisciplinary lessons provide opportunities for individual and group work as well as peer teaching and self-reflection. The middle school follows the NYS standards and provides opportunities for students to take advanced coursework in Math, Science and languages other than English. Students engage in project-based and experiential learning. The high school program offers Language and Cultural studies, Advanced Placement (AP) and College Link (CL) courses. Career and Technical Education is afforded through the Pre-teaching Academy and new Digital Media (I-Tech) pathway.

ABOUT OUR LEARNING COMMUNITY

- PEACE education and Cultural Studies are an integral part of our learning community. Community building activities and community service projects support the development of effective and responsible interpersonal and social skills.
- Our school believes that it is important to compliment classroom learning with enrichment opportunities for our students. We encourage our learners to become involved in sports, clubs, and after school and Saturday academies that are of interest to our students and can support their growth.

SCHOOL HIGHLIGHTS

- We are proud of both of our history and our learning model. We are the first public Prekindergarten through Grade 12 Montessori School in New York State, and we have the unique ability to welcome incoming Prekindergarten students to their first school experience and guide them through to college.
- Students are provided a sound instructional curriculum, aligned with NYS Next Generation Learning Standards. High school students have the opportunity to enroll in one or more advanced level courses.
- YMA is a New York State Smart Scholars Early College High School and boasts the NYS approved Career and Technical Education Program of Early Childhood Education.

SECONDARY SCHOOLS

GRADE 7 AND 8 MIDDLE YEARS PROGRAM

Our middle school programs, located in our Prekindergarten - 8 schools or 7 - 12 schools, support each student in developing skills focused on the unique intellectual, emotional, physical and social changes associated with adolescence. The district's goal is to prepare our middle school students for the rigorous expectations of high school, engage them in exploring careers through colleges/universities, trades and technical careers, the military and/ or the workforce. The Instructional Foci includes fostering a welcoming and affirming environment in which diversity is embraced. Our culturally responsive curricula provide an opportunity for our students to see themselves in the teaching and learning process as we foster student analysis, strengthen reading and writing across the content areas, integrate social-emotional learning, and engage in restorative practices. To best support our students, teachers use a variety of instructional strategies and approaches that address the individual needs of each student and cultivate a safe and nurturing learning environment based on the District's 3 Year Strategic Plan, District Comprehensive Improvement Plan (DCIP), School Comprehensive Education Plan (SCEP) and Instructional Foci.

The district also offers opportunities for our students to take the Algebra I and/or Living Environment Regents exams normally taken in high school. This opportunity builds the foundation for our students to enter their high school with two regents on their transcript preparing them for expanded opportunities to take high level courses in high school.

HIGH SCHOOLS

GRADE 9-12 HIGH SCHOOL PROGRAM

Each Yonkers' high school provides a comprehensive academic program structured to meet the needs of all learners that includes Career & Technical Education, International Baccalaureate, Advanced Placement, P-Tech, Early College, College Link, Century Honors, Smart Scholar, Smart Start, Seal of Civic Readiness, Seal of Biliteracy, Global Academy, Bilingual Program, Autism Program, and a host of other Special Education IEP Driven Programs.

All high school students are required to enroll at minimum in courses outlined by the New York State Board of Regents Graduation Requirements and the policies of the Yonkers Board of Education. There are a variety of diplomas awarded to students as well as Pathways to Graduation outlined by the New York State Education Department (NYSED). At minimum, NYSED outlines twenty-two specific credits and a minimum of passing five specific Regents examinations required for graduation. Beyond these required courses, all schools offer a range of elective courses, endoresements, pathway opportunities, seals, extracurricular activities and varsity athletic programs based on school's approved programs, magnets and themes. All high school placements involving students with an IEP are handled directly by the Department of Special Education.

SUPPORT STAFF

Student Support Staff at the high school level may include school counselors, social workers, psychologists and a nurse. Specifically, school counselors provide College, Career and Civic Readiness (CCCR) services, social emotional supports, career exploration and college preparation. Activities including college fairs, application preparation and submission, annual scholarship opportunities, grade level parent workshops, recommendations, transcript review and financial aid information, resume preparation, honor society application, work based learning, job fairs, community service as well as recommendations to name a few. Additional Student Support Team members provide mandated IEP services for secondary students. A part time Student Assistance Counselor (SAC) is available at each high school to assist with potential substance/alcohol abuse. Yonkers Partners in Education (YPIE) provides college counseling support at select high schools for identified students. Counselors receive monthly training from Community Partners that assist in academic, SEL, health and wellness as well as specific mental health service provision. Counselors are trained in implementation of Restorative Practices which is part of our DEI goals.

