AFTERNOON BUS HUB MAP CLARK-SHAW

FOOTBALL FIELD

Clark Bus Dismissal Instructions:

- ***All 7th period teachers will check email for the daily bus change list.***
- Make sure your students know how they get home including the daily bus changes before we dismiss. If there is a bus change, the bus should still be found in the row listed here, but the destination will change.
- Students should look for buses by going to the row their bus is in for morning drop-off. **Buses will change their locations within the row but will always be in the same row.**
- The signs in the lot show the schools the buses depart for each morning. This won't help you for afternoon dismissal.
- Tip: If you **have students report to the rear of the last bus in the row and start walking towards the front bus in the row**, they can easily spot ALL bus numbers on the back corner of the bus. This is faster than zigzagging through all the rows searching every single bus number. They should only have to look in one row, not the whole lot.
