Welcome to Northwest Middle School. The *staff and I are pleased to have you as a student and will do our best to help make your experience here as enjoyable and successful as you wish to make it. To help provide a safe and productive learning environment for students, staff, parents and visitors, the Board of Education publishes this updated Student/Parent Handbook annually to explain students' rights, responsibilities and consequences for misbehavior.*

Parents are encouraged to take a few minutes to review and discuss the information in this Handbook with their school-age children. Teachers will also review this Handbook with students at the beginning of the school year.

Thank you for taking the time to become familiar with the important information in this Handbook. If you have any questions, please contact the *principal.*

FOREWORD

This Student Handbook was developed to answer many of the commonly asked questions that you and your parents may have during the school year and to provide specific information about certain Board policies and procedures. Please take time to become familiar with the important information contained in this Handbook and keep the Handbook available for frequent reference by you and your parents. If you have any questions that are not addressed in this Handbook, you are encouraged to talk to your teachers or the building principal. This Handbook replaces all prior handbooks and other written material on the same subjects. This Handbook does not equate to an irrevocable contractual commitment to the student, but only reflects the current status of the Board's policies and the School's rules. If any of the policies or administrative guidelines referenced herein are revised the language in the most current policy or administrative guideline prevails. Copies of current Board policies and administrative guidelines are available from the building principal and on the District's web site.

MISSION OF THE SCHOOL

We proclaim education is important to the lives of all. Our goal is to promote a positive atmosphere and attitude of continual, lifelong learning by providing the tools necessary for that to occur.

EQUAL EDUCATION OPPORTUNITY

This District provides an equal educational opportunity for all students.

Any person who believes that s/he has been discriminated against on the basis of his/her race, color, disability, religion, gender, or national origin while at school or a school activity should immediately contact the School District's Compliance Officer(s):

NMS Principal, Jason Burton, 740-259-2528

Complaints will be investigated in accordance with the procedures described in this Handbook. Any student making a complaint or participating in a school investigation will be protected from retaliation. The Compliance Officer(s) can provide additional information concerning equal access to educational opportunity.

RESPONSIBILITIES

The School's rules and procedures are designed to allow students to be educated in a safe and orderly environment. All students are expected to follow staff members' directions and to obey all school rules.

Students must arrive at school on time, prepared to learn and participate. If, for some reason, this is not possible, the student should seek help from the front office.

In order to keep parents informed of their child's progress in school, parents will be provided information on a regular basis and whenever concerns arise. Many times it will be the responsibility of the student to deliver the information. The School, however, may use the mail or hand delivery when appropriate. Parents have the option of receiving communication from the School via e-mail and/or facsimile by filling out the appropriate form available in the school's administrative office. Parents are encouraged to build a two-way link with their child's teachers and support staff by informing the staff of suggestions or concerns that may help their child better accomplish his/her educational goals.

STUDENT WELL BEING

Student safety is the responsibility of both students and staff. Staff members are familiar with emergency procedures such as evacuation procedures, fire and tornado drills, safety drills in the event of a terrorist or other violent attack, and accident reporting procedures. If a student is aware of any dangerous situation or accident, s/he must notify a staff person immediately.

State law requires that all students have an emergency medical authorization completed and signed by a parent or guardian on file in the School office.

Students with specific health care needs should deliver written notice about such needs, along with physician documentation, to the School office.

INJURY AND ILLNESS

All injuries must be reported to a teacher or the office. If the injuries are minor, the student will be treated and may return to class. If medical attention is required, the office will follow the School's emergency procedures and attempt to make contact with the student's parents.

A student who becomes ill during the school day should request permission to go to the office. An appropriate adult in the office will determine whether the student should remain in school or go home. No student will be released from school without proper parental permission.

SECTION I - GENERAL INFORMATION

ENROLLING IN THE SCHOOL

In general, State law requires students to enroll in the school district in which their parent or legal guardian resides, unless enrolling under the District's open enrollment policy, or unless enrolling and paying tuition.

New students under the age of 18 must be enrolled by their parent or legal guardian. When enrolling, parents must provide copies of the following:

A. a birth certificate or similar document
B. court papers allocating parental rights and responsibilities, or custody (if appropriate)
C. proof of residency
D. proof of immunizations

Under certain circumstances, temporary enrollment may be permitted. In such cases, parents will be notified about documentation required to establish permanent enrollment.

Students enrolling from another school must have an official transcript from their previous school in order to have credits transferred. Guidance Counselor will assist in obtaining the transcript, if not presented at the time of enrollment.

Homeless students who meet the Federal definition of homeless may enroll and will be under the District Liaison Homeless Children with regard to enrollment procedures.

New students 18 years of age or older are not required to be accompanied by a parent when

enrolling. When residing with a parent, these students are encouraged to include the parents in the enrollment process. When conducting themselves in school, adult students have the responsibilities of both student and parent.

In addition, if a new student resides in the District with a grandparent and is the subject of a:
(1) power of attorney designating the grandparent as the attorney-if-fact; or
(2) a caretaker authorization affidavit executed by the grandparent that provides the grandparent with authority over the care, physical custody, and control of the child, including the ability to enroll the child in school, consent in all school related matters, and discuss with the District the child's educational progress, the student's grandparent may enroll the child in school on a tuition-free basis. However, in addition to the above-referenced documents that are typically required for enrollment, the grandparent must provide the District with a duly executed and notarized copy of a power of attorney or caretaker authorization affidavit.

A student suspended or expelled by another public school in Ohio may be temporarily denied admission to the District's schools during the period of suspension or expulsion even if that student would otherwise be entitled to attend school in the District. Likewise, a student expelled or otherwise removed for disciplinary purposes from a public school in another state and the period of expulsion or removal has not expired may be temporarily denied admission to the District's schools during the period of expulsion or removal or until the expiration of the period of expulsion or removal which the student would have received in the District had the student committed the offense while enrolled in the District. Prior to denying admission, however, the Superintendent shall offer the student an opportunity for a hearing to review the circumstances of the suspension or expulsion and any other factors the Superintendent determines to be relevant.

If a student has been recently discharged or released from the custody of the Department of Youth Services (DYS) and is seeking admittance or re-admittance into the District, the student will not be admitted until the following records, which are required to be released by DYS to the Superintendent, have been received:

A. an updated copy of the student's transcript;

B. a report of the student's behavior while in DYS custody;

C. the student's current IEP, if one has been developed for the child; and

D. a summary of the instructional record of the child's behavior.

Foreign students and foreign-exchange students (from recognized and approved student programs) are eligible for admission on the same basis as other non-resident students.

SCHEDULING AND ASSIGNMENT

Schedules are provided to each student at the beginning of the school year or upon enrollment. Schedules are based on the student's needs and available class space. Any changes in a student's schedule should be handled through the Guidance Office. Students may be denied course enrollment due to lack of available space or the need for the student to pass prerequisite courses.

EARLY DISMISSAL

No student may leave school prior to dismissal time without a parent or guardian either submitting a signed written request or coming to the School Office personally to request the release. No student will be released to a person other than a custodial parent(s) or guardian without a written permission note signed by the custodial parent(s) or guardian.

WITHDRAWAL/TRANSFER FROM SCHOOL

No student under the age of eighteen (18) is allowed to withdraw from school without the written consent of his/her parents and in compliance with State law. A student who otherwise withdraws from school shall be reported to the juvenile judge of the county and to the Bureau of Motor Vehicles for suspension of their driver's license, if s/he is under the age of 18.

Parents must notify the Principal about plans to transfer their child to another school. School records, including disciplinary records of suspension and expulsion, will be transferred to the new school within 14 days of the parents' notice or request.

IMMUNIZATIONS

Students must be current with all immunizations required by law, including but not limited to poliomyelitis, measles, diphtheria, rubella, pertussis, tetanus, and mumps, or have an authorized exemption from State immunization requirements. Kindergarten students must be immunized against Hepatitis B and chicken pox. For the safety of all students, the school principal may remove a student from school or establish a deadline for meeting State requirements if a student does not have the necessary immunizations or authorized exemption. In the event of a chicken pox epidemic, the Superintendent may temporarily deny admission to a student otherwise exempted from the chicken pox immunization requirement. Any questions about immunizations or exemptions should be directed to the school nurse.

EMERGENCY MEDICAL AUTHORIZATION

A complete Emergency Medical Authorization Form must be on file with the School in order for a student to participate in any activity off school grounds, including field trips, spectator trips, athletic and other extracurricular activities, and co-curricular activities. The Emergency Medical Authorization form is provided at the time of enrollment and at the beginning of each school year.

USE OF MEDICATIONS

Students who must take prescribed medication during the school day, must comply with the following guidelines:

A. Parents should, determine with the counsel of their child's prescriber whether the medication schedule can be adjusted to avoid administering medication during school hours.

B. The appropriate form must be filed with the respective building principal before the student will be allowed to begin taking any medication during school hours or to use an inhaler to self-administer asthma medication. Such forms must be filed annually and as necessary for any change in the medication.

C. All medications must be registered with the Principal's Office and must be

delivered to school in the original containers in which they were dispensed by the prescribing physician or licensed pharmacist, labeled with the date, the student's name, and the exact dosage to be administered.

D. Medication that is brought to the office will be properly secured. Except as noted below, medication must be delivered to the Principal's Office by the student's parent or guardian or by another responsible adult at the parent or guardian's request. Except as noted below, students may not bring medication to school. Students may carry emergency medications for allergies and/or reactions, or asthma inhalers during school hours provided the student has written permission from a parent or physician and has submitted the proper forms. In the case of epinephrine autoinjectors ("epi pens"), in addition to written permission and submission of proper forms, the parent or student must provide a backup dose to the school nurse. Students are strictly prohibited from transferring emergency medication, epi pens, or inhalers to any other student for their use or possession. Medication may be conveyed to school directly by the parent or transported by transportation personnel (bus driver and/or bus aide) at parental request. This should be arranged in advance. If, for supportable reasons, the Principal wishes to discontinue the privilege of a student self-administering a medication, except for the possession and use of asthma inhalers, the parent(s) shall be notified of the decision in sufficient time for an alternative means of administration to be established.

E. Any unused medication unclaimed by the parent will be destroyed by school personnel when a prescription is no longer to be administered or at the end of a school year.

F. The parents shall have sole responsibility to instruct their child to take the medication at the scheduled time.

G. The principal will maintain a log noting the personnel designated to administer medication, as well as the date and the time of day that administration is required. This log will be maintained along with the prescriber's written request and the parent's written release.

Nonprescribed (Over-the-Counter) Medications

No staff member will dispense non-prescribed, over-the-counter (OTC) medication to any student without prior parent authorization. Parents may authorize administration of a non-prescribed medication on forms that are available from the Principal's Office. Physician authorization is not required in such cases.

By written notice parents may also authorize that their child may self-administer non-prescribed medication.

If a student is found using or possessing a non-prescribed medication without parent authorization, the student will be brought to the School office while the student's parents are contacted for authorization. The medication will be confiscated until written authorization is received.

Any student who distributes medication of any kind or who is found in possession of unauthorized medication is in violation of the School's Code of Conduct and will be

disciplined in accordance with the drug-use provision of the Code.

A student may possess and use a metered dose inhaler or a dry powder inhaler to alleviate asthmatic symptoms or before exercise to prevent the onset of asthmatic symptoms, at school or at any activity, event, or program sponsored by or in which the student's school is a participant if the appropriate form is completed and on file in the Principal's Office.

A student who is authorized to possess and use a metered dose or dry powder inhaler may not transfer possession of any inhaler or other medication to any other student.

CONTROL OF CASUAL-CONTACT COMMUNICABLE DISEASES

Because a school has a high concentration of people, it is necessary to take specific measures when the health or safety of the group is at risk. The School's professional staff may remove or isolate a student who has been ill or has been exposed to a communicable disease or highly-transient pest, such as lice.

Specific communicable diseases include diphtheria, scarlet fever, strep infections, whooping cough, mumps, measles, rubella, and other conditions indicated by the Local and State Health Departments.