A CAREER AND TECHNICAL EDUCATION SCHOOL

yonkerspublicschools.org/halmi

GRADES 7 - 12

Mark Ametrano, Principal

463 Hawthorne Avenue, Yonkers, NY 10705 • (914) 376-8057

The Robert Halmi Sr. Academy of Film and Television (RHA) is committed to preparing a generation of artisans ready for workplace employment in a variety of arts-based industries. Students will gain exposure and training to these industries via cross-sector collaborations such as apprenticeships, internships, and creative performances that bridge classroom learning with real-life experiences.

SCHOOL HIGHLIGHTS

RHA offers three specialized academies in film:

- Design
- Production
- Post-Production

Each pathway provides students with industry-relevant training and experience in the art and craft of filmmaking.

In addition to film, RHA offers four vibrant arts programs:

- Choir
- Dance
- Orchestra
- Theatre

These programs nurture students' artistic talents while fostering collaboration, discipline, and self-expression.

RHA graduates will earn the New York State Individual Arts Assessment Pathway and a Film CTE endorsement.

CURRICULUM AND PHILOSOPHY

VISION: To develop critical thinkers, artistically literate and caring global citizens.

We believe that students learn best through doing. That's why our curriculum emphasizes:

- **Project-Based Learning** – Students engage in meaningful, hands-on projects that foster creativity, collaboration, and problem-solving.
- **Film Industry-Aligned Projects** – Our interdisciplinary approach connects core subjects to filmmaking, helping students see the relevance of their learning in real-world contexts.
- **Celebrations of Learning** – Families and community members are invited to evening events where students showcase their work and share their creative journeys.

PROFESSIONAL PARTNERSHIPS

We are proud to partner with Great Point Studios, a leading film production facility, to provide students with access to professional environments and mentorship.

Students also benefit from:

- Regular visits and workshops led by professionals in the arts and film industries
- Exposure to career pathways through direct engagement with working artists and filmmakers

COMPREHENSIVE ARTS & FILM EDUCATION

Every RHA student completes:

- Visual and Performing Arts coursework through grade 12
- Film Career and Technical Education (CTE) coursework through grade 12

This ensures a well-rounded education that supports both artistic growth and career readiness.

ACADEMIC RIGOR & COLLEGE READINESS

Students have access to challenging academic opportunities, including:

- Advanced Placement (AP) Courses
- College Link Programs
- Dual Enrollment Options

These programs prepare students for success in college and beyond.

SPECIAL ADMISSIONS

Qualifying rising 7th and rising 9th grade students from across the district can ballot for a seat at RHA.

Students with a high interest and aptitude for the specific college and career opportunities outlined for this school are encouraged to ballot.

All students balloting to this school are required to submit a portfolio that includes:

1. Personal Statement
2. Authentic Art Creative Project
3. Two letters of reference (one from school principal, one from a school teacher)

CTE ACADEMY SELECTION (10TH, 11TH AND 12TH GRADE)

Once a student is accepted into a CTE Academy in 10th grade, they are committed to the sequences available for them to study within that academy. RHA lane changes (switching from one academy to another within the school) will be permitted if and only if there is a seat open in the desired academy. School administration will consider whether to grant such a request in consultation with school staff and faculty.

Technical Career Readiness & Magnet Programs (if applicable)

"RHA offers three CTE pathways, called academies.

1. Design Academy
2. Production Academy
3. Post-production Academy

Design Academy - the Design Academy will offer hands-on experiences with a specialized focus on set design, costume design, and character development.

Production Academy - the Production Academy will focus on the lighting, camera and working with sound for film productions.

Post-production Academy - the Post-production Academy will equip students with skills related to editing, visual effects and virtual production.

