ALUMNI SPOTLIGHT: CHRIS BREEDING

A proud Woodbridge High School graduate, Chris Breeding (Class of 1998) continues to live out the values he learned as a Blue Raider. From his family farm to his career in agriculture, Chris remains deeply committed to his community, his industry, and the next generation.

1 WHAT ARE YOU DOING TODAY, AND WHAT DO YOU ENJOY MOST ABOUT YOUR WORK OR PURSUITS?

Chris lives in Greenwood on his family's century farm with his wife, Karen, and their two children, Quinn and Wyatt, who both attend Woodbridge schools. He is the manager of Ag Industrial, an equipment dealership in Dover, where the team specializes in selling agriculture and construction equipment.

Karen and Chris farm 275 acres, growing corn, soybeans, hay, and pasture. They also own and operate Tomahawk Cattle Beef and Twin Cedar Ag. Tomahawk Cattle Beef specializes in bulk Angus freezer beef and breeding stock, while Twin Cedar Ag provides agricultural seed products, including corn, soybeans, forages, and deer-repellent products.

Chris enjoys supporting and promoting the agricultural industry and, most importantly, raising his children on the same farm where his grandparents lived and worked. Life on the farm is teaching Quinn and Wyatt the values of responsibility, hard work, and thoughtfulness—values that he hopes they will carry with them throughout their lives.

2 WHAT ARE SOME OF YOUR FAVORITE MEMORIES FROM YOUR TIME AT WOODBRIDGE?

Playing on the Blue Raiders soccer team and participating in FFA activities are among Chris's favorite Woodbridge memories. He also enjoyed attending sporting events with friends to support our teams.

3 WHAT LESSONS DID YOU LEARN AT WOODBRIDGE THAT YOU STILL USE TODAY?

One of the most important lessons Chris learned at Woodbridge was the value of being proud, respectful, and supportive. His teachers and coaches taught him to take pride in who he is and in everything he does, while also respecting the people around him. Through sports, clubs, and classwork, he learned the importance of teamwork, responsibility, and supporting his classmates and teammates.

Those lessons continue to guide Chris today, both in his career and in raising his family. Farming and working in the agricultural industry require hard work, responsibility, and cooperation. He also tries to pass those same values on to his children. The lessons he learned at Woodbridge have stayed with him and continue to influence how he works, leads, and supports others.
