Subject: Inclement Weather Days Information

Dear Nazareth Area School District Families,

I hope this message finds you safe and warm following this significant winter storm. As you experienced firsthand, Nazareth received 14 inches of snow, with some areas of Bushkill Township seeing upwards of 16 inches, according to the National Weather Service. Winter certainly made its presence known.

I am writing to follow up on our earlier communications from the fall regarding inclement weather days and to provide clarity on where we currently stand for the 2025–2026 school year.

As outlined in the approved school calendar and reinforced by our building principals, the district has three snow make-up days built into the calendar. These make-up days are used first before we transition to Flexible Instructional Days (FID), should additional school closures be required.

As of today, Monday, January 26, 2026, we have experienced three weather-related schedule disruptions:

- December 2, 2025 – Full day closure
- December 23, 2025 – Half day closure
- January 26, 2026 – Full day closure

As a result, the three snow make-up days will now be used as follows:

- Tuesday, March 31 – Snow Make-Up Day #1 (Full Day)
- Wednesday, April 1 – Snow Make-Up Day #2 (Full Day)
- Thursday, April 2 – Snow Make-Up Day #3 (Half day)

Please note that:

- Friday, April 3 – No School (Spring Break)
- Monday, April 6 – No School (Spring Break)

If additional inclement weather closures are necessary beyond today, the district will transition to Flexible Instructional Days (FID).

I would also like to extend my sincere thanks to our custodial and maintenance teams, who are out preparing our campuses for reopening, and to our local municipalities for their continued dedication to clearing roadways and supporting safe travel throughout the district. Their work behind the scenes makes a real difference for our students and staff.

An update regarding school operations for tomorrow, Tuesday, January 27, will be shared later this afternoon once conditions are fully assessed.

Thank you for your continued partnership, flexibility, and support as we navigate another Pennsylvania winter together. Please stay safe.