Students at RHA will experience the content of these three academies each year in grades seven, eight, and nine. At the end of grade nine, students will select their academy as their CTE area of focus. Once this selection is made, students are committed to their selected academy through grade 12.

Students who successfully complete their CTE coursework will earn a CTE endorsement on their diploma.

RHA offers four performing ensembles: Choir, Dance, Orchestra and Theatre.

Students at RHA will experience these performing ensembles each year in grades seven and eight. Prior to entering grade nine, students will select their arts performing ensemble. Once this selection is made, students are committed to their selected performing arts ensemble through grade twelve.

Students who successfully complete their performing ensemble requirements will receive an arts endorsement on their diploma.

GRANTS & EXTRACURRICULAR ACTIVITIES (IF APPLICABLE)

RHA students participate in quarterly Celebrations of Learning where they present their artwork and projects to all community members.

Choir and Orchestra participate annually in NYSMA Musical Performances.

COLLEGE ARTICULATION AGREEMENTS (IF APPLICABLE)

RHA is developing articulation agreements for college-link (CL) courses. Once these agreements are finalized, RHA will have college-link courses for our core academic classes (e.g., CL English, CL US History, CL Pre-Calculus, etc.).

CLUBS (IF APPLICABLE)

Students will have the option of a variety of during- and after-school clubs. Clubs include Audio/Visual, Gaming, Green Club, GSA, MBK, MSK, Modern Band, PodCasting, School Digital Media, School Newsletter, Student Government.

SPORTS (IF APPLICABLE)

All students can participate in sports offered by the Yonkers Public Schools. Some RHA sports teams are merged with Riverside High School; some RHA sports teams are merged with YPS. Please see the district website for all available sports offerings.

Barack Obama School for Social Justice

yonkerspublicschools.org/obama

GRADES 7-12

Jamell Scott, Principal

201 Palisade Avenue, Yonkers, NY 10703 • (914) 376-8177

At the Barack Obama School for Social Justice, through academically rigorous and culturally relevant learning opportunities, students will be prepared for a life of choices beyond high school, including college and career readiness grounded in a passion for social justice and dignity for all people. Our new P-Tech program with pathways in Computer Information Systems (CIS) and Environmental Studies, along with courses aligned to the theme of social justice and civic readiness, provide our students with academic opportunities that contribute to the academic and personal development of future generations of leaders.

GRADUATION

Graduation Rate	97%
-----------------	-----

SCHOOL HIGHLIGHTS

- In our third inaugural year, we are proud to have a projected graduation rate for our senior class of 97%. The highest in the school's history. The Class of 2025 earned over 16 million dollars in scholarship money.
- We offer a robust extended-day academic and extracurricular enrichment program, including sports at the modified, junior varsity, and varsity level. Our Boys Varsity Basketball Team were 2024-2025 Yonkers City Tournament Champions and making it to the second round of the section 1 playoffs.

OUR CURRICULUM AND PHILOSOPHY

- We believe in educating the whole child. In addition to a focus on community and character development grounded in our core values of Respect, Advocacy, Integrity, Community, Equity, and Scholarship, our middle school students receive extended instructional time in English Language Arts and Mathematics. Our extended program includes a variety of extracurricular offerings including a Forensic Program that meets after school and on Saturdays.
- Building on foundational skills developed in middle school, high school students follow a course sequence with options to take Advanced Placement, College Link, and various elective courses such as our new Art for Social Justice capstone course that bridges our academic program and social justice theme.

P-TECH PROGRAM

- With a recently awarded P-Tech grant, a select cohort of students have a series of courses and experiences that put them on an accelerated track to earn an Associate's Degree in CIS or Environmental Studies. P-Tech business partners such as Groundwork Hudson Valley will offer our students hands-on experiences to prepare students for future careers in the field.

ABOUT OUR LEARNING COMMUNITY

- As the only 7-12 school in Yonkers, we are uniquely positioned with a small cohort model to support our students from middle school through the transition to high school. Our smaller learning communities allow us to personalize the learning experience of our students and drive instruction in a way that meets the needs of our students.
- Academic and social support is provided for students to be successful in secondary school, college, and their chosen career path. Monthly town halls provide a forum for student voice and opportunities for uniquely tailored college and career planning that begins in middle school.

