Summer Break
By Brooklyn Cook

My favorite season is summer. The reasons I like summer are that I don't have to wake up early and I play sports. A sport that you can play in the summer is soccer, which I play. You can also play baseball (softball), tennis and swimming. Summer is the brightest and hottest time of year.

The months of summer are June-August. You also get to play outside most of the time. A lot of people go to their friends' houses and play with them during summer break. You can invite your friends over to your house too.

A lot of people also go to the park for summer break. You can invite your friends to the park. You can either play on the swings, slides and more or you can walk around. Summer is fun because you get to do whatever you want. I hope you guys enjoy your summer.

The Results are In!

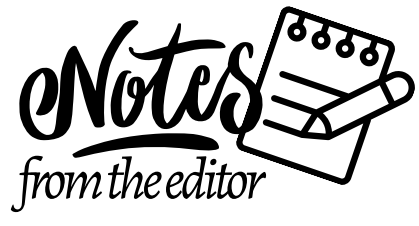

Summer break is almost here! Based on this poll, most of you would chose swimming or vacationing as a favorite summer activity!

Here are the results:

Go Swimming	*149*
Take a Vacation	*139*
Run through Sprinklers	*21*
Sleep In	*15*
Play at the Park	*12*
Reading	*11*

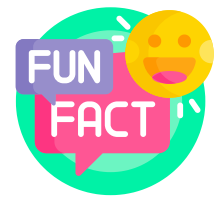

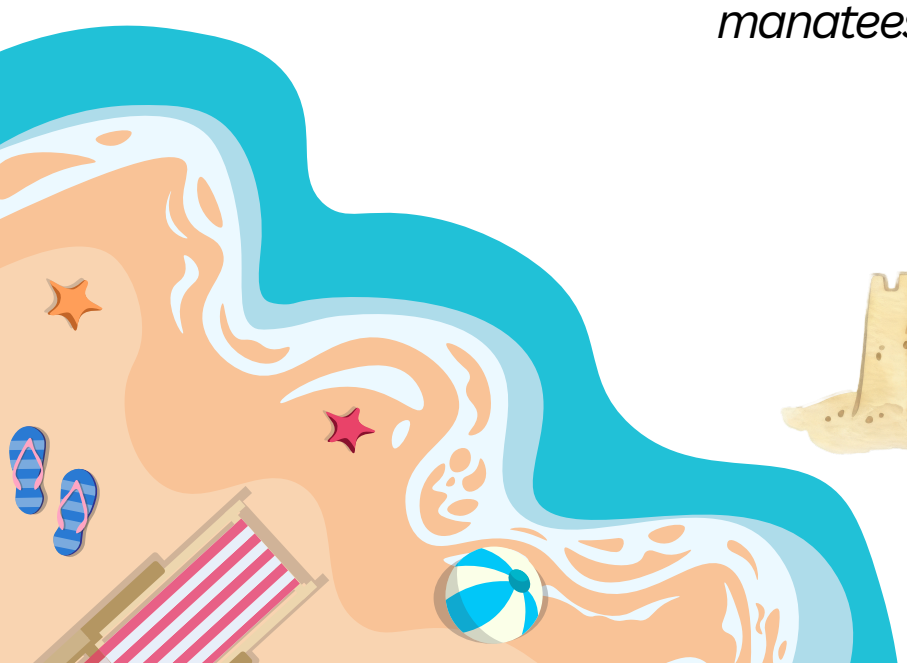

Whatever you do - I hope you have a wonderful summer break!

It has been another amazing year here at West Blvd Elementary. I wish everyone a safe and wonderful summer break. Thank you to my wonderful West Wisdom Staff for working so hard and making a great newspaper for our school. Good luck to our outgoing 3rd graders next year at BCIS. WEST is BEST!

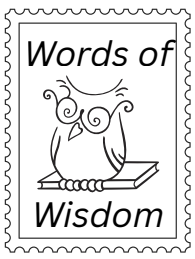

Mrs. Roth loves manatees

The best way to get started is to quiet the talking and begin doing.

In the Spotlight

Staff Spotlight - Mrs. Cuffle
By Charley Westrem

You might have seen her but didn't know who she was or what she does. Mrs. Cuffle helps with 2nd and 3rd grade at West. She's from Canfield and started working here in October. She chose to work here because she loves working with kids. She likes the students and kind staff. She likes everything about West.

Her favorite hobby is reading. Mrs.Cuffle's favorite store is Ulta and she loves the restaurant Nicolinni's. She also loves the color purple and her favorite vacation is the Bahamas. Working at West is her only job. Mrs. Cuffle has 2 kids that are boys one is named Cole the other one is Chase. She also has a golden doddle named Archie.

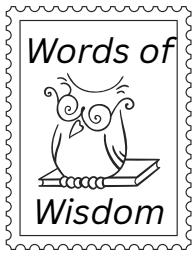

I hope you get to meet Mrs. Cuffle because I think she is really nice.