Any removal will be limited to the contagious period as specified in the School's administrative guidelines.

CONTROL OF NONCASUAL-CONTACT COMMUNICABLE DISEASES

The School District has an obligation to protect staff and students from noncasual-contact communicable diseases. When a noncasual-contact communicable disease is suspected, the student's health will be reviewed by a panel of resource people, including the County Health Department. The School will protect the privacy of the person affected and those in contact with the affected person. Students and staff will be permitted to remain in school unless there is definitive evidence to warrant exclusion.

Noncasual-contact communicable diseases include sexually transmitted diseases, AIDS, ARC-AIDS Related Complex, HIV, Hepatitis B, and other diseases that may be specified by the State Board of Health.

As required by Federal law, parents will be requested to have their child's blood checked for HIV and HBV when the child bleeds at school and students or staff members are exposed to the blood. Any testing is subject to laws protecting confidentiality.

CONTROL OF BLOOD-BORNE PATHOGENS

The School District seeks to provide a safe educational environment for students and take appropriate measures to protect those students who may be exposed to blood-borne pathogens in the school environment and/or during their participation in

school-related activities. While the risks of students being exposed to blood-borne pathogens may be low, students must assume that all body fluids are potentially infectious and must take precaution to follow universal procedures in order to reduce such risks and minimize and/or prevent the potential for accidental infection.

Students may be exposed to blood-borne pathogens in situations, including, but not limited to the following:

Engaging in activities with other students in the school environment (e.g., physical education class) where physical injuries or other actions that can cause bleeding or exposure to saliva and other body fluids may occur.

Working with equipment in the school environment that can cause cuts or similar injuries that produce bleeding.

Participating in extracurricular activities (i.e., athletic activities) where physical injuries or other actions that can cause bleeding may occur.

The parents of a student who is exposed will be contacted immediately regarding the exposure. The student's parents are encouraged to consult with the student's physician concerning any necessary post-exposure treatment.

STUDENTS WITH DISABILITIES

The American's with Disabilities Act (A.D.A.) and Section 504 of the Rehabilitation Act (Section 504) prohibit discrimination against persons with a disability in any program receiving Federal financial assistance. This protection applies not just to students, but to all individuals who have access to the District's programs and facilities.

The laws define a person with a disability as anyone who:

A. Has a mental or physical impairment that substantially limits one or more major life activities;

B. Has a record of such an impairment; or

C. Is regarded as having such an impairment.

The District has specific responsibilities under these two laws, which include identifying, reviewing and, if the child is determined to be eligible, affording access to appropriate educational accommodation.

Additionally, in accordance with State and Federal mandates, the District seeks out, assesses and appropriately services students with disabilities. Staff members use a comprehensive child study process to systematically screen, assess and, if appropriate, place students in special education and related services. Students are entitled to a free appropriate public education in the "least restrictive environment."

A student can access special education and related services through the proper evaluation procedures. Parent involvement in this procedure is important and required by Federal (IDEIA), A.D.A. Section 504) and State law. Contact the Special Education Coordinator at 740-259-5558.

HOMELESS STUDENTS

Homeless students will be provided with a free and appropriate public education in the same manner as other students served by the District. Homeless students are eligible to receive transportation services, participate in education programs for students with disabilities or limited English proficiency, participate in gifted and talented programs, and receive meals under school nutrition programs. Homeless students will not be denied enrollment based on lack of proof of residency. For additional information contact the liaison for Homeless Students at 740-259-5558.

Homeless Educational Rights

If your family lives in a situation that qualifies as “homeless,” you and your children have rights under the protection of the federal McKinney-Vento Act. Contact NMS counselor Steve Cunningham at 740-259-2528 ext. 2111.

CHILDREN AND YOUTH IN FOSTER CARE

Students who meet the Federal definition of "in foster care", including those who are awaiting foster care placement, will be provided a free appropriate public education (FAPE) in the same manner as all other students of the District. For additional information see Policy 5111.03.

PROTECTION AND PRIVACY OF STUDENT RECORDS

The School District maintains many student records including both directory information and confidential information.

Directory information includes: a student's name; address; telephone number; date and place of birth; major field of study; participation in officially-recognized activities and sports; height and weight, if a member of an athletic team; dates of attendance; date of graduation; or awards received.

Directory information can be provided upon request to any individual, other than a for-profit organization, even without the written consent of a parent. Parents may refuse to allow the Board to disclose any or all “directory information” upon written notification to the Board. For further information about the items included within the category of directory information and instructions on how to prohibit its release you may consult the Board’s annual *Family Education Rights and Privacy Act* (FERPA) notice which can be found in policy 8330.

Other than directory information, access to all other student records is protected by FERPA and Ohio law. Except in limited circumstances as specifically defined in State and Federal law, the School District is prohibited from releasing confidential education records to any outside individual or organization without the prior written consent of the parents, or the adult student, as well as those individuals who have matriculated and entered a postsecondary educational institution at any age. The Board will provide access or release directory information to armed forces recruiters unless the parent or student request that prior written consent be obtained. See Form 8330 F13.

Confidential records include test scores, psychological reports, behavioral data, disciplinary records, and communications with family and outside service providers
Students and parents have the right to review and receive copies of all educational records. Costs for copies of records may be charged to the parent. To review student
records please provide a written notice identifying requested student records to the School

Guidance Counselor. You will be given an appointment with the appropriate person to answer any questions and to review the requested student records.

Parents and adult students have the right to amend a student record when they believe that any of the information contained in the record is inaccurate, misleading or violates the student's privacy. A parent or adult student must request the amendment of a student record in writing and if the request is denied, the parent or adult student will be informed of his/her right to a hearing on the matter.

Consistent with the Protection of Pupil Rights Amendment (PPRA), no student shall be required, as a part of the school program or the District's curriculum, without prior written consent of the student (if an adult, or an emancipated minor) or, if an unemancipated minor, his/her parents, to submit to or participate in any survey, analysis, or evaluation that reveals information concerning:

A. political affiliations or beliefs of the student or the student's parents;

B. mental or psychological problems of the student or the student's family;

C. sex behavior or attitudes;

D. illegal, anti-social, self-incriminating or demeaning behavior;

E. critical appraisals of other individuals with whom respondents have close family relationships;

F. legally recognized privileged and analogous relationships, such as those of lawyers, physicians, and ministers;

G. religious practices, affiliations, or beliefs of the student or his/her parents; or

H. income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such a program).

Consistent with the PPRA and Board policy, parents may inspect any materials used in conjunction with any such survey, analysis, or evaluation. Please contact the School Guidance Counselor to inspect such materials.

Further, parents have the right to inspect, upon request, a survey or evaluation created by a third party before the survey/evaluation is administered or distributed by the school to the student. The parent will have access to the survey/evaluation within a reasonable period of time after the request is received by the principal.

The Superintendent will notify parents of students in the District, at least annually at the beginning of the school year, of the specific or approximate dates during the school year when the following activities are scheduled or expected to be scheduled: activities involving the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information or otherwise providing that information to others for that purpose); and

A. the administration of any survey by a third party that contains one or more of the items described in A through H above.

STUDENT FEES AND FINES

Students will be provided necessary textbooks for courses of instruction without cost. In accordance with State law, Northwest Middle School charges specific fees for the following activities and materials used in the course of instruction: NONE AT THIS TIME.

Charges may also be imposed for loss, damage or destruction of school apparatus, equipment, musical instruments, library materials, textbooks and for damage to school buildings or property. Students using school property and equipment can be fined for excessive wear and abuse of the property and equipment.

Fees may be waived in situations where there is financial hardship. Students

can avoid late fines by promptly returning borrowed materials.

Failure to pay fines, fees, or charges may result in the withholding of grades and credits.

STUDENT FUND-RAISING

Students participating in school-sponsored groups and activities may solicit funds from other students, staff members, and members of the community in accordance with school guidelines. The following general rules apply to all fund-raisers:

Students involved in the fund-raiser must not interfere with students participating in other activities when soliciting funds.

Students may not participate in a fund-raising activity for a group in which they are not members without the approval of the students' counselor.

Students may not participate in a fund-raising activity conducted by a parent group, booster club, or community organization on school property without the approval of the Principal.

Students may not sell any item or service in school without the prior approval of the Principal. Violation of this policy may lead to disciplinary action.

STUDENT VALUABLES

Students should not bring items of value to school. Items such as jewelry, expensive clothing, electronic equipment, and the like, are tempting targets for theft and extortion. The School is not liable for any loss or damage to personal valuables.

MEAL SERVICE

Adult Lunch	$5.00
Extra Entrée	$2.00 w/meal
Extra Vegetable	$.75
Extra Fruit	$.75
Extra Milk	$.60
Entrée Only	$3.00

Ala carte items are available. Students may also bring their own lunch to school to be eaten in the School's cafeteria. No student may leave school premises during the lunch period without specific written permission from the Principal.

Applications for the School's Free and Reduced-Priced Meal program are distributed to all students. If a student does not receive an application form and believes s/he is eligible, contact the building secretary.

Students are not permitted to order food from local restaurants/stores to be delivered to school during the school day.

SAFETY AND SECURITY

A. All visitors must report to the office when they arrive at school.

B. All visitors are given and required to wear a building pass while they are in the building.

C. Staff are expected to question people in the building whom they do not recognize and who are not wearing a building pass, and to question people who are "hanging around" the building after hours.

D. Students and staff are expected to immediately report to a teacher or administrator any suspicious behavior or situation that makes them uncomfortable.

E. As many unneeded outside doors as possible are locked during the school day.

F. Portions of the building that will not be needed after the regular school days are closed off.

G. All District employees are to wear photo-identification badges while in District schools and offices or on District property.

H. PLEASE BE AWARE THAT CERTAIN AUTHORIZED INDIVIDUALS AT NORTHWEST LOCAL SCHOOLS ARE LEGALLY ARMED AND MAY USE WHATEVER FORCE NECESSARY TO PROTECT OUR STUDENTS.

FIRE, TORNADO, AND SAFETY DRILLS

The School complies with all fire safety laws and will conduct fire drills in accordance with State law. The School conducts tornado drills during the tornado season following procedures prescribed by the State. Teachers will provide specific instructions on how to proceed in the case of fire or tornado and will oversee the safe, prompt, and orderly evacuation of the building in such cases.

Safety drills will be conducted once per school year. Teachers will provide specific instruction on the appropriate procedures to follow in situations where students must be secured in their building rather than evacuated. These situations can include a terrorist threat, a person in possession of a deadly weapon on school property, or other acts of violence.

EMERGENCY CLOSING AND DELAYS

PLEASE BE PREPARED AND HAVE A PLAN IN PLACE IN THE EVENT OF A DELAY OR EMERGENCY

NLSD has in place "School Messenger," an automated telephone messaging system that can call every student's home within a few minutes. We will utilize this system as a communication tool for school closings, delays, early dismissals, emergency notifications, etc. The number from which these calls are made will show as "740-259-5558" on your caller ID. Please refrain from calling the school. You should first check your answering machine/voice mail for a message from the school. Also, before calling the school, please listen to your radio or watch your television for information.

IT IS VERY IMPORTANT THAT YOU PROVIDE CURRENT ADDRESSES AND TELEPHONE NUMBER(S) FOR YOUR CHILD(REN) TO THEIR APPROPRIATE BUILDING(S). Also, you should note that you will not receive important phone calls if you have a block on your phone line.

If an EMERGENCY condition exists that calls for the closure or delay of schools, public service bulletins will be made by the following media sources:

Radio Stations: WNXT (99.3)

Television Stations: WSAZ-TV Channel 3 (Huntington)

These broadcasts will be made only as issued by the Superintendent, and will be on the air as early as possible when an emergency has developed. [Please note that, in order to avoid confusion, Northwest LSD does not notify any Cincinnati area stations of delays and/or closures since there is a Northwest LSD in the Cincinnati area. Please be sure you are listening to or watching one of the stations listed above.]

If no bulletin is announced by radio and/or television stations, and no phone call is

received, school is open on a regular schedule.

