

Lasara ISD

High-Quality Prekindergarten Family
Engagement Plan

2025–2026 School Year

Family Engagement Mission

- Lasara ISD believes strong family partnerships support student success.
- Families, schools, and the community work together to promote early learning and school readiness.
- We are committed to creating welcoming, collaborative, and supportive environments for all families.

Primary Point of Contact

- Early Childhood/Prekindergarten Campus Administration:
 - Principal - Adrian Montemayor,
amontemayor@lasaraisd.net
956-642-5466
 - Dean - Angela Perez,
a.perez@lasaraisd.net
956-642-5466
- Families may contact the campus for resources, support, and educational information.
- Communication methods include phone calls, social media, flyers, Remind, and parent meetings.

Facilitating Family-to-Family Support

Creating opportunities for families to connect, share experiences, and support one another to strengthen family engagement and student success.

- PK Family Literacy Events
- PK Round Up
- PK parent meetings and family engagement events
- PK orientation activities
- PK campus celebrations and collaborative activities

Community Resources

Lasara ISD will build partnerships with community organizations to connect families with resources through a community resources handbook and district-wide events that support student and family success.

- Partnerships with Region One ESC and community agencies
- Sharing information regarding health, counseling, and educational services
- Connecting families with programs that support children and families
- Provides summer meals to community members 0-18 years of age.

Family Participation in Decision-Making

Participation in district and school-wide decision-making throughout the year empowers caregivers as their child's first teacher and advocate while strengthening family-school partnerships.

- Parent surveys and feedback opportunities
- Participation in campus committees and activities
- Ongoing communication between families and staff
- Strategic Planning community meeting

Equipping Families with Learning Tools

Caregivers are provided multiple opportunities to learn about student progress, support learning at home, and participate in personal extended learning opportunities throughout the year.

- Take-home learning activities and educational resources
- Family reading and math nights
- Parent conferences focused on student growth
- Support for early literacy and language development

Developing Staff Skills

Prekindergarten teaching staff participate in professional development that supports culturally diverse, relevant, and responsive family engagement practices to strengthen relationships and enhance instruction.

- Professional development on family engagement strategies
- Training on evidence-based practices
- Collaboration with Region One ESC and district staff
- Use of PK guidelines

Evaluation and Continuous Improvement

An ongoing campus and district needs assessment process will gather stakeholder input to improve instruction, school climate, and family engagement practices.

- Annual review of family engagement efforts
- Use of surveys and participation data to improve programs
- Family and staff feedback will guide future planning
- Title 1 survey
- Campus Improvement plan cycle

Transition to Kindergarten Activities

- Kindergarten Round-Up and registration support
- Campus visits and orientation opportunities
- Collaboration between Pre-K and Kindergarten teachers
- School readiness support activities

TEA HQPK Rubric Alignment

- The Family Engagement Plan aligns with TEA HQPK requirements.
- The plan includes required and recommended components.
- Focus areas include communication, partnerships, and student readiness.

Thank You

Lasara Independent School District
