

FOR IMMEDIATE RELEASE

Joint Statement from Glen Rock Public Schools and the Glen Rock Police Department

May 1, 2026

The Glen Rock Public Schools administration and members of the Glen Rock Police Department have spent significant time since the March 13 swatting incident engaging in a thorough and collaborative review of the response. Through in-person meetings and open dialogue, both teams conducted a comprehensive debrief, carefully examining what worked well and identifying areas for improvement.

This process has been thoughtful, constructive, and forward-focused. By sharing perspectives and learning from one another, we have strengthened our coordination. We are actively incorporating these insights into our ongoing practices, refining our approach, and continuing to build on the strong foundation already in place. As a result of these meetings, we have enhanced coordination and refined our approach to ensure we are best prepared to move forward. These improvements are being actively incorporated into our ongoing operations.

To ensure the effectiveness of our safety efforts, specific details regarding security measures will not be publicly shared. We remain committed to continuous improvement, strong communication and close collaboration in support of the safety and well-being of the Glen Rock community.