Please listen carefully to broadcasts/messages. We ask that you please DO NOT call radio and/or television stations, the school buildings, the bus garage or superintendent's office. This will tie up telephone lines needed in the event of emergencies.

DELAYS

School delays will generally be 2-hours depending upon the circumstances.

If a 2-hour delay is called, your child's pick-up time will be 2 hours later than usual. For example, if your child's bus generally runs at 6:40 a.m., it will not run until 8:40 a.m.

When a delay is called, buses will run regular routes as road conditions permit. While we will make every effort to run all routes, there will be occasions when the safety of students will prevent us from traveling some roads. If the road on which you live is posted "closed when snow or ice covered" or if you reside on a street or road that is generally impassable during weather emergencies, you should develop a plan, in advance, whereby you can meet your child's bus in a safe location. Please understand, we are unable to make individual phone calls for every bus route. If the bus does not travel a particular road when icy and/or snow covered, it is because the safety of your child, as well as the other children already on the school bus, must be our first priority.

You should always have your child ready to board his/her bus at least five (5) minutes prior to designated pick-up time; however, parents should also take into consideration that when winter weather occurs, buses may have to travel more slowly to insure safe transport and may not always arrive exactly on schedule.

Each time a bus does not travel a particular road, the bus driver is required to complete a report. This information will be communicated to each building. If your child's bus does not run, and you are unable to transport him/her, you are responsible for reporting the reason for your child's absence to his/her building.

IF THE BUS DOES NOT TRAVEL YOUR ROAD ON THE MORNING ROUTE DUE TO WEATHER CONDITIONS, IT WILL NOT TRAVEL YOUR ROAD ON THE AFTERNOON ROUTE; THEREFORE, IF YOU TRANSPORT YOUR CHILD TO SCHOOL IF THE BUS DOES NOT RUN, YOU MUST ALSO MAKE ARRANGEMENTS TO PICK YOUR CHILD UP AFTER SCHOOL.

EARLY – OR EMERGENCY – DISMISSALS

In the unfortunate event schools must dismiss early due to the onset of bad weather or other unforeseen circumstances, a single dismissal for all students may become necessary. The approximate dismissal time will be announced on local radio station (WNXT – 99.3 FM). If time permits, television station WSAZ-TV, will also be notified. An automated message will also be initiated.

Please note that during a single dismissal, it takes approximately 30 minutes to load all students.

To accomplish a single dismissal, it is necessary to make some significant changes to

routing in order to allow several of our buses that must transport students further distances and/or that must travel particularly treacherous roads to travel directly to those outlying areas. We will make the determination as to which bus your child must ride to arrive home in a safe and timely manner

If no one is at home to receive child(ren), students will be returned to their respective building until other arrangements can be made with parents.

VISITORS

Visitors, particularly parents, are welcome at the School. Visitors must report to the office upon entering the school to sign in and obtain a pass. Any visitor found in the building without signing in and without a pass shall be reported to the Principal. If a person wishes to confer with a member of the staff, s/he should call for an appointment prior to coming to the School in order to schedule a mutually convenient meeting time.

Students may not bring visitors to school without prior written permission from the Principal.

USE OF OFFICE TELEPHONES

Office telephones may not be used for personal calls. Except in an emergency, students will not be called to the office to receive a telephone call.

Telephones are available in the School for students to use when they are not in class. Students are not to use telephones to call parents to receive permission to leave school. Office personnel will initiate all calls on behalf of a student seeking permission to leave school.

USE OF PERSONAL COMMUNICATION DEVICES

5136 - **PERSONAL COMMUNICATION DEVICES**

Students may use (PCDs) before and after school, during after school activities (e.g., extra-curricular activities), at school-related functions, and during emergencies in which communications are limited. **Use of PCDs, except those approved by an administrator, at any other time is prohibited and they must be powered completely off (i.e., not just placed into vibrate or silent mode) and stored out of sight in the student's locker.**

During after school activities, PCDs shall be powered completely off (not just placed into vibrate or silent mode) and stored out of sight when directed by the administrator or sponsor.

Under certain circumstances, a student may keep his/her PCD "On" with prior approval from the Principal.

Except as authorized by a teacher, administrator or IEP team, students are prohibited from using PCDs during the school day, including while off-campus on a field trip, to capture, record and/or transmit the words or sounds (i.e., audio) and/or images (i.e.,

pictures/video) of any student, staff member or other person. Using a PCD to capture, record and/or transmit audio and/or pictures/video of an individual without proper consent is considered an invasion of privacy and is not permitted. Students who violate this provision and/or use a PCD to violate the privacy rights of another person may have their PCD confiscated and may be directed to delete the audio and/or picture/video file while the parent/guardian is present. If the violation involves potentially illegal activity the confiscated-PCD may be turned-over to law enforcement.

PCDs, including but not limited to those with cameras, may not be activated or utilized at any time in any school situation where a reasonable expectation of personal privacy exists. These locations and circumstances include any areas where students or others may change clothes or be in any stage or degree of disrobing or changing clothes. The Superintendent and building principals are authorized to determine other specific locations and situations where use of a PCD is absolutely prohibited.

Students are expressly prohibited from using covert means to listen-in or make a recording (audio or video) of any meeting or activity at school. This includes placing recording devices, or other devices with one- or two-way audio communication technology (i.e., technology that allows a person off-site to listen to live conversations and sounds taking place in the location where the device is located), within a student's book bag or on the student's person without express written consent of the Superintendent. Any requests to place a recording device or other device with one- or two-way audio communication technology within a student's book bag or on a student's person shall be submitted, in writing, to the Principal. The District representative shall notify the parent(s), in writing, whether such request is denied or granted within five (5) days.

Students shall have no expectation of confidentiality with respect to their use of PCDs on school premises/property.

Students may not use a PCD in any way that might reasonably create in the mind of another person an impression of being threatened, humiliated, harassed, embarrassed or intimidated. See Policy 5517.01 – Bullying and Other Forms of Aggressive Behavior. In particular, students are prohibited from using PCDs to: (1) transmit material that is threatening, obscene, disruptive, or sexually explicit or that can be construed as harassment or disparagement of others based upon their race, color, national origin, sex, (including, sexual orientation/transgender identity), disability, age, religion, ancestry, or political beliefs; and (2) engage in "sexting" - i.e., sending, receiving, sharing, viewing, or possessing pictures, text messages, e-mails or other materials of a sexual nature in electronic or any other form. Violation of these prohibitions shall result in disciplinary action. Furthermore, such actions will be reported to local law enforcement and child services as required by law.

Students are also prohibited from using a PCD to capture, record, and/or transmit test information or any other information in a manner constituting fraud, theft, cheating, or academic dishonesty. Likewise, students are prohibited from using PCDs to receive such information.

Possession of a PCD by a student at school during school hours and/or during extra-curricular activities is a privilege that may be forfeited by any student who fails to abide by the terms of this policy, or otherwise abuses this privilege.

Violations of this policy may result in disciplinary action and/or confiscation of the PCD. The Principal will also refer the matter to law enforcement or child services if the violation involves an illegal activity (e.g., child pornography, sexting). Discipline will be imposed on an escalating scale ranging from a warning to an expulsion based on the number of previous violations and/or the nature of or circumstances surrounding a particular violation. If the PCD is confiscated, it will be released/returned to the student's parent/guardian after the student complies with any other disciplinary consequences that are imposed, unless the violation involves potentially illegal activity in which case the PCD may be turned-over to law enforcement. A confiscated device will be marked in a removable manner with the student's name and held in a secure location in the building's central office until it is retrieved by the parent/guardian or turned-over to law enforcement. School officials will not search or otherwise tamper with PCDs in District custody unless they reasonably suspect that the search is required to discover evidence of a violation of the law or other school rules. Any search will be conducted in accordance with Policy 5771 – Search and Seizure. If multiple offenses occur, a student may lose his/her privilege to bring a PCD to school for a designated length of time or on a permanent basis.

A person who discovers a student using a PCD, recording device or other device with one- or two-way audio communication technology in violation of this policy is required to report the violation to the Principal.

Students are personally and solely responsible for the care and security of their PCDs. The Board assumes no responsibility for theft, loss, or damage to, or misuse or unauthorized use of, PCDs brought onto its property.

Parents/Guardians are advised that the best way to get in touch with their child during the school day is by calling the school office.

SECTION II - ACADEMICS

COURSE OFFERINGS

The following courses are offered to 8th grade students for a High School Credit: Algebra 1. A student's grade in Algebra I in the 8th grade is calculated into the student's grades/GPA for high school.

GIFTED EDUCATION PROGRAM

In accordance with the belief that all children are entitled to education commensurate with their particular needs, children who are gifted in District must be provided opportunities to progress as their abilities permit. The Board believes that these children require services beyond those offered in regular school programs in order to realize their potential contribution to themselves and society.

FIELD TRIPS

Field trips are academic activities that are held off school grounds. There are also other trips that are part of the School's co-curricular and extra-curricular program. No minor student may participate in any school-sponsored trip without parental consent and a

current emergency medical form on file in the office. Medications normally administered at school will be administered while on field trips. The Student Code of Conduct applies to all field trips.
Attendance rules apply to all field trips

While the District encourages students to participate in field trips, alternative assignments will be provided for any student whose parent does not give permission for the student to attend.

Students who violate school rules may lose the privilege to go on field trips. If a student is excluded from a field trip it is the responsibility of the classroom teacher to notify the Parent/Guardian, in a timely manner.

GRADES

Northwest Middle School has a standard grading procedure, as well as additional notations that indicate work in progress or incomplete work. Grades indicate the extent to which the student has acquired and demonstrated the necessary learning. In general, students are assigned grades based upon test results, homework, projects, and classroom participation. Each teacher may place a different emphasis on these areas when determining a grade and will inform the students at the beginning of the course. If a student is not sure how his/her grade will be determined, s/he should ask the teacher.

The School applies the following grading system:

93-100 = A = Excellent achievement

84-92 = B = Good achievement

73-83 = C = Satisfactory achievement

64-72 = D = Minimum-Acceptable achievement

63 and below = F = Failure

I = Incomplete

P = Acceptable Achievement

Honors or Advanced Placement courses are given the following additional weight:
Grade Standard
A = 3.6-4.0
B = 2.6-3.59
C = 1.6-2.59
D = 0.6-1.59

To calculate a grade point average (G.P.A.), assign a weighted point value to each course grade and divide by the total number of credits. For partial-credit courses use the fractional value of the grade. For example, a half credit course with an earned grade of a C would be .5 x 2 = 1. Then add this to the other grades earned for total points

earned. This total is then divided by the total credits earned to determine the G.P.A. This can be done by grading period, semester, year or for a series of school years.

Grading Periods

Students will receive a report card at the end of each nine weeks period indicating their grades for each course of study for that portion of the academic term.

When a student appears to be at risk of failure, reasonable efforts will be made to notify the parents so they can talk with the teacher about what actions can be taken to improve poor grades.

PROMOTION, ACCELERATION, AND RETENTION

Promotion to the next grade (or level) is based on the following criteria:

A. current level of achievement based on instructional objectives and mandated requirements for the current grade

B. potential for success at the next level

C. emotional, physical, and/or social maturity necessary for a successful learning experience in the next grade

A student may be accelerated (either by whole-grade or by subject area) when his/her performance and measured ability significantly exceeds that of his/her grade level peers. Students can be nominated for acceleration by teachers, administrators, parents, and the student him/herself. Decisions regarding acceleration are based on the following criteria:

A. achievement of grade/course objective and any applicable State-mandated requirements for the grade/course in which the student is currently and any grade(s)/course(s) in the student will skip

B. achievement of instructional objectives for the present grade/course as well as the succeeding one(s)

C. potential for success in the accelerated placement based on sufficient proficiency at current level

D. social, emotional, and physical maturation necessary for success in an accelerated placement

A student may be retained at his/her current grade level based on the following criteria:

A. failure to demonstrate proficiency in mathematics or reading and/or the core subjects.

B. failure to achieve the instructional objectives at the current grade level that are requisite for success at the next grade level

C. scoring at the below basic level on any State-mandated assessment test

A student may be retained if s/he is truant (absent without excuse) for more than ten percent (10%) of the required attendance days of the current school year AND has failed two (2) or more of the required curriculum subject areas in the current grade.

