Campbell County Board of Education Selects Mr. Adam Ritter as Next Superintendent

The Campbell County Board of Education is pleased to announce the selection of Mr. Adam Ritter as the next Superintendent of Campbell County Schools.

The Board began the superintendent search process in April and worked diligently throughout the following months to identify the best person to lead the district. In partnership with the Kentucky School Boards Association's Superintendent Search Services, the search attracted applicants from throughout the country.

As part of the process, a screening committee composed of classified and certified staff members, a parent, a principal, and a Board Member reviewed candidates and provided valuable input to the Board. Interviews followed and after careful consideration, the Board unanimously selected Mr. Ritter to serve as the district's next superintendent.

Mr. Ritter currently serves as the Associate Superintendent for Campbell County Schools. During his 18 years with the district, he has also served as an assistant principal and principal at Campbell County High School. Before working in CCS, he was a business education teacher and a counselor. His extensive experience and deep understanding of the district and education have prepared him to lead Campbell County Schools into the future.

A lifelong member of the Campbell County community, Mr. Ritter resides in Campbell County with his wife, Lisa. Their daughter is a 2026 graduate of Campbell County High School, and their son attends Campbell County Middle School.

“I would like to express my sincere gratitude to the Board of Education for the confidence you have placed in me by selecting me to serve as the next Superintendent of Campbell County Schools,” said Ritter. “I am truly honored and grateful for this opportunity. Campbell County has been my home my entire life, and Campbell County Schools has been my professional home for the past 18 years. I have had the privilege of serving as assistant principal, principal, and Associate Superintendent. In each role, I have witnessed firsthand the incredible dedication of our staff, the potential of our students, and the unwavering support of our families and community.”

Ritter also expressed his appreciation for the search process and his excitement for the future of the district.

“As I step into this role, I do so with great optimism and a clear sense of purpose,” Ritter said. “Campbell County Schools is already a strong district, and I believe we have a responsibility to continue innovating and providing our community with a world-class educational experience. As Superintendent, I pledge to lead with integrity, transparency, collaboration, and a relentless focus on what is best for students. I am excited to partner with our Board, staff, families, and community as we continue our journey as a trajectory-changing school district.”

Board Chair, Mrs. Peggy Schultz, said the Board was impressed by Ritter's experience, leadership, and commitment to students throughout the selection process.

"The Board conducted a comprehensive search that attracted highly qualified candidates, and through that process identified Mr. Ritter as the best person to lead Campbell County Schools," Schultz said. "Mr. Ritter's proven leadership, deep knowledge of our district, and commitment to student success make him the right person to lead Campbell County Schools into the future."

Additional opportunities for staff, families, and community members to meet and engage with Mr. Ritter will be announced in the coming months.

Mr. Ritter will officially assume the role of Superintendent on July 1.
