Birthdays at BOMUS

We love celebrating your children at BOMUS, especially on special days like their birthday!

- If you plan to celebrate your child's birthday in school it needs to come directly from the vendor or prepackaged. Please refrain from sending in nut products and other classroom allergies!

Class Dojo & Apptegy

- Is a school wide communication system that allows you to communicate with your child's teacher through messages and class stories.
- If you haven't already done so please download the class dojo app on your phone
- We will be transitioning to the Apptegy platform, a communication platform that helps schools streamline communication with parents. It provides a central hub for all school-related information, such as announcements, news, and messages from teachers, accessible through a mobile app and website

Send us your family picture!

Our students love to see pictures of their families in our classrooms (also gives a sense of comfort!) If you haven't already done so please send your child's teacher a picture through dojo or a hard copy!