Even if s/he falls in the preceding category, a student may be promoted if the Principal and the teachers of the classes that the student failed agree that the student is academically prepared to be promoted.

No student will be promoted to the ninth grade unless s/he has completed a one-year course in American History.

STUDENT PROGRESS

Access to Progress Book will be given to parents so they can monitor student progress at any time. Please call NMS regarding Progress Book login problems.

CAREER ADVISING PROGRAM

Career advising is an integrated process that helps students understand how their personal interests, strengths and values might predict satisfaction and success in school and related career fields, as well as how to tie these interests and strengths to their academic and career goals. Students need to have access to comprehensive resources and support to prepare for their future success. Through relevant classroom instruction, career-related learning experiences, and a program of counseling and advising, students can discover their interests and explore academic and career pathway options.

RECOGNITION OF STUDENT ACHIEVEMENT

Students who display significant achievements during the course of the year are recognized for their accomplishments. Areas that may merit recognition include, but are not limited to, academics, athletics, performing arts, citizenship, and volunteerism. Recognition for such activities is initiated by the staff and coordinated by the Principal

Honor Roll(s)

Awards such as High Honor Roll, Honor Roll, All A's, All A's and B's, and Perfect Attendance will be given at the end of the year Awards Ceremony.

Athletic Awards

Requirements for athletic awards are developed by each head coach with the approval of the Athletic Director. Student athletes interested in such awards should consult with the appropriate coach.

HOMEWORK

Homework may be assigned and is also part of the student's preparation for the assessment tests and graduation.

ACCEPTABLE USE AND INTERNET SAFETY POLICY FOR THE COMPUTER NETWORK OF THE NORTHWEST LOCAL SCHOOL DISTRICT

The District provides Internet services to its students. The District's Internet system has a limited educational purpose, and has not been established as a public access service or a public forum. Student use of the District's computers, network and Internet services/connection ("Network") are governed by the following principles and guidelines, and the Student Code of Conduct. Users have a limited privacy expectation in the content of their personal files and records of their online activity while on the Network.

Parents and students are advised that the Board may not be able to technologically limit access through the Board's Internet connection to only those services that have been authorized for the purpose of instruction, study and research related to the curriculum. Because it serves as a gateway to any publicly available file server in the world, the Internet opens classrooms and students to electronic information resources that have not been screened by educators for use by students of various ages. The District utilizes a Technology Protection Measure, which is a specific technology that will protect against (e.g., filter or block) access to visual displays/depictions that are obscene, pornographic, and materials that are harmful to minors, as defined by the Children's Internet Protection Act. At the discretion of the Board or the Superintendent, the Technology Protection Measure may be configured to protect against access to other material considered inappropriate for students to access.

The District further utilizes software and/or hardware to monitor online activity of students to restrict access to child pornography and other material that is obscene, objectionable, inappropriate and/or harmful to minors. Nevertheless, parents/guardians are advised that a determined user may be able to gain access to services on the Internet that are not authorized for educational purposes. In fact, it is impossible to guarantee students will not gain access through the Internet to information and communications that they and/or their parents/guardians may find inappropriate, offensive, objectionable or controversial. Parents/Guardians assume risks by consenting to allow their child to participate in the use of the Internet. Parents/Guardians of minors are responsible for setting and conveying the standards that their children should follow when using the Internet. The District supports and respects each family's right to decide whether to apply for independent student access to the Internet.

Students are encouraged to use the "Network" for educational purposes. Use of the Network is a privilege, not a right. When using the Network, students must conduct themselves in a responsible, efficient, ethical, and legal manner. Students are responsible for good behavior on the District's computers/network and the Internet just as they are in classrooms, school hallways, and other school premises and school sponsored events. Communications on the Internet are often public in nature. General school rules for behavior and communication apply. Unauthorized or inappropriate use of the Network, including any violation of these rules, may result in cancellation of the privilege, disciplinary action consistent with the Student Code of Conduct, and/or civil or criminal liability. Prior to accessing the Network, students must sign the Student Network and Internet Acceptable Use and Safety Agreement. Parent permission is required for minors. Parents are encouraged to discuss their values with their children

so that students can make decisions regarding their use of the Network that is in accord with their personal and family values, in addition to the Board's standards.

Students must complete a mandatory training session/program regarding the appropriate use of technology and online safety and security as specified in Policy 7540.03 – Student Network and Internet Acceptable Use and Safety before being permitted to access the Network and/or being assigned an e-mail address.

Smooth operation of the Network relies upon users adhering to the following guidelines. The guidelines outlined below are not exhaustive but are provided so that users are aware of their general responsibilities.

A. Students are responsible for their behavior and communication on the Network.

B. Students may only access the Network by using their assigned Network account. Use of another person's account/address/password is prohibited. Students may not allow other users to utilize their account/address/password. Students may not go beyond their authorized access.

C. Students may not intentionally seek information on, obtain copies of, or modify files, data or passwords belongings to other users, or misrepresent other users on the Network.

D. Students may not use the Network to engage in "hacking" or other illegal activities (e.g., software pirating; intellectual property violations; engaging in slander, libel, or harassment; threatening the life or safety of another; stalking; transmission of obscene materials or child pornography; fraud; sale of illegal substances and goods).

E. Transmission of any material in violation of any State or Federal law or regulation, or Board policy is prohibited.

F. Any use of the Network for commercial purposes (e.g., purchasing or offering for sale personal products or services by students), advertising, or political lobbying is prohibited.

G. Use of the Network to engage in cyberbullying is prohibited. ""Cyberbullying" involves the use of information and communication technologies such as e-mail, cell phone and pager text messages, instant messaging (IM), defamatory personal Web sites or social media accounts, and defamatory online personal polling Web sites, to support deliberate, repeated, and hostile behavior by an individual or group, that is intended to harm others." For further information on cyberbullying, visit http://www.cyberbullying.ca

Cyberbullying includes, but is not limited to the following:

1. posting slurs or rumors or other disparaging remarks about a student or school staff member on a web site or on weblog;

2. sending e-mail or instant messages that are mean or threatening, or so numerous as to drive up the victim's cell phone bill;

3. using a camera phone to take and send embarrassing photographs/recordings of students or school staff members or post these images on video sharing sites such as You Tube;

4. posting misleading or fake photographs of students or school staff members on web sites.

To the extent permitted by the First Amendment, instances of cyber-bullying off school grounds that disrupt the school environment or interfere with the learning process will be considered violations of the Student Code of Conduct.

H. Students are expected to abide by the following generally-accepted rules of network etiquette:

1. Be polite, courteous, and respectful in your messages to others. Use language appropriate to school situations in any communications made through the Network. Do not use obscene, profane, lewd, vulgar, rude, inflammatory, sexually explicit, defamatory, threatening, abusive or disrespectful language in communications through the Network (including, but not limited to, public messages, private messages, and material posted on web pages).

2. Do not engage in personal attacks, including prejudicial or discriminatory attacks.

3. Do not harass another person. Harassment is persistently acting in a manner that distresses or annoys another person. If a student is told by a person to stop sending him/her messages, the student must stop.

4. Do not post information that, if acted upon, could cause damage or a danger of disruption.

5. Never reveal names, addresses, phone numbers, or passwords of yourself or other students, family members, teachers, administrators, or other staff members while communicating on the Internet. This prohibition includes, but is not limited to, disclosing personal identification information on commercial web sites.

6. Do not transmit pictures or other information that could be used to establish your identity without prior approval of a teacher.

7. Never agree to get together with someone you "meet" on-line without parent approval and participation.

8. Check e-mail frequently and diligently delete old mail on a regular basis from the personal mail directory to avoid excessive use of the electronic mail disk space.

9. Students should promptly disclose to their teacher or other school employee any message they receive that is inappropriate or makes them feel uncomfortable, especially any e-mail that contains pornography. Students should not delete such messages until instructed to do so by a staff member.

I. Malicious use of the Network to develop programs that harass other users or infiltrate a computer or computer system and/or damage the software components of a computer or computing system is prohibited. Students may not use the Network in such a way that would disrupt its use by others. Students must avoid intentionally wasting limited resources. Students may not bypass or attempt to bypass the District's Technology Protection Measure. Students must immediately notify the teacher, principal, if they identify a possible security problem. Students should not go looking for security problems, because this may be construed as an unlawful attempt to gain access.

J. All communications and information accessible via the Internet should be assumed to be private property (i.e. copyrighted and/or trademarked). All copyright issues regarding software, information, and attributions/acknowledgement of authorship must be respected. Rules against plagiarism will be enforced.

K. Downloading of information onto the Board's hard drives is prohibited, without prior approval from s\he teacher. If a student transfers files from information services and electronic bulletin board services, the student must check the file with a virus-detection program before opening the file for use. Only public domain software may be downloaded. If a student transfers a file or software program that infects the Network with a virus and causes damage, the student will be liable for any and all repair costs to make the Network once again fully operational.

L. Students must secure prior approval from a teacher before joining a Listserv (electronic mailing lists) and should not post personal messages on bulletin boards or "Listservs."

M. Use of the Internet and any information procured from the Internet is at the student's own risk. The Board makes no warranties of any kind, either express or implied, that the functions or the services provided by or through the Network will be error-free or without defect. The Board is not responsible for any damage a user may suffer, including, but not limited to, loss of data, service interruptions, or exposure to inappropriate material or people. The Board is not responsible for the accuracy or quality of information obtained through the Internet. Information (including text, graphics, audio, video, etc.) from Internet sources used in student papers, reports, and projects should be cited the same as references to printed materials. The Board will not be responsible for

financial obligations arising through the unauthorized use of the Network. Students or parents of students will indemnify and hold the Board harmless from any losses sustained as the result of misuse of the Network by the student. Use of the Network by students will be limited to those students whose parents have signed a release of claims for damages against the Board.

N. File-sharing is strictly prohibited. Students are prohibited from downloading and/or installing file-sharing software or programs on the Network.

O. Students may not establish or access web-based e-mail accounts on commercial services through the Network (e.g., Gmail), Hotmail, Yahoo mail, etc.).

P. Since there is no central authority on the Internet, each site is responsible for its own users. Complaints received from other sites regarding any of the District's users will be fully investigated and disciplinary action will be taken as appropriate.

Q. Preservation of Resources and Priorities of Use: Computer resources are limited. Because space on disk drives and bandwidth across the lines which connect the Network (both internally and externally) are limited, neither programs nor information may be stored on the system without the permission of the teacher. Each student is permitted reasonable space to store e-mail, web, and personal files. The Board reserves the right to require the purging of files in order to regain disk space. Students who require access to the Network for class-or instruction-related activities have priority over other users. Students not using the Network for class-related activities may be "bumped" by any student requiring access for class-or instruction-related purpose. The following hierarchy will prevail in governing access to the Network:

1. Class work, assigned and supervised by a staff member.

2. Class work, specifically assigned but independently conducted.

3. Personal correspondence (checking, composing, and sending email).

4. Training (use of such programs as tutors, etc.)

5. Personal discovery ("surfing the Internet").

6. Other uses – access to resources for "other uses" may be further limited during the school day at the discretion of the principal or technology coordinator.

R. Game playing is not permitted at any time.

TRANSMISSION OF RECORDS AND OTHER COMMUNICATIONS

Parents/Guardians have to complete and return to the District Form 8330 F4a in order to authorize the staff to communicate with the parent/guardian via facsimile and/or electronic mail ("e-mail"). Parents who elect to communicate with a staff member via e-mail are required to keep the District informed of any changes to their e-mail address.

STUDENT ASSESSMENT

Unless exempted, each student must pass all portions of the State-mandated assessment test as a requirement for graduation. The test will be administered twice a year until the student passes all parts of the test. Students are only required to retake those parts of the test they have not yet passed. While the School District does schedule make-up dates for testing, students should avoid unnecessary absences.

Additional group tests are given to students to monitor progress and determine educational mastery levels. These tests help the staff determine instructional needs.

