

## Welcome to Greyhills Academy High School

### Be open:

You will encounter people with different personal histories and upbringings. You will have to be tolerant and open to their ways of living, opinions and habits.

Peace is the keyword.

Sharing is caring:

Initially, you may have to live with people whom you don't know and will have to share a room, bathrooms, dining tables - almost everything (including personal belongings!) with them. But soon enough, you'll have close friends with whom you could be sharing.

ENJOY!

Lastly, explore your school and enjoy. You could have the time of your life studying and preparing for your exams along with 'growing up'. But whatever you do, just remember that you are on your own so be responsible. Always! Remember that there have been many a winners away from home... And you are one of them!
