MARCH

Priaire Grove Pre-K

Our Learning

This month we continue to work on skills to help us prepare for kindergarten:
-writing first name
-naming letters and saying sounds for letters
-recognizing rhyming words
-isolating and saying the first sound of a word
-recognizing and naming shapes
-counting to 20
-following two and three step directions
-speaking/listening and taking turns talking in a conversation
In science we are learning about plants and animals in our life science unit.
In math we are working on simple addition using our fingers and manipulatives.
In literacy, we are learning about characters, setting and sequencing events of a story using fairy tales.

Read Across America Week

We are excited to celebrate Read Across America Week in March! We have lots of fun activities planned for our students during this week. You can find more information on the back of the newsletter.

Reminder

Licensing regulations do not allow for students bringing food into the center except for a lunch box with items meeting nutritional requirements. If your child has breakfast/snack in the mornings, it will need to stay in the car when they get out. Thanks for your help.

Important Dates

March 2-6 - Read Across America Week

March 12 - Class pictures

March 23-27 - SPRING BREAK
