Judson Independent School District does not discriminate on the basis of age, race, religion, color, national origin, sex, marital or veteran status, disability or other legally protected status in its programs, services or activities as required by Title VI of the Civil Rights Act of 1964, as amended; Title IX of the Education Amendments of 1972; and Section 504 of the Rehabilitation Act of 1973, as amended.

Questions regarding the Compensation Plan may be referred to the Deputy Superintendent of Innovation, Business & Operations at (210) 945-5103.

JUDSON INDEPENDENT SCHOOL DISTRICT

MISSION STATEMENT

All Judson Independent School District students will receive a quality education enabling them to become successful in a global society.

BOARD POLICY - SALARIES, WAGES, AND STIPENDS

Authority for Compensation Plan

Board Policy DEA (LOCAL) states, "The Superintendent shall recommend an annual compensation plan for all District employees. Compensation plans may include wage and salary structures, stipends, benefits, and incentives." Board Policy DEAA (LOCAL) states, "The Superintendent shall recommend a stipend pay schedule as part of the annual compensation plan of the District:" Pay structures shall be designed and administered for the purpose of attracting and retaining qualified employees to achieve District goals. The Superintendent shall administer and maintain pay systems in accordance with board policies and administrative procedures.

The Superintendent shall administer the compensation plans consistent with the budget approved by the Board of Trustees. The Superintendent or designee shall classify each job title within the compensation plans based on the qualifications and duties of the position. Within these classifications, the Superintendent or designee shall determine appropriate pay for new employees and employees reassigned to different positions. The Judson Independent School District pay plan design is facilitated by the Texas Association of School Board's Human Resources Services. The plan is based on recognized pay principles that strive for equitable pay based on district jobs and competitive markets.

Description

Certified classroom teachers, District of Innovation teachers, librarians, nurses (RNs), and counselors will be paid no less than the minimum monthly salary on the state salary schedule based on total years of creditable experience as required by law. For other employees, the Superintendent or designee shall assign positions to pay grades that define the minimum and maximum base pay for the position. Jobs will be classified on the basis of qualifications and duties defined by the District. All employees will be paid within the assigned pay grade unless exceptions are granted by the Board of Trustees. The Superintendent or designee shall review pay structures annually and make approved adjustments to pay ranges (as applicable).

Pay Plan Administrative Procedures

Minimum Pay Requirements

Certified classroom teachers, librarians, registered nurses, and counselors will be paid no less than the state minimum salary schedule based on total years of credible experience. Experience will be credited according to the commissioner's rules on creditable service (19 TAC 153.1021). Salaries for these employees will be determined annually after Board of Trustees approval of the budget. Nonexempt employees will be paid no less than the current minimum wage in accordance with the federal Fair Standards Labor Act (FLSA).

District of Innovation (DoI) teachers are paid using the Board approved teacher salary scale based on verified years of service in teaching.

Local Pay Plans

The District will maintain position classification and pay structures for all jobs. Jobs will be grouped into position classification and pay grades in the following categories: (1) teachers, counselors, librarians, and registered nurses (RN's), (2) police department, (3) auxiliary, (4) clerical/instructional support, (5) information technology, (6) administrative/professional, and (7) bus drivers.

Each job will be assigned to a pay grade that determines the minimum to maximum pay range for the position. Pay ranges are set to be competitive with the relevant job market for benchmark positions. Jobs are assigned to pay grades on the basis of the following factors: (1) job qualifications and required skills; (2) job duties and responsibilities defined by the district; and (3) competitive job market prices.

Pay ranges are reviewed annually and adjusted as needed by the Board of Trustees. Employee compensation will advance through the pay range based upon the general pay increase budget approved by the Board of Trustees each year.

Reclassification of Current Positions

Pay grade assignments may be changed based on significant and sustained changes in the job duties assigned (increased or reduced) or changes in the competitive job market. A job reclassification occurs when the same position is moved to a higher or lower pay grade with Board approval. An upward or downward job reclassification will result in greater or lesser potential for pay advancement over time.

Base Pay for Exempt and Nonexempt Employees

Classification of Positions as Exempt or Nonexempt

All jobs will be classified as exempt or nonexempt in accordance with the requirements of the federal Fair Labor Standards Act (FLSA). The Human Resources department will determine the classification of each position based on a description of assigned job duties and the method of compensation. In order to be exempt, the employee's primary duties must fall under one of three types of exemptions: executive, administrative, or professional, as defined under the FLSA, and the employee must be compensated on a salary basis. All employees who do not meet the legal requirements for exemption are classified as nonexempt.

Basis of Pay for Exempt Employees

Exempt employees are paid on a salary basis for the number of months in their annual employment period. Payment on a salary basis means that employees are paid a fixed sum for the job regardless of the days or hours actually worked each week. Annual salaries may be adjusted for different duty assignments but salaried employees are not entitled to pay on a daily or hourly basis. Exempt employees do not receive overtime compensation.

Basis of Pay for Nonexempt Employees

Nonexempt employees are paid on an hourly wage basis for all hours worked each week. Employees who are nonexempt will receive compensation for additional hours worked through time or pay.

