Model Policy for Bullying Prevention

Dwight Township High School #230 finds that a safe, civil, and healthy school environment is necessary for all students to learn and achieve. Bullying causes physical, psychological, and emotional harm to students, which interferes with this safe, civil, and healthy learning environment. Additionally, bullying has been linked to other forms of antisocial behavior, such as vandalism, shoplifting, skipping or dropping out of school, fighting, using drugs and alcohol, sexual harassment, and sexual violence (105 ILCS 5/22-110).

Bullying on the basis of actual or perceived race, color, religion, sex, national origin, ancestry, physical appearance, socioeconomic status, academic status, pregnancy, parenting status, homelessness, age, marital status, physical or mental disability, military status, sexual orientation, gender-related identity or expression, unfavorable discharge from military service, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic is prohibited. Bullying is contrary to state law and the policies of Dwight Township High School #230**.** No student shall be subjected to bullying:

1. During any school-sponsored education program or activity
2. While in school, on school property, on school buses or other school vehicles, at designated school bus stops waiting for the bus, or at school-sponsored or school-sanctioned events or activities
3. Through the transmission of information from a school computer, a school computer network, or other similar electronic school equipment
4. Through the transmission of information from a computer that is accessed at a non-school-related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by a school district or school if the bullying causes a substantial disruption to the educational process or orderly operation of a school. This item (4) applies only in cases in which a school administrator or teacher receives a report that bullying through this means has occurred and does not require a district or school to staff or monitor any non-school-related activity, function, or program.

Nothing in this policy is intended to infringe upon any right to exercise free expression or the free exercise of religion or religiously-based views protected under the First Amendment to the United States Constitution or under Section 3 of Article I of the Illinois Constitution.

A. Definitions: (105 ILCS 5/22-110).

1. Placing the student or students in reasonable fear of harm to the student's or students' person or property
2. Causing a substantially detrimental effect on the student's or students' physical or mental health
3. Substantially interfering with the student's or students' academic performance
4. Substantially interfering with the student's or students' ability to participate in or benefit from the services, activities, or privileges provided by a school

Bullying may take various forms, including, without limitation, one or more of the following: harassment, threats, intimidation, stalking, physical violence, sexual harassment, sexual violence, theft, public humiliation, destruction of property, or retaliation for asserting or alleging an act of bullying. This list is meant to be illustrative and non-exhaustive.

Cyber-Bullying- Bullying through the use of technology or any electronic communication, including, without limitation, any transfer of signs, signals, writing, images, sounds, data, or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic system, photoelectronic system, or photo optical system, including, without limitation, electronic mail, internet communications, instant messages, or facsimile communications. "Cyber-bullying" includes the creation of a webpage or weblog in which the creator assumes the identity of another person or the knowing impersonation of another person as the author of posted content or messages if the creation or impersonation creates any of the effects enumerated in the definition of bullying. Restorative Measures- A continuum of school-based alternatives to exclusionary discipline, such as suspensions and expulsions, that: (i) are adapted to the particular needs of the school and community, (ii) contribute to maintaining school safety, (iii) protect the integrity of a positive and productive learning climate, (iv) teach students the personal and interpersonal skills they will need to be successful in school and society, (v) serve to build and restore relationships among students, families, schools, and communities, (vi) reduce the likelihood of future disruption by balancing accountability with an understanding of students' behavioral health needs in order to keep students in school, and (vii) increase student accountability if the incident of bullying is based on religion, race, ethnicity, or any other category that is identified in the Illinois Human Rights Act.

School Personnel- Persons employed by, on contract with, or who volunteer in a school district, charter school, or non-public, non-sectarian elementary or secondary school, including without limitation school and school district administrators, teachers, school social workers, school counselors, school psychologists, school nurses, cafeteria workers, custodians, bus drivers, school resource officers, and security guards.
