

Miller County School Nutrition Program Limited English Speaking Students (LEP) Procedure

All School Nutrition Programs must take reasonable steps to ensure meaningful access to persons with limited English Proficiency (LEP) as well as persons with disabilities. To accomplish this task, all customers with LEP must be notified of their right to receive qualified, competent language assistance services free of charge and how to request these services. Eligible participants and their parents/guardians must also be notified about the availability of free auxiliary aids and services and other reasonable modifications and how to request these services.