GRADES 7-12

Dr. Sandy Hattar, Principal

150 Rockland Avenue, Yonkers, NY 10705 • (914) 376-8191

International Baccalaureate Diploma Programme (IB) (Academic Admission Requirements)

We seek highly motivated and dedicated students who have a genuine interest in learning. We excitedly begin to welcome students into our school in middle school. We welcome students from our District's PreK-6 schools in Grade 7. While we welcome all learners in middle school, our own students are subject to our high school's academic admission requirements. Our incoming Grade 9 students will have to perform above average in four core areas: English, Mathematics, Social Studies and Science. The International Baccalaureate (IB) Programme offers our high school students an educational experience that is committed to high standards. Our goal is to empower our students to take ownership in their own learning and help them develop future-ready skills to make a difference and thrive in a world that changes fast.

Graduation Rate 92%

SCHOOL HIGHLIGHTS

- *U.S. News and World Report* currently ranks us as the best high school in the city of Yonkers, and our International Baccalaureate Program provides an internationally accepted qualification for entry into higher education that is recognized by many universities worldwide.
- Graduation rate is the highest among the high schools in the city of Yonkers, and our graduates are accepted with academic honors by some of the most renowned colleges and universities.

OUR CURRICULUM AND PHILOSOPHY

- The acclaimed International Baccalaureate Programme is the cornerstone of our school's rigorous curriculum. Our teachers facilitate lessons that are aligned to our District's and New York State Next Generation Learning Standards. The IB pathway encourages our students to experience learning with a deeper level of commitment.
- Our curriculum prepares our students to be competitive within a global context and this is why we teach lessons that promote civic responsibility and multilingualism. In fact, the New York State Department of Education awards the Seal of Civic Readiness and the Seal of Biliteracy to our graduates.

CAREER READINESS AND MAGNET PROGRAMS

- **International Baccalaureate Programme** - (ACADEMIC ADMISSION REQUIREMENTS) The acclaimed International Baccalaureate Programme is the cornerstone of the school's rigorous curriculum. Students will have access to opportunities for academic enrichment. Students will participate in IB examinations and work to fulfill the requirements for an IB Diploma. Students will develop the characteristics of IB Learners and become better thinkers, communicators and problem-solvers while earning all of the benefits of an IB education.

ABOUT OUR LEARNING COMMUNITY

- Our school believes that it is important to complement classroom learning with enrichment opportunities for our students. We encourage our students to become involved in sports and clubs.
- We believe that every student should be inspired to work to their full potential. We have a College Center and guidance team that instill the value of a college-bound culture in our students when they enter and supports their growth all the way through the college application process.

SPECIAL ADMISSION PROCESS

- Our incoming Grade 9 students will have to perform above average in four core areas: English, Mathematics, Social Studies and Science. Our admission team will review Grade 8 report cards for all our applicants. Applicants who do not meet the academic criteria will be excluded from the randomized assignment process.

SCHOOL HIGHLIGHTS

- **Mission:** To inspire curiosity, creativity, and equity through real-world professional learning that empowers students in an ever-changing global community.
- **Achievements:** 92% graduation rate (Class of 2024) and over \$20 million in scholarships and awards.
- Students can earn up to 64 college credits through Smart Scholars Early College and Pathways to Technology (PTECH) programs—at no cost to families.

CURRICULUM & INSTRUCTION

- Our instructional focus, dynamic instruction, emphasizes relevant, rigorous, and engaging learning for all students. Teachers connect content to real-world applications while maintaining high expectations and fostering inclusive, challenging classrooms.

CAREER READINESS & MAGNET PROGRAMS

- **Clinical Medical Assisting (CTE Certified):** Prepares students for immediate employment as certified medical assistants with 72 hours of clinical internships.
- **Sports, Entertainment, and Social Media Marketing (CTE Certified):** Offers business marketing certification and entrepreneurial experience through brand development, social media campaigns, and “Shark Tank”-style projects.

LEARNING COMMUNITY

- Gorton encourages students to explore sports, clubs, and enrichment academies that complement classroom learning. Our College Center and guidance team nurture a college- and career-ready culture from day one—supporting every student’s growth through graduation and beyond as proud members of the Wolfpack.

