

Waiting List Information

Alpine Online will operate under an enrollment cap for the 26-27 school year.

Here is some important information:

Once the enrollment has met it's cap, families desiring enrollment will be directed to sign up on the wait list.

When a spot opens up (likely at each term), an Alpine Online teacher will reach out to you.

It is important that your child continue attending their school while on the wait list, as spots aren't guaranteed.