Student Spotlight - Zoey Jennings
By Kevin Price Jr.

You may have heard at the beginning of the school year that Zoey Jennings house burned down.

Zoey felt sad and shocked at first but they built her a new house and that took a lot of time. I asked her how it was going to school after her house burned down and she said it was hard going to school while not having a place to call home. She said it was hard because she had to live in a temporary house this year, but she got through it. She often thought about not having a house while at school. She got through the day by thinking of things that don't worry her. The good news is nobody got hurt.

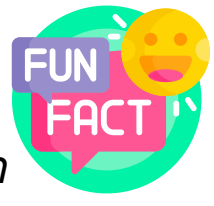

Zoey said her family is doing good. Also her family is happy about moving and they like the new house.

Mistakes are the portle to discovery

Things of Interest
By Emilia

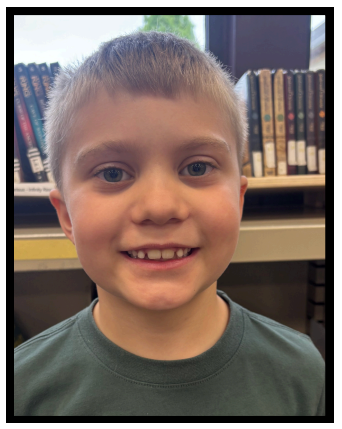

Field day is really fun.

Field day comes once a year at the end of the school year. At West we often get to play games like tug of war, bouncy ball race, hula hoop, and a game where you try to get all the balls in the bucket. Here is also another really fun game - it is when you soak a sponge in a bucket of water and run with it to another bucket and squeeze the water out then you give the sponge to the next person. There is also a game where you go in a pattern with a sponge and it has water on it and it goes up or down. After you are done with all of the activities you get to have a popsicle and play on the playground.

Have you ever wondered who is in charge of field day? Mr. Flores and the PTA are in charge of it. What is your favorite game during field day? Well mine is the sponge race. It is super really fun but it gets you really wet.Tug of war is really fun because the classrooms go against each other and the teachers often join in.

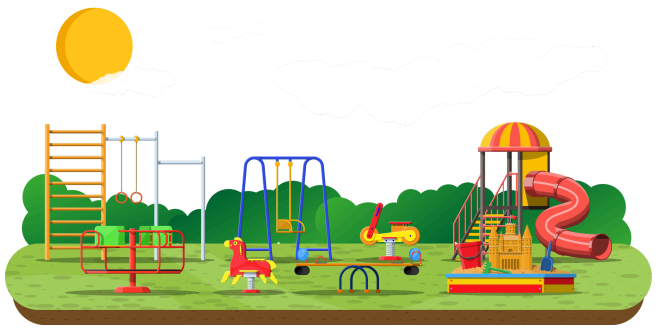

I love field day so much. I hope you like field day too.

Have you ever missed school before ?
Missing school could be good or bad. You would have to catch up on a little bit of work. I have missed a couple days of school before and I had to catch up on a lot of work. Sometimes you miss school because you're sick or you have a day where you have a family trip planned. Many students have missed school for many many reasons. Although this student has never missed school this year. His name is Ellis Hird. I asked him how it feels to never miss school. And he said that he feels happy to never miss school. He feels happy and excited and proud to be the only student to have perfect attendance this year at West. Lastly, I asked him if it is hard to come to school every day. He said it is hard to come to school when he is sick but he does because he likes school and his teachers.

I hope everybody has a great summer!

PTA Corner
By Evelyn Durse

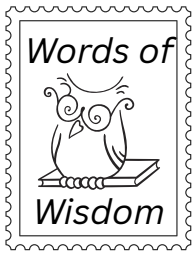

I interviewed Mrs. Morales-Wilkins from the PTA and she told me about some stuff coming up.

There is the end of the year party at Boardman Park on May 22nd at 5:30 to 8:00 pm there will be bounce houses, food, games, and it is free to families. There is also the 3rd grade picnic. It will be on Wednesday May 27th and there will be an obstacle bounce house, photo booth, kids karaoke and games. There will be a 3rd grade clap out on Thursday May 28th at 2:45pm. Parents can line up at the playground to clap for the students leaving West for BCIS.

The PTA will meet a couple times this summer. They will talk about stuff to do for the kids next year and some fundraisers and stuff for the teachers.