SCHOOL HIGHLIGHTS

- *U.S. News and World Report* currently ranks us as the best high school with open-enrollment in the city of Yonkers, and our school has been recognized recently for the rigor of our Advanced Placement (AP) courses.
- A total of 95% of our students graduated high school in 2023 while receiving different types of awards and recognitions. We continue to motivate our students to reach new goals every year.

OUR CURRICULUM AND PHILOSOPHY

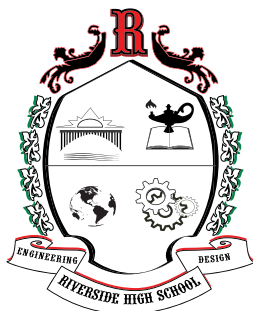

- We refine the skills and talents of our students to secure their long-term professional success throughout their college years and beyond. Our students learn in alignment to our District's and New York State Next Generation Learning Standards. E-Commerce and Virtual Enterprises are among the additional learning opportunities that our course of study provides.
- Our smaller learning communities allow us to personalize the learning experience of our students and drive instruction in a way that meets the interest and needs of our students.

CAREER READINESS AND MAGNET PROGRAMS

- **Finance Academy** - This program prepares students for post-secondary careers in the financial world. We provide our students with hands-on learning experiences that complement their academic work. Our affiliation with the National Academy Foundation (NAF) and the National Foundation for Teaching Entrepreneurship (NFTE) allows our students to participate in regional, national and global competitions.
- **Scientific Research and Business Development Academy** - Students in this program are exposed to the process of scientific research. Students engage in authentic problem-solving experiences including testing a hypothesis, crafting a project proposal, and developing innovative products. Students in this program have access to unique opportunities with Regeneron Science Talent Search, Westchester Science and Engineering Fair (WESEF), and Young Science Achievers Program.
- **Arts Industry Academy** - This program exposes students to careers in visual and performing arts from stage design to performing as well as the fundamental concepts of intellectual property. Students can participate in both paid and unpaid internships, mentoring, and shadowing while deepening their understanding of skills, services and employment opportunities within the arts.

ABOUT OUR LEARNING COMMUNITY

- Our school believes it is important to complement classroom learning with enrichment opportunities for our students. We encourage our students to become involved in sports, clubs, and after school and Saturday academies that are of interest to our students and can support their growth.
- We believe that every student should be inspired to work to their full potential. We have a College Center and guidance team that instills the value of a college-bound culture in our students when they enter and supports their growth all the way through the college application process.

SCHOOL HIGHLIGHTS

- A total of 85% of our students graduated high school in 2023 while receiving different types of awards and recognitions. We motivate our students to reach new goals every year.
- The Pathways to Technology Program (P-Tech) allows our students to earn college credits at no cost over a six-year period; students will earn their high school diploma first with us, and eventually an Applied Associate Degree in ITECH or cyber security computer technology from Westchester Community College.

OUR CURRICULUM AND PHILOSOPHY

- Our curriculum prepares our students to be competitive within a global context and this is why we teach lessons that promote civic responsibility and multilingualism. In fact, the New York State Department of Education awards the Seal of Civic Readiness and the Seal of Biliteracy to our graduates.
- The Pathways to Technology Program (P-Tech) fosters a culture of high standards. Our college certified instructors teach lessons that improve our students' communication skills, and inspire creativity, critical thinking and problem-solving.

CAREER READINESS AND MAGNET PROGRAMS

- **Interactive Technologies** - (ITECH) is an interdisciplinary program that prepares students for New Media careers. Interactive Technologies (ITECH) pathway offers students an opportunity to customize a digital media program that fits their individual interests. The ITECH pathway offers an interdisciplinary foundation that ensures students will be successful in content creation, digital marketing, web design & development, computer animation and game design.
- **Engineering** - (ACADEMIC ADMISSION REQUIREMENTS) This program exposes students to fundamental concepts in electrical, mechanical, civil, and computer systems engineering. Students will use software including Computer Aided Design and Drafting (CAD), PTC and SolidWorks. The engineering coursework provides students with ample opportunities to work on hand-on projects and engage in experiential learning.
- **Graphic Design** - This program exposes students to current industry trends in the field of graphic design. Students will use a variety of software including Photoshop and Adobe Illustrator. Students in this program can earn national certifications in Microsoft A+ and Cisco Networking.