Prorating Pay for Reduced Work Year

Wages may be adjusted proportionately for employees who work less than full-time or less than a full year. If an employee works less workdays than the full workday calendar for the position, the employee's pay will be prorated. There are steps that need to be taken to determine the proration. First, calculate actual salary for the balance of the school year by determining the number of workdays remaining in the work-year calendar. Second, multiply the number of remaining days by the daily rate (or hourly rate x work hours). Last, divide the prorated salary by the number of paychecks remaining in the school year. Note: the fiscal school year is July 1st through June 30th.

Payroll Period

Employees will receive bank deposits or manual check according to the district's payroll schedule. All employees other than biweekly auxiliary employees, who work less than twelve months will have their annual compensation prorated over a twelve-month calendar period to provide year-round income.

Release of Paychecks

Paychecks will not be released to any person other than the district employee named on the check without prior written authorization and verification of identification.

Overtime Compensation

Overtime Defined

Nonexempt employees who work in excess of 40 hours within the defined JISD workweek are subject to overtime regulations in accordance with FLSA. For specific information regarding the finance computation of overtime at a premium standard rate, or compensatory time in lieu of monies, refer to Policy DEAB (Legal/Local).

An employee's regular work schedule may be adjusted during the week to limit or eliminate overtime. The District's workweek begins at 12:00 a.m. on Sunday and ends at 11:59 p.m. on Saturday.

At the District's option, nonexempt employees may receive compensatory time off, rather than overtime pay, for overtime work. The employee shall be informed in advance if overtime hours will accrue compensatory time rather than pay.

Authorization of Overtime

A cabinet staff member must approve all overtime worked in advance. Supervisors are responsible for preventing unauthorized overtime. Employees who work unauthorized overtime may be subject to disciplinary action. Supervisors of nonexempt employees must ensure that employees understand how they will be compensated for overtime (compensatory time or pay) prior to the employee working overtime hours.

Overtime pay requirements cannot be waived by voluntary agreement between the school district and the employee and the employee cannot "donate" overtime or agree to be paid at reduced rates.

Compensation for Overtime

Compensation for overtime hours will be awarded at 1.5 times the regular rate of pay after physically working a 40 hour workweek.

Effective September 1, 2025, the District has updated its practice regarding overtime compensation for all employees in Pay Grade 300 - Clerical and Instructional Support. Judson ISD Board Policy DEAB(LOCAL) states, "[a]t the District's option, nonexempt employees may receive compensatory time off, rather than overtime pay, for overtime work."

Use of Compensatory Time

Employees who have accrued compensatory time must use that time before using other accrued leave, unless approved by their immediate supervisor prior to the absence. All compensatory time must be used prior to the end of the employee's assigned calendar work days.

Supplemental Duty Pay

Exempt employees who are assigned supplemental duties that accrue extra pay will be compensated according to the District's schedule for extra duty pay. Extra duty pay is not a property right. All extra duty pay and supplements are reviewed and modified on an annual basis, and are dependent on available funding.

Retire-Rehire Surcharge

Beginning with employees hired on or after September 19, 2025, pursuant to House Bill 2, TRS-rehired retirees will be responsible for paying the retire-rehire surcharge rather than the employer. For current employees hired before September 19, 2025, this change will take effect starting with the 2026–2027 school year.

Differential Pay

Occasionally a position becomes vacant through resignations, retirement, leave of absence, or an extended employee absence. During these situations, the supervisor may find it necessary to delegate the responsibilities of that position within the department or school campus for continued efficiency. The employee delegated these responsibilities will assume them in addition to their regular duties and responsibilities.

In such situations, the employee's supervisor may request approval from the Superintendent to award that employee differential pay for the period of time during which the employee performs responsibilities in addition to their existing duties. An employee is eligible to receive differential pay only for the period of time during which the employee is assigned the responsibilities of another position in addition to the employee's existing responsibilities. The period of time may not exceed a period of sixty (60) working days except in unusual circumstances approved by the Superintendent. The rate of differential pay will be calculated by determining the difference between the current daily rate and the daily rate of what the employee would earn if that employee had been assigned, promoted, or reclassified to the vacant position. Differential pay is not available for employees who assume delegated responsibilities of positions in an equal or lesser pay grade than the one in which they are currently classified.

Stipend Pay

The Board of Trustees will approve a schedule of stipends for extra duties. Employees on the teacher pay scale and high school athletic coordinators are eligible for stipends. Employees receiving a mentor stipend will be required to submit a stipend verification form twice per year. Employees receiving a UIL event stipend must compete in a minimum number of district level UIL competitions, as determined by the appropriate department and submit UIL competition information, once a year, at the end of UIL competitions.

If an employee who receives an annualized stipend exits the district before they have worked their required contracted duty days, they will only receive a prorated stipend amount based on the number of duty days worked. If the amount of the stipend that has already been paid out is more than the prorated amount for the number of days worked, the district will recover the overpayment amount. If the event that a UIL Athletic or Academic season is partially or fully cancelled due to a mandatory school closure, stipends may not be paid or may be partially paid for the particular season which was cancelled or shortened. This applies regardless of whether the UIL athletic or academic has concluded; compensation will be prorated and not paid in full.