Classroom tests are given to assess student progress and assign grades. These are selected or prepared by teachers to assess student achievement on specific objectives.

Career and interest surveys may be given to identify particular areas of student interests or talent. These are often given by the guidance staff.

College entrance testing information can be obtained from the Guidance Office.

PUBLIC SCHOOL CHOICE OPTIONS

Parents/guardians of students enrolled in a Title I school in the District the first year following the building's identification as being in “School Improvement” have the right to transfer their children to another school in the District, provided there is a school that provides instruction at the students’ grade level(s) and such school has not been identified as being in the process of school improvement, corrective action, or restructuring. However, if there is not another school in the District offering instruction at the students’ grade level(s) that has not been identified as needing improvement, the Superintendent will contact neighboring districts and request that they permit students to transfer to a school in one of those districts. Supplemental Education Services (SES) will also be offered to students in any school no later than the first year following the building's identification as being in "School Improvement", regardless of whether a transfer option is available.

Additionally, if a school within the District has been designated as “persistently dangerous” as defined by State law, students have the right to transfer to another “safe” school in the District. If there is not another “safe” school in the District providing instruction at the students’ grade level(s), the Superintendent shall contact neighboring districts and request that they permit students to transfer to a school in one of those districts. Further, if a student is a victim of a violent crime on school property, s/he also has the right to transfer to another school in the District. If there is not another school in the District providing instruction at the student’s grade level, the Superintendent shall contact neighboring districts and request that they permit that

student to transfer to a school in one of those districts providing instruction at the student's grade level.

SECTION III - STUDENT ACTIVITIES

SCHOOL-SPONSORED CLUBS AND ACTIVITIES

Northwest Middle School provides students the opportunity to broaden their learning through curricular-related activities. A curricular-related activity may be taken for credit, required for a particular course, and/or contain school subject matter.

Extra-curricular activities do not reflect the School curriculum, but are made available to students to allow them to pursue additional worthwhile activities such as recreational sports, drama, and the like.

All students are permitted to participate in the activities of their choosing, as long as they meet the eligibility requirements. Participation in these activities is a privilege and not a right, and students may be prohibited from all or part of their participation in such activities by authorized school personnel without further notice, hearing and/or appeal rights in accordance with Board Policy 5610.05.

ATHLETICS

Northwest Middle School provides a variety of athletic activities in which students may participate provided they meet eligibility requirements established by the Board and by the Ohio High School Athletic Association (OHSAA). Participation in these activities is a privilege and not a right, and students may be prohibited from all or part of their participation in such activities by authorized school personnel without further notice, hearing and/or appeal rights in accordance with Board Policy.

The following is a list of activities currently being offered. For further information, contact NMS Athletic Director, at 740-259-2528. Football, Volleyball, Cross Country, Girls Basketball, Boys Basketball, and Boys and Girls Track

ACADEMIC ELIGIBILITY

Athletes must meet the eligibility requirements established by the Ohio High School Athletic Association, to be eligible for any interscholastic extra-curricular activity, in addition, student must have maintained at least a 1.0 grade-point average for the grading period prior to the grading period in which s/he wishes to participate.

Student-athletes must be present in school 3 blocks in order to be eligible for athletic events.

STUDENT EMPLOYMENT

It is recommended that students not take jobs outside of school that could interfere with their success in school. If a student elects to maintain a job in addition to going to

school, s/he must first contact his/her counselor to discuss any legal requirements and to obtain any required documents.

STUDENT ATTENDANCE AT SCHOOL EVENTS

Students are encouraged to attend as many after school events as possible, without interfering with their school work and home activities. Enthusiastic spectators help to build school spirit and encourage those students participating in the event.

It is strongly advised that students attending evening events as nonparticipants be accompanied by a parent or adult chaperone. The Board is not responsible for supervising unaccompanied students nor will it be responsible for students who arrive without an adult chaperone.

SECTION IV - STUDENT CONDUCT

ATTENDANCE

School Attendance Policy

Regular attendance is a significant student responsibility at all grade levels. Many studies correlate regular attendance with success in school. Regular attendance means that the academic learning process is not interrupted, less time is spent on make-up assignments, and students benefit from participation and interaction with others in class. Many important lessons are learned through active participation in classroom and other school activities that cannot be replaced by individual study.

[ ] Establishing a pattern of good attendance will benefit the student in school and in the workplace. Attendance is important in the development of a high quality work ethic, which will be a significant factor in a student's success with future employers. One of the most important work habits that employers look for in hiring and promoting a person is his/her dependability in coming to work every day on time. This is a habit the School wants to help students develop as early as possible.

Truancy

Unexcused absence from school (truancy) is not acceptable. Students who are truant will receive no credit for school work that is missed. A student will be considered habitually truant if the student is absent without a legitimate excuse for thirty (30) or more consecutive hours, for forty-two (42) or more hours in 1 month, or for seventy-two (72) or more hours in 1 school year.
If a student is habitually truant and the student's parent fails to cause the student's attendance, a complaint will be filed with the Judge of the Juvenile Court in compliance with State law and Board Policy 5200.

Absences (NEOLA 5200)

The Board considers the following factors to be reasonable excuses for time missed at school:

A. personal illness (a written physician's statement verifying the illness may be required)

B. illness in the family necessitating the presence of the child

C. quarantine of the home

D. death in the family

E. necessary work at home due to absence or incapacity of parent(s)/guardian(s)

F. observation or celebration of a bona fide religious holiday

G. out-of-state travel (up to a maximum twenty-four (24) hours per school year that the student's school is open for instruction) to participate in a District-approved enrichment or extracurricular activity

Notification of Absence

Only <u>four</u> written parent/guardian notes will be accepted for the school year for the purpose of excusing absences.

A skipped class or part of the school day will be identified as an unexcused absence and students will not be permitted to make-up missed class work. The student will also be subject to disciplinary action.

Students with a health condition that causes repeated absences must provide the administration with an explanation of the condition from a registered physician.

<u>Absence Intervention Team</u>

To the extent required by law as determined on an annual basis, within ten (10) days of a student becoming habitually truant, the Principal shall assign the student to an absence intervention team.

Within fourteen (14) school days after the assignment of a student to an absence intervention team, the team shall develop an intervention plan for that student in an effort to reduce or eliminate further absences. Each intervention plan shall vary based on the individual needs of the student, but the plan shall state that the attendance officer shall file a complaint not later than sixty-one (61) days after the date the plan was implemented, if the child has refused to participate in, or failed to make satisfactory progress on, the intervention plan. Within seven (7) school days after the development of the plan, reasonable efforts shall be made to provide the student's parent/guardian/custodian, with written notice of the plan.

As part of the absence intervention plan, the Principal may, in his/her discretion contact the appropriate juvenile court and ask to have a student informally enrolled in

any alternative to adjudication described in R.C. 2151.27(G).

Each absence intervention team may vary based on the needs of each individual student but shall include a representative from the child's building, another representative from the child's building who knows the child, and the child's parent or parent's designee, or the child's guardian, custodian, guardian ad litem, or temporary custodian. The team also may include a counselor or representative of a public or nonprofit agency designed to assist students and their families in reducing absences.

The members of the absence intervention team shall be selected within seven (7) school days of the student meeting the habitually truant threshold. Within the same period of seven (7) school days, the Principal shall make at least three meaningful, good faith attempts to secure the participation of the student's parent/guardian/custodian, guardian ad litem, or temporary custodian on that team. A good faith attempt to secure the participation of the parent shall include, but not be limited to, contacting (or attempting to contact) the parent by telephone, email, or regular mail. If the student's parent responds to any of those attempts, but is unable to participate for any reason, the Principal shall inform the parent of the parent's right to appear by designee. If seven (7) school days elapse and the student's parent/guardian/custodian, guardian ad litem, or temporary custodian fails to respond to the attempts to secure participation, the attendance officer shall investigate whether the failure to respond triggers mandatory abuse or neglect reporting to the public children services agency. At the same time, the absence intervention team shall continue to develop an intervention plan for the child notwithstanding the absence of the child's parent/guardian/custodian, guardian ad litem, or temporary custodian.

Intervention Strategies

In order to address the attendance practices of a student who is habitually truant, the intervention team may, as part of an intervention plan, to take any of the following intervention actions:

A. provide counseling to the student

B. request or require the student’s parent to attend a parental involvement program

C. request or require a parent to attend a truancy prevention mediation program

D. notify the Registrar of Motor Vehicles of the student’s absences

E. take appropriate legal action

F. assignment to an alternative school (Note: If the District has established an alternative school, it must appear as an alternative intervention strategy.)

In the event that a student becomes habitually truant within twenty-one (21) school days prior to the last day of instruction of a school year, the Principal may, in his/her discretion, assign one (1) school official to work with the child's parent/guardian/custodian, guardian ad litem, or temporary custodian to develop an absence intervention plan during the summer.

The absence intervention process shall commence upon the first day of instruction of the next school year.

Reporting Requirements

The attendance officer shall file a complaint in the juvenile court against a student on the sixty-first (61st) day after the implementation of an absence intervention plan or other intervention strategies, provided that all of the following apply:

A. The student is habitually truant.

B. The school district or school has made meaningful attempts to re-engage the student through the absence intervention plan, other intervention strategies, and any offered alternatives to adjudication, if applicable.

If the student, at any time during the implementation phase of the absence intervention plan or other intervention strategies, is absent without legitimate excuse for thirty (30) or more consecutive hours or forty-two (42) or more hours in one (1) school month, the attendance officer shall file a complaint in juvenile court against that student, unless the absence intervention team has determined that the student has made substantial progress on the absence intervention plan.

In the event that the sixty-first (61st) day after the implementation of the absence intervention plan or other intervention strategies falls on a day during the summer months, the absence intervention team may extend the implementation of the plan and delay the filing of the complaint for an additional thirty (30) days from the first day of instruction of the next school year.

The Superintendent is authorized to establish an educational program for parents of truant students which is designed to encourage parents to ensure that their children attend school regularly. Any parent who does not complete the program is to be reported to law enforcement authorities for parental education neglect, a fourth class misdemeanor if found guilty.

The Superintendent shall develop administrative guidelines that:

Whenever any student of compulsory school age has sixty (60) consecutive hours in a single month or a total of ninety (90) hours of unexcused absence from school during the school year, s/he will be considered habitually absent. The Board authorizes the Superintendent to inform the student and his/her parents, guardian, or custodian of the record of absences without a legitimate excuse as well as the District's intent to notify the Registrar of Motor Vehicles, if appropriate, and the Judge of the Juvenile Court of the student's unexcused absences.

If a student who is habitually truant violates the order of a juvenile court regarding the student's prior adjudication as an unruly child for being a habitual truant, s/he may further be adjudicated as a delinquent child.

The District shall report to the Ohio Department of Education, as soon as practicable, and in a format and manner determined by the Department, any of the following occurrences:

A. when a child of compulsory school age has been absent without legitimate excuse from the public school the child is supposed to attend for thirty (30) or more consecutive hours, forty-two (42) or more hours in one school month, or seventy-two (72) or more hours in a school year;

B. when a child of compulsory school age who has been adjudicated an unruly child for being an habitual truant violates the court order regarding that adjudication;

C. when an absence intervention plan has been implemented for a child under this policy.

This policy was developed after consultation with the judge of the juvenile court of Scioto County/Counties, with the parents, guardians, or other persons having care of the students attending school in the district, and with appropriate State and local agencies.

Homebound Instruction

The School may arrange for individual instruction at home for students who are unable to attend school because of an accident, illness, or disability. Such instruction may be arranged upon receipt of documentation of the student's condition from a physician.

Make-up of Tests and Other School Work

Students who are absent, suspended and/or expelled from school, shall be given the opportunity to make-up missed work. The student should contact his/her teacher(s) as soon as possible to obtain assignments.

Make-up work due to an absence, suspension and/or expulsion must be completed within 3 days after returning to school.

If a student misses a teacher's test due to an absence, suspension and/or expulsion he/she should make arrangements with the teacher to take the test at another time. If he/she misses a state-mandated assessment test or other standardized test, the student and teacher should make arrangements for administration of the test at another time.

