Hollinger' s Island Elementary School Newsletter

September 2026

From the Principal's Desk

I think we have started this school year off better than all others in the past. Getting back into the school year after a fun summer is hard to do for both teachers and students, but I think we are getting into the groove now. Thank you, parents and students, for following the uniform policy.

Attendance

Attendance Matters, even more so in September, because this is the time of year when they decide how many teachers are allocated to the school based on student numbers. Last year, we were cut units because of low attendance. Luckily, we were able to get them back, but I really do not want to take that chance again.

Academic Highlights

We are working on completing the Beginning of the Year Screeners. This data is important for teachers; it lets us see what students know and what teachers need to do to help them get there.

Activities

This month (September) we are rewarding PERFECT ATTENDANCE! If you are present every day of the week, with NO early dismissal or tardies, you will be able to be out of uniform (shirts and bottoms) on Fridays. Clothes must be school and age appropriate!
