NEXPLORE

3D Printing - Start+

Imagine and innovate with 3D printing at Aspen Ridge Preparatory School!

Nexplore 3D Printing Start+ empowers students to bring their imaginations into reality with 3Doodler pens. Each lesson combines a structured STEAM project with wiggle room to doodle, explore, and create their own ideas. Students might construct landforms to learn about geography or use geometry to make their own shapeshifters. Nexplore 3D Printing Start+ transforms STEM concepts into 3D projects and sparks joy as students watch science come to life.