Suspension from School

Absence from school due to suspension shall be considered an authorized absence.

A suspended student will be responsible for making up school work missed due to suspension. Assignments may be obtained from the school secretary beginning with the first day of suspension. Make up of missed tests may be scheduled when the student returns from school.

The student must complete missed assignments during the suspension and turn them in to the teacher by the time the student returns to school.

The student will be given at least partial credit for properly-completed assignments and will receive a grade for any made-up tests.

Unexcused Absences

Any student who is absent from school for all or any part of the day without a legitimate excuse shall be considered truant and the student and his/her parents shall be subject to the truancy laws of the State.

Tardiness

Each student is expected to be in his/her assigned location throughout the school day. If a student is late arriving at school, s/he must report to the School office before going to his/her first assigned location.

Students who are tardy to school more than 3 times during a semester shall be disciplined according to the Student Code of Conduct.

Vacations During the School Year
It is recommended that parents not take their child out of school for vacations.
Absences due to vacations are considered unexcused.

CODE OF CONDUCT

A major component of the educational program (at the school) is to prepare students to become responsible citizens by learning how to conduct themselves properly and in accordance with established standards. Students are expected to behave in accordance with Federal, State and local laws and rules and Board policies and Administrative Guidelines, and in a way that respects the rights and safety of others. Staff will take corrective action to discipline a student and/or to modify the student's behavior when a student's behavior does not fall within these parameters.

School staff may report suspected criminal misconduct by a student to law enforcement. Law enforcement officers will be permitted to carry out necessary law enforcement functions in the schools, including the removal of a student from school grounds in appropriate circumstances.

Expected Behaviors

act courteously to adults and fellow students; be prompt to school and attentive in class; work cooperatively with others when involved in accomplishing a common goal regardless of the other's ability, gender, race, or ethnic background

complete assigned tasks on time and as directed; help maintain a school environment that is safe, friendly, and productive; act at all times in a manner that reflects pride in self, family, and in the School.

Classroom Environment

It is the responsibility of students, teachers, and administrators to maintain a classroom environment that allows:

A. a teacher to communicate effectively with all student in the class; and

B. all students in the class the opportunity to learn.

Dress and Grooming

It is requested that students come to school neat, clean and dressed with decency and modesty. Any items worn by the student that can be a danger to fellow students, staff or property is prohibited.

1. Sunglasses may not be worn inside the building without a doctor's excuse.
2. Shorts must be longer than the length of your fingers held down each side of your body.
3. Hats and/or hoods will not be worn in the building.
4. Only gym shoes may be worn on the gymnasium floor.

Students May Not Wear The Following Items:

A. Shirts that expose the bare midriff. (The shirt must be able to be tucked in while seated.)
A. Mesh or see-through clothing.
B. Slogans which refer to sex, alcohol, drugs, tobacco or lewd comments.
C. Skirts or shorts which are shorter than the length of your fingers held down each side of your body.
D. Muscle shirts or undershirts.
E. Jackets or coats during classes.
F. Students' pants must be worn on the waistline. (No saggy pants showing underwear.)
G. Students are not permitted to wear pants with holes in them above the knee without shorts/tights underneath.
H. Blankets and pillows/cushions are not allowed. Temporary and spray-in hair coloring is not allowed.
I. Studded jewelry or items with pointed edges are not allowed.

Students who are representing Northwest Middle School at an official function or public event may be required to follow specific dress requirements. Usually, this applies to athletic teams, cheerleaders, bands, and other such groups.

Gangs

Gangs that initiate, advocate or promote activities that threaten the safety or well-beingIncidents involving initiations, hazing, intimidations or related activities that are likely to cause harm or personal degradation are prohibited.

Students wearing, carrying or displaying gang paraphernalia or exhibiting behaviors or gestures that symbolize gang membership or causing and/or participating in activities that are designed to intimidate another student will be disciplined. Prohibited gang paraphernalia will be specifically identified and posted by the principal

Care of Property

Students are responsible for the care of their own personal property. The School is not responsible for personal property. Valuables such as jewelry or irreplaceable items should not be brought to school.

Damage to or loss of school equipment and facilities wastes taxpayers' money and undermines the school program. Therefore, if a student damages or loses school property, the student and/or his/her parents will be required to pay for the replacement or repair. If the damage or loss was intentional, the student will be subject to discipline according to the Student Discipline Code.

5517.01 - **BULLYING AND OTHER FORMS OF AGGRESSIVE BEHAVIOR**

The Board of Education is committed to providing a safe, positive, productive, and nurturing educational environment for all of its students. The Board encourages the promotion of positive interpersonal relations between members of the school community.

Harassment, intimidation, or bullying toward a student, whether by other students, staff, or third parties is strictly prohibited and will not be tolerated. This prohibition includes aggressive behavior, physical, verbal, and psychological abuse, and violence within a dating relationship. The Board will not tolerate any gestures, comments, threats, or actions which cause or threaten to cause bodily harm or personal degradation. This policy applies to all activities in the District, including activities on school property, on a school bus, or while en-route to or from school, and those occurring off school property if the student or employee is at any school-sponsored, school-approved or school-related activity or function, such as field trips or athletic events where students are under the school's control, in a school vehicle, or where an employee is engaged in school business.

This policy has been developed in consultation with parents, District employees, volunteers, students, and community members as prescribed in R.C. 3313.666 and the State Board of Education's Model Policy.

Harassment, intimidation, or bullying means:

A. any intentional written, verbal, electronic, or physical act that a student or group of students exhibits toward another particular student(s) more than once and the behavior both causes mental or physical harm to the other student(s) and is sufficiently severe, persistent, or pervasive that it creates an intimidating, threatening, or abusive educational environment for the other student(s); or

B. violence within a dating relationship.

"Electronic act" means an act committed through the use of a cellular telephone, computer, pager, personal communication device, or other electronic communication device.

Aggressive behavior is defined as inappropriate conduct that is repeated enough, or serious enough, to negatively impact a student's educational, physical, or emotional well-being. This type of behavior is a form of intimidation and harassment, although it need not be based on any of the legally protected characteristics, such as sex, race, color, national origin, marital status, or disability. It would include, but not be limited to, such behaviors as stalking, bullying/cyberbullying, intimidating, menacing, coercion, name calling, taunting, making threats, and hazing.

Harassment, intimidation, or bullying also means cyberbullying through electronically transmitted acts (i.e., internet, e-mail, cellular telephone, personal digital assistance (PDA), or wireless hand-held device) that a student(s) or a group of students exhibits toward another particular student(s) more than once and the behavior both causes mental and physical harm to the other student and is sufficiently severe, persistent, or pervasive that it creates an intimidating, threatening, or abusive educational environment for the other student(s).

Any student or student's parent/guardian who believes s/he has been or is the victim of aggressive behavior should immediately report the situation to the Building Principal or assistant principal, or the Superintendent. The student may also report concerns to teachers and other school staff who will be responsible for notifying the appropriate administrator or Board official. Complaints against the Building Principal should be filed with the Superintendent. Complaints against the Superintendent should be filed with the Board President.

Every student is encouraged, and every staff member is required, to report any situation that they believe to be aggressive behavior directed toward a student. Reports may be made to those identified above.

All complaints about aggressive behavior that may violate this policy shall be promptly investigated. The Building Principal or appropriate administrator shall prepare a written report of the investigation upon completion. Such a report shall include findings of fact, a determination of whether acts of harassment, intimidation, and/or bullying were verified, and, when prohibited acts are verified, a recommendation for intervention, including disciplinary action shall be included in the report. Where appropriate, written witness statements shall be attached to the report.

If the investigation finds an instance of harassment, intimidation, and/or bullying/cyberbullying by an electronic act or otherwise, has occurred, it will result in prompt and appropriate remedial and/or disciplinary action. This may include suspension or up to expulsion for students, up to discharge for employees, exclusion for parents, guests, volunteers, and contractors, and removal from any official position and/or a request to resign for Board members. Individuals may also be referred to law enforcement officials.

If, during an investigation of a reported act of harassment, intimidation and/or bullying/cyberbullying, the Principal or appropriate administrator believes that the reported misconduct may have created a hostile learning environment and may have constituted unlawful discriminatory harassment based on a Protected Class, the

Principal will report the act of bullying and/or harassment to one of the Anti-Harassment Compliance Officers so that it may be investigated in accordance with the procedures set forth in Policy 5517 - Anti-Harassment.

Retaliation against any person who reports, is thought to have reported, files a complaint, or otherwise participates in an investigation or inquiry concerning allegations of aggressive behavior is prohibited and will not be tolerated. Such retaliation shall be considered a serious violation of Board policy and independent of whether a complaint is substantiated. Suspected retaliation should be reported in the same manner as aggressive behavior. Retaliation may result in disciplinary action as indicated above.

Deliberately making false reports about harassment, intimidation, bullying and/or other aggressive behavior for the purpose of getting someone in trouble is similarly prohibited and will not be tolerated. Deliberately making false reports may result in disciplinary action as indicated above.

If a student or other individual believes there has been aggressive behavior, regardless of whether it fits a particular definition, s/he should report it and allow the administration to determine the appropriate course of action.

The District shall implement intervention strategies (AG 5517.01) to protect a victim or other person from new or additional harassment, intimidation, or bullying and from retaliation following such a report.

This policy shall not be interpreted to infringe upon the First Amendment rights of students (i.e., to prohibit a reasoned and civil exchange of opinions, or debate, that is conducted at appropriate times and places during the school day and is protected by State or Federal law).

The complainant shall be notified of the findings of the investigation, and as appropriate, that remedial action has been taken. If after investigation, acts of bullying against a specific student are verified, the Building Director or appropriate administrator shall notify the custodial parent/guardian of the victim of such finding. In providing such notification care shall be taken to respect the statutory privacy rights of the perpetrator of such harassment, intimidation, and/or bullying.

If after investigation, acts of harassment, intimidation, and/or bullying by a specific student are verified, the Building Director or appropriate administrator shall notify in writing the custodial parent/guardian of the perpetrator of that finding. If disciplinary consequences are imposed against such a student, a description of such discipline shall be included in the notification.

Complaints

Students and/or their parents/guardians may file reports regarding suspected harassment, intimidation, or bullying. Such reports shall be reasonably specific including person(s) involved, number of times and places of the alleged conduct, the target of suspected harassment, intimidation, and/or bullying, and the names of any potential student or staff witnesses. Such reports may be filed with any school staff member or administrator, and they shall be promptly forwarded to the Building Director for review, investigation, and action.

Students, parents/guardians, and school personnel may make informal or anonymous complaints of conduct that they consider to be harassment, intimidation, and/or bullying by verbal report to a teacher, school administrator, or other school personnel. Such complaints shall be reasonably specific including person(s) involved, number of times and places of the alleged conduct, the target of suspected harassment, intimidation, and/or bullying, and the names of any potential student or staff witnesses. A school staff member or administrator who receives an informal or anonymous complaint shall promptly document the complaint in writing, including the information provided. This written report shall be promptly forwarded by the school staff member and/or administrator to the Building Director for review, investigation, and appropriate action.

Individuals who make informal complaints as provided above may request that their name be maintained in confidence by the school staff member(s) and administrator(s) who receive the complaint. Anonymous complaints shall be reviewed and reasonable action shall be taken to address the situation, to the extent such action may be taken that (1) does not disclose the source of the complaint, and (2) is consistent with the due process rights of the student(s) alleged to have committed acts of harassment, intimidation, and/or bullying.

When an individual making an informal complaint has requested anonymity, the investigation of such complaint shall be limited as is appropriate in view of the anonymity of the complaint. Such limitation of investigation may include restricting action to a simple review of the complaint subject to receipt of further information and/or the withdrawal by the complaining student of the condition that his/her report be anonymous.

Privacy/Confidentiality

The School District will respect the privacy of the complainant, the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the Board's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. All records generated under this policy and its related administrative guidelines shall be maintained as confidential to the extent permitted by law.

