January 23, 2026

Dear Flemington-Raritan Regional School Community,

Significant winter weather is expected to impact our area this weekend. Some reports predict heavy snowfall Sunday with sleet and freezing rain lasting overnight into Monday.

We will monitor conditions and communicate with families and staff as early as possible to allow time for everyone to plan accordingly. Here are a few options we're considering at this time:

- Monday, January 26 - Potential school closing with a message shared out by Sunday evening, if possible.
- Tuesday, January 27 - Potential schedule change to a 90-minute delay with a message shared out by Monday evening, if possible.
 - On our current calendar, Tuesday is already an early dismissal for students only; staff attend in-service training.
 - This day could change to a 90-minute delay for all students and staff instead of an early dismissal for students and the staff in-service training would be cancelled.
 - If a 90-minute delay is held, the Y childcare program will run in the afternoon, but the morning program would be cancelled.

As always, we will consult with our local emergency management officials and our sending districts to determine the safest plan for our students, staff and families.

With gratitude and dedication,

Dr. Clifford Burns
Acting Superintendent of Schools
Flemington-Raritan Regional School District
