NEXPLORE

3D Printing - Create+

Learn without limits with 3D Printing at Aspen Ridge Preparatory School!

Nexplore 3D Printing Create+ harnesses student's imaginations to bring art and science to life. The lessons use 3Doodler pens to take important STEAM concepts off the page while making space to tinker and make the designs their own. Students may build an entire city based on geometry, imagine their own reptiles and the ecosystems to support them, or apply the scientific method to complete engineering challenges. In Nexplore 3D Printing Create+, students will become scientists, engineers, and artists who love learning and creating!

$250
per student

5-8

Times and Dates:

Thursday

3:30pm-4:30pm

Sep 10, 17, 24

Oct 01, 08, 22, 29

Nov 05, 12, 19

To sign up, visit:

www.nexploreusa.com/register-your-child

1.) Select your state.

2.) Choose your school.

3.) Find the program and click "Register."

We use 3D Pens not 3D printers.

Nexplore's mission is to foster the Joy of Learning through enrichment opportunities so that all children may discover and explore a passion that drives them to excellence.