ABOUT OUR LEARNING COMMUNITY

- Our school believes that it is important to complement classroom learning with enrichment opportunities for our students. We encourage our students to become involved in sports, clubs, and after school and Saturday academies that are of interest to our students and can support their growth.

SCHOOL HIGHLIGHTS

- Over 90% of our students graduate high school while receiving different types of awards and recognitions. We motivate our students to reach new goals every year.
- Our graduates have the opportunity to earn up to 60 college credits while earning their high school diploma at no cost to our students and parents.

OUR CURRICULUM AND PHILOSOPHY

- The Early College Program promotes learning at a higher level. Our teachers facilitate lessons that are aligned to our District's and New York State Next Generation Learning Standards. We believe that true learning goes beyond the fulfillment of requirements.
- Our Smaller Learning Communities allow us to personalize the learning experience of our students and drive instruction in a way that meets the interest and needs of our students.

CAREER READINESS AND MAGNET PROGRAMS

- **Business and Media Communications** - This program exposes students to careers in business communications. Students will learn about trends in media and advertising. Students will learn the tools for effective communication by designing and developing concepts and delivering messages in a media-intensive environment.
- **Graphic Design** - This program exposes students to the world of graphic design. Students will learn about art, advertising, digital media, photography, publishing and web design. They will produce, edit and alter images using software. Students will engage in activities and learning experiences that are aligned to their field of study.
- **Automotive Technology Technician** - This program combines theory and practical experiences that help students develop diagnostic and repair skills associated with the maintenance of vehicles. Students will use tools, read from manuals and most importantly work on cars.

ABOUT OUR LEARNING COMMUNITY

- Our school believes that it is important to complement classroom learning with enrichment opportunities for our students. We encourage our students to become involved in sports, clubs, and after school and Saturday academies that are of interest to our students and can support their growth.
- We believe that every student should be inspired to work to their full potential. We have a College Center and guidance team that instills the value of a college-bound culture in our students when they enter high school and supports their growth all the way through the college application process.

BENEFITS OF OUR EARLY COLLEGE PROGRAM

- Reduced cost of college
- ECHS students can earn college credit while earning their high school diploma, which can reduce the time and money it takes to earn a degree.
- Increased college readiness
- ECHS programs provide rigorous instruction and academic support to help students prepare for college

CAREER READINESS

- ECHS programs offer career pathways and experiential learning experiences to help students connect education to careers.
- Improved transition to college
- ECHS programs partner with colleges to create a seamless transition from high school to college
- Increased graduation and completion rates
- ECHS programs can increase high school graduation and college completion rates
- Access to college for underserved students
- ECHS programs are open to all students, including historically underserved students
- Development of critical skills
- ECHS programs help students develop critical skills for college and career success.
- Developing College Partnerships
- All College Link teachers are approved by our college partners. College partners offer pedagogical support through professional development to ensure teachers remain current in their field of study

Saunders Trades and Technical High School

TECHNICAL, OCCUPATIONAL AND VOCATIONAL PROGRAMS

TECHNICAL CAREER READINESS & MAGNET PROGRAMS

- **Animation** - (ACADEMIC ADMISSION REQUIREMENTS) This program is focused on the study of 2D and 3D animation through rigorous studio practice as well as historical explorations of animated work from the late 19th century all the way through today's latest technological advancements utilizing industry software like the Adobe AfterEffects, Illustrator, and Photoshop.
- **Architecture Technology** - (ACADEMIC ADMISSION REQUIREMENTS) This program offers courses in residential and commercial design, building materials, construction documents, and computer assisted design and drafting (Auto-CAD). Students are eligible to receive credit at Westchester Community College towards an Applied Associates Degree in Civil Technology.
- **Biology & Chemical Technology** - (ACADEMIC ADMISSION REQUIREMENTS) Students learn college and industrial science lab techniques. Students will also be well prepared to continue their education in laboratory sciences such as biology, environmental science, and chemistry.
- **Electronic and Computer Circuitry** - (ACADEMIC ADMISSION REQUIREMENTS) Teaches personal computing, networking, programming, cybersecurity, AI, Internet of Things (IoT) and robotics. Students earn CISCO Networking certification. ECC students are enrolled in the Yonkers P-TECH program.