Non-exempt staff are not eligible for a traditional stipend pay. However, they may still work the job duties and must be paid an hourly rate for their time.

A blended (or weighted) overtime rate will be calculated and applied to overtime pay when a non-exempt employee works over 40 hours in a week in different jobs at different rates.

The District does not permit non-exempt employees to be assigned coaching or other extra-curricular activities, especially those that are paid in the form of a stipend.

Exempt Employees

Exempt employees may receive compensation, in addition to their salaries, through the assignment of additional supplemental duties. Stipends are assigned by the Principal. The additional stipend will be compensated according to the district's schedule for additional stipend assignments.

The assignment of duties aligned with a stipend is intended to compensate exempt employees for performance of those duties in the school year assigned. Stipend assignments are not retroactive to prior school years. These assignments may be discontinued at any time for any reason or no reason, by either party. The stipend may be prorated in the event that an individual is unable to perform the duties for the entire period as indicated. It is the responsibility of the principal to verify that an individual met the minimum standards to be eligible for the stipend.

An employee does not have a property right to stipend and continuation of the assignment for the following year is subject to change and dependent on availability of funding.

General Pay Increase

Eligibility for General Pay Increase

Employee salaries and wages will be reviewed annually by the Board of Trustees for adjustments.

Pay Increase Budget

The Superintendent may recommend an amount for general pay increases as part of the annual budget process. Budget recommendations for general pay increases will be based on available revenue, changes in minimum pay laws, competitive job markets, and district compensation objectives. Employee pay increases will be based on the budget approved by the Board of Trustees.

General Pay Increase Calculations

The general pay increase will be calculated for each employee by applying the percent of the salary increase approved by the Board of Trustees to the midpoint of each employee's pay grade such that all employees in the pay grade receive the same rate of increase. State required pay increases for classroom teachers, librarians, counselors and other certain professionals will comply with the state minimum salary standards.

No employee's pay will be increased beyond the maximum of their assigned pay grade unless the Board of Trustees approves a special adjustment.

Promotional Increase

Promotion Defined

A promotion occurs when an employee is selected for a different job in a higher pay grade. Pay adjustments for promotions will begin with the effective date of the new assignment.

Promotion Increase for the Exempt Employees

A promotion increase is based on an employee's current base pay less any stipends. Promotion increases will be based on rates of pay for the assigned pay grade and will be determined by these guidelines: 1. No employee will be paid below minimum of the new pay grade. 2. Employees entering a new or different pay grade will be paid in accordance with Judson ISD human resources standards.

Promotion Increase for Non-Exempt Employees

A promotion increase is based on an employee's current hourly base rate of pay and will be determined by these guidelines: 1. No employee will be paid below minimum of the new pay grade. 2. Employees entering a new or different pay grade will be paid in accordance with Judson ISD human resources standards.

New Hire Placement

Teachers, Counselors, Librarians, and Registered Nurses

For these job titles, a hiring schedule is prepared annually to facilitate placements by total years of creditable service. Experience is credited for teachers, counselors and librarians according to the commissioner's rules on creditable service. Registered nurses are required to submit an experience affidavit and are credited with verifiable full-time work experience as a registered nurse. The hiring schedule for these positions is subject to change each year and should not be used to predict future salaries. Experience is counted based on the authorized date of the hiring schedule.

Administrative/Professional Pay Structures

Placement of new hires will be determined by the employee's applicable years of experience in the district and/or relevant to the position. The guidelines for placement are as follows: 1. The human resources department will determine each new hire's level of job-specific experience based on verifiable documentation or service records submitted by the new hire within 30 calendar days from the first work day. Any additional pay resulting from amendments to applicable years of experience approved by the human resources department will not be retroactive once the initial school year concludes. After this deadline, Human Resources can accept prior district service records to be added to their personnel file. Review of salary is at the discretion of the school district. (Tex. Civ.Prac. & Rem. Code § 16.004). 2. No employee will be placed below the minimum of the pay grade.

Police, Clerical/Instructional Support, and Auxiliary Pay Structures

Placement of new hires will be determined by the employee's pay grade and applicable years of experience in the district and/or relevant to the position. The guidelines for placement are as follows: 1. The human resources department will determine each new hire's level of job-specific experience based on verifiable documentation submitted by the new hire within 30 calendar days from the first work day. Any additional pay resulting from amendments to applicable years of experience approved by the human resources department will not be retroactive once the initial school year concludes. After this deadline, Human Resources can accept prior district service records to be added to their personnel file. Review of salary is at the discretion of the school district. (Tex. Civ.Prac. & Rem. Code § 16.004) For skilled or technical positions, other department personnel will assist with determination of job-specific experience. 2. No employee will be placed below the minimum of the pay grade.

Teacher Compensation Plan for 2026-2027
