Tour of the school
How to be a COBRA

CHOICE

2025-26

MIDDLE SCHOOL

CHOICE PROGRAMMING

NEW FEEDER PATTERN

FPS FEEDER PATTERNS

Google: FPS Focus on the Future for more information

What schools will my child attend?

Holcomb & Owl Creek	Holt Middle School	John L Colbert Junior High
Asbell, Butterfield, & Vandergriff	McNair Middle School	NEW Woodland Junior High
Leverett, Washington, Root, & Happy Hollow	NEW Middle School (former Woodland campus)	NEW Ramay Junior High

4th Grade

These students will be in 6th grade at the time of implementation. For students who are assigned to a different middle school than the one where they attended for 5th grade, a one-year grandfather provision will be applied that guarantees the student will be awarded an in-district transfer upon parent request. This will allow the student to complete middle school at the same building they started. But, as with all in-district transfers, parents will be required to provide transportation for their child. The student will then be assigned to the respective junior high in accordance with the new feeder pattern. In-district transfers requests can be made for junior high attendance and will be granted on the basis of capacity availability.
