Certifications Available: CNA & LPN **Student Organizations:** HOSA Future Health Professionals; **PN Program Approval:** "The Indian Capital Technology Center is approved by the Oklahoma Board of Nursing. Graduates of this state-approved program are eligible to apply to write the National Council Licensure Examination (NCLEX) for (registered or practical) nurses. Applicants for Oklahoma licensure must meet all state and federal requirements to hold an Oklahoma license to practice nursing. In addition to completing a state-approved nursing education program that meets educational requirements and successfully passing the licensure examination, requirements include submission of an application for licensure, a criminal history records search, and evidence of citizenship or qualified alien status [59 O.S. §§567.5 & 567.6]. To be granted a license, an applicant must have the legal right to be in the United States (United States Code Chapter 8, Section 1621). In addition, Oklahoma law only allows a license to be issued to U.S. citizens, U.S. nationals, and legal permanent resident aliens. Other qualified aliens may be issued a temporary license that is valid until the expiration of their visa status, or if there is no expiration date, for one year. Applicants who are qualified aliens must present to the Board office, in person, valid documentary evidence of: 1. A valid, unexpired immigrant or nonimmigrant visa status for admission into the United States; 2. A pending or approved application for asylum in the United States; 3. Admission into the United States in refugee status; 4. A pending or approved application for temporary protected status in the United States; 5. Approved deferred action status; or 6. A pending application for adjustment of status to legal permanent resident status or conditional resident status. The Board has the authority to deny a license, recognition or certificate; issue a license, recognition or certificate with conditions and/or an administrative penalty; or to issue and otherwise discipline a license, recognition or certificate to an individual with a history of criminal background, disciplinary action on any professional or occupational license or certification, or judicial declaration of mental incompetence [59 O.S. §567.8]. These cases are considered on an individual basis at the time application for licensure is made. Potential applicants to state-approved education programs, with a criminal history, may obtain a determination of eligibility for licensure or certification from the Oklahoma Board of Nursing for a fee. The determination of eligibility for licensure petition can be accessed at http://nursing.ok.gov/initialdeterm.pdf. Additional information regarding these matters can be found on the Oklahoma Board of Nursing website: http:// nursing.ok.gov or by contacting: Oklahoma Board of Nursing, 2501 N.
