

## **Estimated Costs for Proposed K-8 Schools**

The design-build process may involve phasing the project, with renovations to existing buildings and construction of new buildings occurring in stages.

Construction of new elementary buildings and renovation of existing middle school buildings are contingent upon School Board approval of capital funding.

*Disclaimer: Any dollar amounts referenced are estimates for planning purposes only and should not be considered final or exact amounts.*

### **Williams/Lincoln K-8 Estimated Opening August 2028**