Reporting Requirement

At least semi-annually, the Superintendent shall provide to the President of the Board a written summary of all reported incidents and post the summary on the District web site (if one exists). The list shall be limited to the number of verified acts of harassment, intimidation, and/or bullying, whether in the classroom, on school property, to and from school, or at school-sponsored events.

Allegations of criminal misconduct and suspected child abuse will be reported to the appropriate law enforcement agency and/or to Child Protective Services in accordance with statute. District personnel shall cooperate with investigations by such agencies.

Immunity

A School District employee, student, or volunteer shall be individually immune from liability in a civil action for damages arising from reporting an incident in accordance with this policy and R.C. 3313.666 if that person reports an incident of harassment, intimidation, and/or bullying promptly, in good faith, and in compliance with the procedures specified in this policy. Such immunity from liability shall not apply to an employee, student, or volunteer determined to have made an intentionally false report about harassment, intimidation, and/or bullying.

Notification

Notice of this policy will be **annually** circulated to and posted in conspicuous locations in all school buildings and departments within the District and discussed with students, as well as incorporated into the teacher, student, and parent/guardian handbooks. At least once each school year a written statement describing the policy and consequences for violations of the policy shall be sent to each student's custodial parent or guardian.

The policy and an explanation of the seriousness of bullying by electronic means shall be made available to students in the District and to their custodial parents or guardians.

State and Federal rights posters on discrimination and harassment shall also be posted at each building. All new hires will be required to review and sign off on this policy and the related complaint procedures.

Education and Training

In support of this policy, the Board promotes preventative educational measures to create greater awareness of aggressive behavior, including bullying and violence within a dating relationship. The Superintendent or designee shall provide appropriate training to all members of the School District community related to the implementation of this policy and its accompanying administrative guidelines. All training regarding the Board’s policy and administrative guidelines about aggressive behavior and bullying in general, will be age and content appropriate.

Annually, the District shall provide all students enrolled in the District with age-appropriate instruction regarding the Board's policy, including a written or verbal discussion of the consequences for violations of the policy to the extent that State or Federal funds are appropriated for this purpose.

Students in grades seven (7) through twelve (12) shall receive age-appropriate instruction in dating violence prevention education, including instruction in recognizing dating violence warning signs and characteristics of healthy relationships. Parents, who submit a written request to the Building Director to examine the dating violence prevention instruction materials used in the school, will be afforded an opportunity to review the materials within a reasonable period of time.

The District shall provide training, workshops, and/or courses on this policy for school employees and volunteers who have direct contact with students, to the extent that

State or Federal funds are appropriated for these purposes. Time spent by school staff in these training programs shall apply toward mandated continuing education requirements.

In accordance with Board Policy 8462, the Superintendent shall include a review of this policy on bullying and other forms of harassment in the required training in the prevention of child abuse, violence, and substance abuse and the promotion of positive youth development.

The Superintendent shall develop administrative guidelines to implement this policy. Guidelines shall include reporting and investigative procedures, as needed. The complaint procedure established by the Superintendent shall be followed.

ZERO TOLERANCE

No form of violent, disruptive, or inappropriate behavior, including excessive truancy, will be tolerated.

STUDENT DISCIPLINE CODE

Each of the behaviors and/or types of misconduct described below are prohibited and may subject the student to disciplinary action including, but not limited to, student conference, parent/guardian notification, parent/guardian conference, detention, in-school discipline, suspension and/or expulsion from school. Furthermore, any criminal acts committed at or related to the School will be reported to law enforcement officials as well as disciplined at school. Certain criminal acts may result in permanent exclusion from school.

1. Possession/use of drugs and/or alcohol

Possessing, using, transmitting or concealing, or being under the influence of any alcoholic beverage, controlled substance including, but not limited to, narcotics, mood altering drugs, counterfeit controlled substances, look-alikes, over the counter stimulants or depressants, anabolic steroids, or drug-related paraphernalia.

If a building principal has a reasonable individualized suspicion of drug or alcohol use, s/he may request the student in question to submit to any appropriate testing, including but not limited to, a breathalyzer test or urinalysis. In such circumstances, the student will be taken to a private administrative or instructional area on school property for such testing with at least one other member of the teaching or administrative staff present as a witness to the test. If a student refuses to take the test, s/he will be advised that such denial leaves the observed evidence of alcohol or drug use unrefuted thus leading to possible disciplinary action. The student will then be given a second opportunity to take the test.

2. Possession/use of tobacco/nicotine/vaping

Possession, consumption, distribution, purchase or attempt to purchase, and/or use of tobacco products or electronic cigarettes or similar devices in school, on school grounds, on school buses, and at any interscholastic competition, extra-curricular event, or other school-sponsored event. Tobacco products include, but are not limited to

cigarettes, cigars, pipe tobacco, chewing tobacco, snuff or any other matter or substance that contains tobacco. Smoking of electronic, vapor, other substitute forms of cigarettes, or clove cigarettes is also prohibited.

3. Use and/or possession of a firearm

Bringing a firearm (as defined in the Federal Gun-Free Schools Act of 1994) onto school property or to any school-sponsored activity, competition, program, or event, regardless of where it occurs, will result in a mandatory one (1) year expulsion under Ohio law. This expulsion may be reduced on a case-by-case basis by the Superintendent using the guideline(s) set forth in Board Policy.

[ ] Firearm is defined as any weapon (including a starter gun) that will or is designed to or may readily be converted to expel a projectile by the action of an explosive; the frame or receiver of any such weapon; any firearm muffler or firearm silencer; or any destructive device (as defined in the Federal Gun-Free Schools Act of 1994). Firearms include any unloaded firearm and any firearm that is inoperable but that can be readily operated.

[ ] Students are prohibited from knowingly possessing an object on school premises, in a school or a school building, at a school activity or on a school bus that is indistinguishable from a firearm, whether or not the object is capable of being fired, and indicating they are in possession of such an object and that it is a firearm or knowingly displaying or brandishing the object and indicating it is a firearm.

4. Use and/or possession of a weapon

A weapon is any device that may be used for offensive or defensive purpose, including but not limited to conventional objects such as guns, pellet guns, knives, or club type implements. It may also include any toy that is presented as a real weapon or reacted to as a real weapon. Possession and/or use of a weapon may subject a student to expulsion and possible permanent exclusion.

A knife is defined as any cutting instrument consisting of a sharp blade fastened to a handle, a razor blade or any similar device that is used for, or is readily capable of causing death or serious bodily injury.

5. Use of an object as a weapon

Any object that is used to threaten, harm, or harass another may be considered a weapon. This includes but is not limited to padlocks, pens, pencils, laser pointers, and jewelry.

6. Knowledge of dangerous weapons or threats of violence

Because the Board believes that students, staff members, and visitors are entitled to function in a safe school environment, students are required to report knowledge of dangerous weapons or threats of violence to the Principal. Failure to report such knowledge may subject the student to discipline.

7. Arson

Intentional or purposeful destruction or damage to school or district buildings or property by means of fire. Anything, such as fire, that endangers school property and its occupants will not be tolerated. Arson is a felony.

8. Physically assaulting a staff member/student/person associated with the District.

Acting with intent to cause fear in another person of immediate bodily harm or death, or intentionally bullying, inflicting or attempting to inflict bodily harm upon another person. Physical assault of a staff member, student, or other person associated with the District, regardless of whether it causes injury, will not be tolerated. Any intentional, harmful or potentially harmful physical contact or bullying initiated by a student against a staff member will be considered to be assault. Assault may result in criminal charges **( )** and may subject the student to expulsion.

9. Verbally threatening (either orally, in writing or otherwise expressed) a staff member/student/person associated with the District.

Any oral or written statement or otherwise expressed action that a staff member, student, or other person associated with the District reasonably feels to be a threat will be considered a verbal assault. Profanity directed toward a staff member in a threatening tone may also be considered a verbal assault. Confrontation with a student or staff member that bullies, intimidates, or causes fear of bodily harm or death is also prohibited.

10. Misconduct against a school official or employee, or the property of such a person, regardless of where it occurs.

The Board prohibits misconduct committed by a student against a school official or employee, including, but not limited to, harassment (of any type), vandalization, assault (verbal and/or physical), and destruction of property.

11. Misconduct off school grounds

Students may be subject to discipline for their misconduct even when it occurs off school property when the misconduct is connected to activities or incidents that occurred on property owned or controlled by the District.

Misconduct is defined as any violation of the Student Discipline Code.

12. Extortion

Extortion is the use of threat, intimidation, force, or deception to take, or receive something from someone else. Extortion is against the law.

13. Gambling

Gambling (i.e., playing a game of chance for stakes) includes casual betting, betting pools, organized-sports betting, and any other form of wagering. Students who bet on any school activity in which they are involved may also be banned from that school activity.

14. Falsification of school work, identification, forgery

Falsifying signatures or data, or refusing to give proper identification or giving false information to a staff member. This prohibition includes, but is not limited to, forgery of hall/bus passes and excuses, as well as use of false I.D.'s.

Plagiarism and cheating are also forms of falsification and will subject the student to academic penalties as well as disciplinary action.

15. Bomb Threats, and other false alarms and reports

Making a bomb threat (i.e., intentionally giving a false alarm of a bomb) against a school building or any premises at which a school activity is being held at the time the threat is made may result in expulsion for a period of up to one (1) school year. Additionally, intentionally giving a false alarm of a fire, or tampering or interfering with any fire alarm is prohibited. It should be remembered that false emergency alarms or reports endanger the safety forces that are responding to the alarm/report, the citizens of the community, and the persons in the building. What may seem like a prank, is a dangerous stunt that is against the law and will subject the student to disciplinary action.

16. Terroristic Threat

Threatening, directly or indirectly, to commit a crime of violence with the purpose to terrorize another or with reckless disregard of the risk of causing terror in another.

17. Possession and/or use of explosives and/or fireworks

Possessing or using any compound or mixture, the primary or common purpose of which is to function by explosion, with substantially instantaneous release of gas and heat (including, but not limited to explosives and chemical-reaction objects such as smoke bombs and poppers). Additionally, possessing or offering for sale any substance, combination of substances or article prepared to produce a visible and/or audible effect by combustion, explosion, deflagration or detonation.

18. Trespassing

Although schools are public facilities, the law allows the Board to restrict access to school property. Being present in any Board-owned facility or portion of a Board-owned facility when it is closed to the public or when the student does not have the authorization to be there, or unauthorized presence in a Board-owned vehicle; or unauthorized access or activity in a Board-owned computer, into district, school or staff computer files, into a school or district file server, or into the Network. When a student has been removed, suspended, expelled, or permanently excluded from school, the student is prohibited from being present on school property without authorization of the principal.

19. Theft, or knowingly receiving or possessing stolen property

Unauthorized taking of property of another person or receiving or possessing such

property. Students caught stealing will be disciplined and may be reported to law enforcement officials. Students should not bring anything of value to school without prior authorization from the Principal. The School is not responsible for personal property.

20. Insubordination

Students are expected to comply with the reasonable directions of staff. Willful refusal or failure to follow or comply with an appropriate direction given by a staff member, or acting in defiance of staff members.

21. Damaging property (Vandalism)

Defacing, cutting, or otherwise damaging property that belongs to the school, district, other students, employees or others and disregard for school property.

22. Persistent absence or tardiness

Attendance laws require students to be in school all day or to have a legitimate excuse for their absence. Penalties for unexcused absences can range from detention to a referral to court and/or revocation of the student's driver's license.

23. Unauthorized use of school or private property

Students must obtain permission to use any school property or any private property located on school premises. Any unauthorized use of school property, or private property located on school premises, shall be subject to disciplinary action.

24. Refusing to accept discipline

Students failing to comply with disciplinary penalties may face enhanced penalties for such action.

25. Aiding or abetting violation of school rules

Assisting other students in the violation of any school rule. Students are expected to resist peer pressure and exercise sound decision-making regarding their behavior.

26. Displays of affection/sexual activities

Affection between students is personal and not meant for public display. This includes touching, petting, or any other contact that may be considered sexual in nature. Sexual activity of any nature is prohibited and will result in disciplinary action.

