**Annual Notice for Safeguarding the Rights of Immigrant Students**

The United States Supreme Court has long held that students may not be denied a free, public education based on their immigration status or that of their parents or persons in parental relation.

The Frontier CSD is committed to ensuring that all students have equal and uninterrupted access to a free, public education and are able to learn in a safe, welcoming, and inclusive school environment regardless of their actual or perceived immigration status, citizenship, nationality, or country of origin, or that of their parents or persons in parental relation.

Pursuant to New York State Education Law Section 3201-b, the Frontier CSD has strict protocols to protect students and families, including:

- Protection of Student Information and Educational Access
- Reviewing Immigration Authorities' Requests, and
- Emergency Contact Planning for Immigrant Students

In the event of an emergency, it is crucial that the District can reach parents, persons in parental relation, or emergency contacts immediately. We kindly request that all families take a few moments to review and update their emergency contact information through our e School Parent Portal
