

Family-School Relationships Survey

Overview

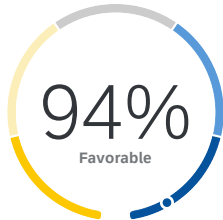

Schools that effectively engage families find that their students earn higher grades, score higher on tests, develop better social skills, and are more likely to graduate. By asking parents and guardians to provide feedback through surveys, schools and districts can gather actionable data and better understand how to build effective partnerships with families. The Family-School Relationships Survey provides schools and districts with a clear picture of family attitudes about an array of topics—including family engagement, barriers to engagement, school climate, and family efficacy. SAISD gathered families' input from February 19 through April 5.

Note: While the domain names remain the same as previous years, the questions and answer scales were changed for the 2023-24 school year. As a result, scores from the 2023-24 school year should not be directly compared to results from previous years.

This coming year I will have my 3 children reenrolled at Japhet. I would like to see more parent involvement but in order for that to happen the information to family engagement would have to require more output on when the meetings are and times. I would like to see more flyers going home reminding and also announcements online and social media. I would like for the school to be more organized online because that is where I acquire information for myself and this year I haven't seen the calendar done on the school website. The website all together needs to be updated with correct teachers and events happening. I would like to see more from the PTA because I was interested in joining and sadly I haven't seen but one meeting held all year. No announcements have been made. I would also like for the schools to ask more input from parents on events or family engagement activities so that way more parents come. My kids really enjoyed stem night with the CIS organization. Very good teachers	Miscellaneous
Transportation would be needed. After school programs are definitely needed, school doors need to open at 7am.	Transportation
I hope that the incoming teachers will be welcoming and support our students. I also like that the school is going back to a traditional elementary.	Welcoming, Supportive Environment