SCHOOL HIGHLIGHTS

- We maintain articulation agreements with local colleges to award college credits for the work done at Saunders. We offer College Link and AP courses in Vocational Trades, English, History, Math, and Science.

ABOUT OUR LEARNING COMMUNITY

- Saunders has an extended school day arranged around a nine-period schedule with vocational, occupational, and technical programs in a three-period block. Our curriculum offers 21st century Career and Technical Education (CTE) programming that prepares students for entry-level jobs and/or higher education. Students complete coursework that leads to New York State specialized CTE certification.
- Incoming freshmen will be placed in magnet programs they select on the School Choice application. Once a student is accepted to a Saunders program, he/she is committing to the 4-year sequence. **There are no program changes.** In order to graduate from Saunders Trades and Technical High School students must complete all NYS HS graduation requirements AND all magnet courses, 54 hours of work-based learning, an employability profile, and their Senior Exit Project. Students who do not complete their magnet requirements will be transferred to another high school for graduation.

OCCUPATIONAL CAREER READINESS & MAGNET PROGRAMS

- **Culinary Arts** - Students learn food production, dining etiquette, customer service, food safety and sanitation. All students have an opportunity to earn ProStart and ServSafe certifications.
- **Cosmetology & Barbering** - Students complete requirements needed to sit for the New York State Boards in Cosmetology at the end of Senior year.
- **Fashion Design** - Students will gain the ability to execute a design idea from sketch to finished garment using techniques like draping, patternmaking, and machine sewing.
- **Graphic Design** - Students learn digital design, traditional art methods, and are trained in industry standard software, including Adobe Illustrator, Photoshop, and InDesign.

VOCATIONAL CAREER READINESS & MAGNET PROGRAMS

- **Automotive Technology** - Students receive training on brake systems, engine performance diagnosis, suspension and steering, electronic control systems, and on-board computerized engine control systems diagnosis on automobiles and light trucks.
- **Carpentry** - Students learn carpentry, drywall, painting, framing, roofing, floor installation, door and window installation, blueprint reading, drafting, siding, trim installation, proper tool use, and OSHA safety training. Carpentry students are enrolled in the Yonkers P-TECH program.
- **Heating, Ventilation, And Air Conditioning (HVAC)** - Instruction on the fabrication, installation, and maintenance of HVAC systems. Students also earn OSHA 10 and EPA certification.

GRANTS & EXTRACURRICULAR ACTIVITIES

P-TECH GRANT

- Carpentry and ECC students are enrolled in the Yonkers P-TECH program. Students who successfully complete the six-year program earn a high school diploma and an associate's degree (ECC in Networking and Carpentry in Civil Technology) at no cost from Westchester Community College.

COLLEGE ARTICULATION AGREEMENTS

- All ten of our magnet programs maintain articulation agreements with regional colleges. Should a student continue their trade or technical studies at those colleges, they will receive credit and advanced standing based on their work at Saunders. These colleges include: Westchester Community College, Rockland Community College, College of Westchester, Lincoln Technical Institute, SUNY Oneonta, SUNY Farmingdale, SUNY Delhi, and more.

CLUBS

- Students run over thirty different clubs including: Robotics, National Honor Society, Crafting, Gaming, My Brother's Keeper, My Sisters Keeper, SkillsUSA, and Yearbook.

SPORTS

- Students compete in 13 Varsity Sports across the fall, winter, and spring seasons. The Blue Devils were the 3x city champions in Softball in 2025!

Vive School/Yonkers Pathways to Success Adult Education Program

75 Riverdale Avenue, Yonkers, NY 10701 • (914) 376-8600
Services provided at no charge to adult education students

YONKERS PATHWAYS TO SUCCESS

Yonkers Pathways to Success offers instructional and vocational programs for out-of-school youth and adults. These programs help prepare students for both post-secondary education and to enter the workforce. Designated a Literacy Zone by the New York State Education Department, the program serves as a center for comprehensive education and support services. All programs and services are provided FREE OF CHARGE to Yonkers residents. A special effort is made to reach out to the parents/guardians of children who attend the Yonkers Public Schools, so they can participate in any of the Yonkers Pathways to Success programs.

