Program Overview

The New York State Bridge Authority (NYSBA) Summer Internship is a 12-week, full-time, paid program offering a unique opportunity for motivated and high-potential individuals interested in building a career at a fast-paced, dynamic, public transportation authority. Participants will have the opportunity to gain meaningful developmental and work experience during this program, with exposure to real-world projects and experts in their field. The program also offers a Career Awareness component every other Friday to build cross-functional expertise and to allow time to develop functional, technical and leadership competencies.

Program Benefits

In addition to the day-to-day exposure to projects and skills at NYSBA, you will have the opportunity to meet with Senior Leadership from many different departments with years of experience in a number of fields. To maximize your learning, the program is designed to provide you with both job experience and hands-on classroom instruction. Scheduled workshops are incorporated into the workday to increase career awareness in the transportation industry in addition to focusing on building leadership, communication skills and time management.

Life after the Program

By the end of the program, interns will have unique insight into career paths available at NYSBA and other local industries through hands-on exposure to career-specific presentations. This program will provide you with an opportunity to: experience a full-time workload; provide insight into your career goals; discover what you enjoy doing; and, what you are good at. You will finish this Summer Internship program ready for your next career move, with a direct line to potential NYSBA job opportunities.
