

Qmlative

The Skyward Upgrade

Parent Information

July 27, 2026

On or after this date, all parents must delete and reinstall the Skyward app. Parents will also need to complete the Student Information Update (SIU) after this date.

August 2026

Q (Qmlative) will be fully implemented and ready for the first day of school.

Student information update: In years past, you could only update your student's info on a computer, not on a mobile device. Q allows users to update using a mobile device.
Hooray!