For more information or to register for programs, visit yonkerspublicschools.org/vive

HIGH SCHOOL EQUIVALENCY DIPLOMA PROGRAMS

National External Diploma Program (NEDP)

This web-based program offers the flexibility to earn a diploma without attending classes. TABE assessment results determine a student's entry into this program, which provides adults with the opportunity to demonstrate their competencies by means of a system that assesses both generalized and individualized skills. Candidates are required to complete take home projects including reading, writing, mathematics, oral communications and critical thinking skills and participate in weekly review sessions. Successful completion of the program leads to a New York State High School Equivalency Diploma. Age requirement: 18 years or older.

GED Testing Service (GEDTS)

This program prepares students for the GED exam, successful completion of which leads to a NYS High School Equivalency (HSE) Diploma. The specific testing areas include reasoning through language arts, social studies, science and math. Students work at their own pace on specific content areas, as needed. Yonkers Pathways to Success is an official test site for the GED examination. For more information go to yonkerspublicschools.org/vive. Age requirement: 18 years (out of school) or older.

Alternative High School Equivalency Program (AHSEP)

AHSEP offers basic skills, GED preparation and career preparation to those students who have recently dropped out of high school. The flexible schedule includes twelve to fifteen hours per week of class instruction, counseling, employment preparation and vocational training. Students successfully completing this program are referred for the GEDTS Test. Age requirement: 17 to 21 years.

Adult Basic Education (ABE)

This course of study concentrates on helping students improve their reading, vocabulary and math skills, so they will be able to enter a high school equivalency program. Age requirement: 18 years or older.

ADDITIONAL PROGRAMS

English for Speakers of Other Languages

This program assists students who want to learn and/or improve their speaking, reading, writing and listening skills in English. In addition to family and community living, there is an increased emphasis on incorporating workplace and vocational English. U.S. Citizenship preparation and immigration assistance are offered as part of the program curriculum. Age requirement: 17 years or older.

Occupational Education

- **BARBERING:** hands-on instruction within a simulated and functional barber shop, resulting in Apprentice Barber and Infection Control Certificates.
- **RETAIL/CUSTOMER SERVICE:** instruction within a simulated retail store, including POS system and cash registers, resulting in Material Handling and **National Retail Federation (NRF) Certificates**.
- **CULINARY ARTS:** training in front and back-of-the-house food service operations, resulting in ServSafe Food Handlers Certificate.
- **COMPUTERS:** taught through project-based learning in one of our Computer Labs, resulting in **Microsoft Certificates** in Word, Excel and Power Point.
- **FACILITIES MANAGEMENT/CARPENTRY:** hands-on instruction in our carpentry workshop resulting OSHA 10-hour and Material Handling Certificates.
- **MEDICAL OFFICE:** resulting in a National Healthcareer Association Certificate in Medical Billing or Electronic Records.
- **PERSONAL CARE AIDE/HOME HEALTH AIDE:** **hands-on training in our simulated Home Health Aide Lab**, as well as a 2-day internship, resulting in New York State Personal Care Aide and Home Health Aide Certificates.

Workforce Preparation

The Employment Services Department offers practice interviews, resume preparation, job readiness, online job applications, job placement assistance and more to help our students secure and maintain gainful employment.

**Availability of all programs subject to scheduling and funding.
Schedules are adjusted to allow candidates to participate in other programs.
Age requirement: 17 years or older.**

FAMILY WELCOME CENTER AT VIVE

The District's Family Welcome Centers provide invaluable resources and assistance to our students. The Family Welcome Center at Vive serves as the hub for Centers at other sites. Resources offered include case management, counseling, support and referrals to our extended list of Literacy Zone partners. The assistance we provide goes a long way toward helping families meet the needs of daily living. Services only available to adult education students.

Special Program Features

- Multiple Locations
- Day and Evening Sessions
- Flexible Scheduling
- Classes are Free of Charge
- Open Enrollment
- Academic Assessment
- Computer Instruction
- Informative workshops on health, financial literacy and other important topics are presented throughout the year to help improve the quality of life for Yonkers residents.