Mrs. Scrocco likes to paddle board

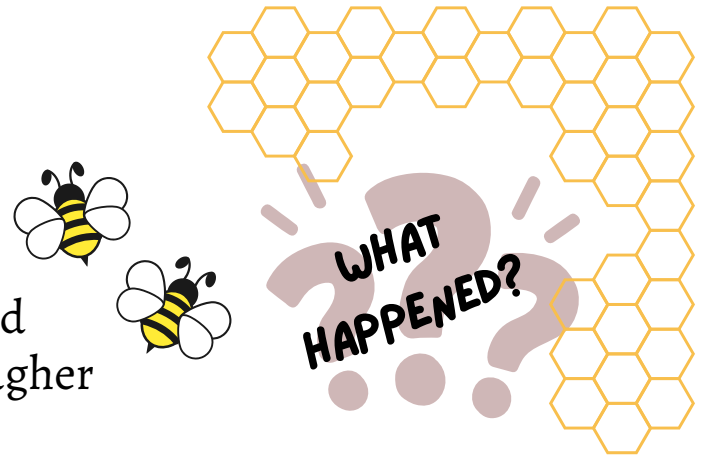

If you can dream it you can do it.

Ask Cervello
By Adaline Candella

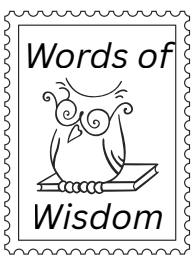

I interviewed Mr. Cervello. His favorite thing about his job is working with kids and colleagues. Colleagues are adults that you work with. He thinks of the adults as family. Mr.Cervelo has a separate job outside of school. He works at a golf course but he does not get payed at the golf course. He said he LOVES school.

Some days of work are good and some are bad, but most of the time it is good. Some of his own kids went to school here at West. He says he has a COOL job. West is best!

What Happened
By Selena Farragher

Did you have fun at the bee assembly because I did. If you were not here you are in luck because this article is all about the bee assembly. The bee assembly was on Apr.1 and Apr. 2 because they split the 4 grades into 2 each day. At the assembly we learned about bees. The bee person's name was Julie Bartolono. At the bee assembly we got to do a little game and we got to see the bee's. And we even got to see the Queen bee. The bee people let us look at the cycle of a bee's life, they even let us look at pictures of bees. We got to learn about bees too. Did you know that bees collect nectar and pollen from flowers. I hope you had as good a time at the bee assembly as I did.

If it wasn't hard everyone would do it.
It's the hard that makes it great.

7. Go camping
8. Go on a weekend road trip
9. Visit the Zoo
10. Explore outside

The secret to getting ahead is getting started

Mrs. Lines rode a camel

Movie Review
By Jack Lorenzi

Right now Disney/Pixar's newest movie, and my personal favorite, is Hoppers.

Hoppers is a movie about a 19 year old girl named Mable Tanaka. The other main characters are Loaf, King George, Titis, Insect Queen, Fish Queen and the Snake Queens. The main story of Hoppers is that Mable wants to save a creek that her and her grandmother went to every day. The plot revolves around Mable using a machine to transfer her mind into an animal suit.

Mable accidentally squishes the insect queen making Titis the insect king. Titis figures out how to reverse engineer the animal suit so he can take over a human suit. Hoppers is like Avatar, but for kids.

It is an action packed emotional thriller that I think you will love.

That's why I love Disney/Pixar's Hoppers and its story.

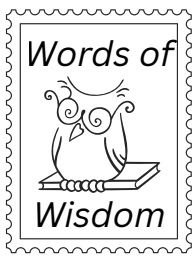

Book Review
By Peighton Baco

What's your favorite book? My favorite book is Dog Man Fetch 22. There are 14 books in the Dog Man series.

In Dog Man Fetch 22 the main characters are Dog Man, Lil Petey, the Fair Fairy, Chief, Petey and Flippy. In Dog Man Fetch 22 there are 22 baby frogs that eat these things called super brain dots and they get brain powers that make them evil. Dog Man collects all the super brain dots in the city in a wagon and Dog Man accidentally drops a wagon in a pond and that is how the 22 baby frogs get their powers. If you want to know the rest of Dog Man Fetch 22 you should read the book.

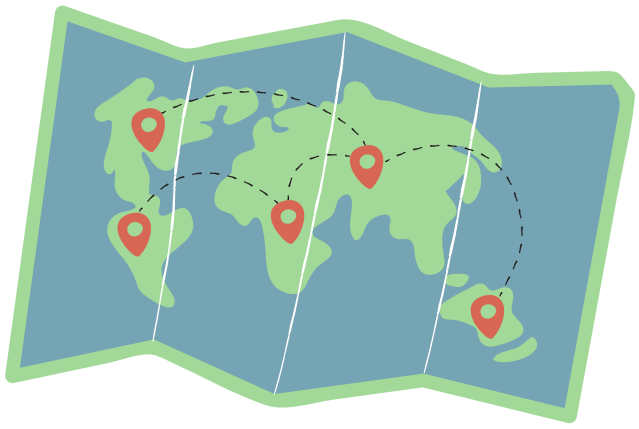

I hope you like Dog Man fetch 22 as much as I did.

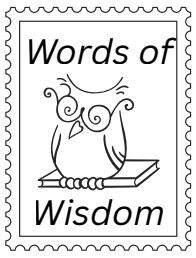

You grow through what you go through