27. Possession of electronic equipment

The School will supply any electronic equipment or devices necessary for participation in the educational program. Students shall not use or possess any electronic equipment

on school property or at any school sponsored activity without the permission of the Principal. Examples of prohibited devices include but are not limited to radios, "boom-boxes", headphones, CD/MP3 players, portable TV's, electronic games/toys, pagers, cellular telephones, beepers, other paging devices and other electronic communication devices, and the like. Unauthorized electronic equipment will be confiscated from the student by school personnel and disciplinary action will be taken.

28. Violation of individual school/classroom rules

Each learning environment has different rules for students. These rules are for the safe and orderly operation of that environment. Students will be oriented to specific rules within each learning environment, all of which will be consistent with this Code.

29. **Violation of bus rules** (see Section V – Transportation)

30. Interference, disruption or obstruction of the educational process

Any actions or manner of dress that materially and substantially disrupts or interferes with school activities or the educational process, or which threaten to do so are unacceptable. Such disruptions include, but are not limited to, delay or prevention of lessons, assemblies, field trips, athletic and performing arts events.

31. Harassment and/or Aggressive Behavior (including Bullying/Cyberbullying)

The Board encourages the promotion of positive interpersonal relations between members of the school community. Harassment and/or aggressive behavior (including bullying/cyberbullying) toward a student, whether by other students, staff, or third parties is strictly prohibited and will not be tolerated. This prohibition includes physical, verbal, and psychological abuse, and any speech or action that creates a hostile, intimidating, or offensive learning environment. The Board will not tolerate any gestures, comments, threats, or actions which cause or threaten to cause bodily harm or personal degradation. Individuals engaging in such conduct will be subject to disciplinary action.

Conduct constituting sexual harassment, may include, but is not limited to:

A. verbal harassment or abuse;

B. pressure for sexual activity;

C. repeated remarks with sexual or demeaning implications;

D. unwelcome touching;

E. sexual jokes, posters, cartoons, etc.;

F. suggesting or demanding sexual involvement, accompanied by implied or explicit threats concerning one's grades or safety;

G. a pattern of conduct, which can be subtle in nature, that has sexual overtones and is intended to create or has the effect of creating discomfort and/or humiliation to another;

H. remarks speculating about a person's sexual activities or sexual history, or remarks about one's own sexual activities or sexual history.

Note: An inappropriate boundary invasion by a District employee or other adult member of the School District community into a student's personal space and personal life is sexual harassment. Further, any administrator, teacher, coach, other school authority who engages in sexual or other inappropriate physical contact with a student may be guilty of criminal "child abuse" as defined in State law.

Conduct constituting harassment on the basis or race, color, national origin, religion, or disability may take different forms, including, but not limited to, the following:

A. **Verbal**:

The making of offensive written or oral innuendoes, comments, jokes, insults, threats, or disparaging remarks concerning a person's race, color, national origin, religious beliefs, or disability.

B. **Nonverbal**:

Placing offensive objects, pictures, or graphic commentaries in the school environment or making insulting or threatening gestures based upon a person's race, color, national origin, religious beliefs, or disability.

C. **Physical**:

Any intimidating or disparaging action such as hitting, pushing, shoving, hissing, or spitting, on or by a fellow staff member, students, or other person associated with the District, or third parties, based upon the person's race, color, national origin, religious beliefs, or disability.

Aggressive behavior is defined as inappropriate conduct that is repeated enough, or serious enough, to negatively impact a student's educational, physical, or emotional well- being. This type of behavior is a form of intimidation and harassment, although it need not be based on any of the legally protected characteristics, such as sex, race, color, marital status, or disability. It would include, but not be limited to, such behaviors as stalking, bullying/cyberbullying, intimidating, menacing, coercion, name-calling, taunting, making threats, and hazing.

Any student who believes that s/he is the victim of any of the above actions or has observed such actions by another student, staff member, or other person associated with the District, or by third parties should contact the District's Anti-Harassment Complaint Coordinator(s): **[**list from page 3 of Administrative Guideline 5517**]**

The Complaint Coordinators are available during regular school hours to discuss a student's concerns related to harassment and/or bullying/cyberbullying, to assist a student who seeks support or advice when informing another individual about "unwelcome" conduct, or to intercede informally on behalf of the student.

The student may report his/her concerns to the Anti-Harassment Complaint Coordinators either by a written report, telephone, or personal visit. In reporting his/her concerns, the student should provide the name of the person(s) whom s/he believes to be responsible for the harassment and or bullying/cyberbullying and the nature of the harassing and/or bullying/cyberbullying incident(s). The Anti-Harassment

Complaint Coordinators will promptly compile a written summary of each such report that will be forwarded to the Principal.

Each report will be investigated in a timely manner and as confidentially as possible. The District will respect the privacy of the complainant, the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the Board's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. While a charge is under investigation, no information will be released to anyone who is not involved with the investigation, except as may be required by law or in the context of a legal or administrative proceeding. All records generated under the terms of this policy and its related administrative guidelines shall be maintained as confidential to the extent permitted by law. All individuals involved in an investigation as either a witness, victim or alleged harasser and/or bully/cyberbully will be instructed not to discuss the subject outside of the investigation.

If an investigation reveals that a harassment and/or bullying/cyberbullying complaint is valid, appropriate remedial and or disciplinary action will be taken promptly to prevent the continuance of the harassment and/or bullying/cyberbullying or its recurrence.

Given the nature of harassing and/or bullying/cyberbullying behavior, the School recognizes that false accusations can have serious effects on innocent individuals. Therefore, all students are expected to act responsibly, honestly, and with the utmost candor whenever they present harassment and/or bullying/cyberbullying allegations or charges.

Some forms of sexual harassment of a student may reasonably be considered child abuse that must be reported to the proper authorities.

These guidelines shall not be interpreted to infringe upon the First Amendment rights of students (i.e., to prohibit a reasoned and civil exchange of opinions, or debate, that is conducted at appropriate times and places during the school day and is protected by State or Federal law).

Retaliation against any person who reports, is thought to have reported, files a complaint, or otherwise participates in an investigation or inquiry concerning allegations of harassment and/or aggressive behavior is prohibited and will not be tolerated. Such retaliation shall be considered a serious violation and independent of whether a complaint is substantiated. Suspected retaliation should be reported in the same manner as harassment and aggressive behavior. Making intentionally false reports about harassment or aggressive behavior for the purpose of getting someone in trouble is similarly prohibited and will not be tolerated. Retaliation and intentionally false reports may result in disciplinary action as indicated above.

Anyone having further questions concerning prohibited behaviors and/or the complaint process should request a copy of Board policies and administrative guidelines 5517 and 5517.01.

32. **Hazing**

Performing any act, or coercing another, including the victim, to perform any act of initiation into any class, team, or organization, that causes or creates a substantial risk of causing mental or physical harm. Permission, consent, or assumption or risk by an individual subjected to hazing shall not lessen the prohibitions contained in this rule.

Hazing by any individual, school group, club, or team is not permitted. This includes any form of initiation that causes or creates a risk of causing mental or physical harm, no matter how willing the participant may be. Hazing activities are prohibited at any time in school facilities, on school property, and/or off school property but connected to activities or incidents that have occurred on school property.

All incidents of hazing must be reported immediately to any of the following individuals: the building principal or other administrator; teacher; coach; student club advisor/supervisor, and/or Superintendent. Students who engage in hazing may also be liable for civil and criminal penalties.

33. Violent Conduct

Students may be expelled for up to one school year for committing an act at school, on other school property, at an interscholastic competition, extracurricular event, or any other school program, or directing an act at a Board official or employee, regardless of where or when that act may occur, or their property that would be a criminal offense if committed by an adult and results in serious physical harm to person(s) or property.

34. Improper Dress

Clothing may not include words or visuals that are lewd, obscene, disruptive, abusive, or discriminatory, or that advertise drugs, alcohol or tobacco. Dress or grooming that is disruptive of the classroom or school atmosphere is not allowed. Shoes must be worn at all times for health and safety reasons.

35. Burglary

Entering a building or a specific area of a building without consent and with intent to commit a crime, or entering a building without consent and committing a crime.

36. Fighting

Engaging in adversarial physical contact (differentiated from poking, pushing, shoving or scuffling) in which one or the other party(ies) or both contributed to the situation by verbally instigating a fight and/or physical action. Promoting or instigating a fight (i.e., contributing to a fight verbally or through behavior).

38. Lighting Incendiary Devices

Unauthorized igniting of matches, lighters and other devices that produce flames.

39. Possession of Pornography

Possessing sexually explicit material.

DISCIPLINE

It is important to remember that the School's rules apply going to and from school, at school, on school property, at school-sponsored events, on school transportation, and on property not owned or controlled by the Board but that is connected to activities or incidents that have occurred on property owned or controlled by the Board. Furthermore, students may be disciplined for conduct that, regardless of where or when it occurs, is directed at a Board official or employee, or the property of such official or employee. In some cases, a student can be suspended from school transportation for infractions of school bus rules.

The School is committed to providing prompt, reasonable discipline consistent with the severity of the incident. The consequences for misbehavior are designed to be fair, firm and consistent for all students in the School.

Because it is not possible to list every misbehavior that occurs, misbehaviors not listed above will be responded to as necessary by staff.

Two (2) types of discipline are possible, informal and formal.

Informal Discipline

Informal discipline takes place within the School. It includes:

( ) change of seating or location;
( ) Lunch Detention, After-School detention; ( ) In-School discipline;
( ) Saturday school.

Detentions

A student may be detained after school or asked to come after school by a teacher, after giving the student and his/her parents one day's notice. The student or his/her parents are responsible for transportation.

In-School Discipline

Saturday school will be in session from 8:00AM to 1:00PM.

Transportation to and from Saturday school is the student/parent's responsibility.

Formal Discipline

Formal discipline involves removal of the student from school. It includes emergency removal for up to three (3) school days, suspension for up to ten (10) school days, expulsion for up to eighty (80) school days or the number of days remaining in a semester, whichever is greater, and permanent exclusion. Expulsions may carry over into the next school year. Any student who is expelled from school for more than twenty (20) days or for any period of time if the expulsion will extend into the following semester or school year will be provided with information about services or programs offered by public and private agencies that work toward improving those aspects of the student's attitude and behavior that contributed to the incident that gave rise to the

student's expulsion. The Superintendent at his/her discretion may require/allow a student to perform community service in conjunction with or in place of an expulsion. The Superintendent may impose a community service requirement beyond the end of the school year in lieu of applying the expulsion to the following school year. Removal for less than one (1) school day without the possibility of suspension or expulsion may not be appealed. Suspension, expulsion, and permanent exclusion may be appealed.

Students being considered for suspension are entitled to an informal meeting with the building administrator prior to removal. Also, students being considered for expulsion are entitled to an informal meeting with the Superintendent or designee prior to removal. During the informal meeting, the student will be notified of the charges and given the opportunity to respond.

Students involved in co-curricular and extra-curricular activities such as band and athletics can lose their eligibility for violation of the School rules.

If a student commits a crime while under the School's jurisdiction, s/he may be subject to school disciplinary action as well as action through local law enforcement.

DUE PROCESS RIGHTS

Before a student is suspended, expelled, or permanently excluded from school, there are specific procedures that must be followed.

As long as the in-school discipline is served entirely in the school setting, it will not require any notice or meeting, or be subject to appeal.

Suspension from School

When a student is being considered for a suspension, the administrator in charge will notify the student of the basis for the proposed suspension. The student will be given an opportunity to explain his/her view of the underlying facts. After that informal hearing, the Principal [or assistant principal or other administrator] will determine whether or not to suspend the student. If the decision is made to suspend the student, s/he and his/her parents will be given written notification of the suspension within one (14) days setting forth the reason for the suspension, the length of the suspension, and the process for appeal. The suspension may be appealed, within 1 day after receipt of the suspension notice. The request for an appeal must be in writing.

During the appeal process,

( ) the student shall not be allowed to remain in school.

( ) the student is allowed to remain in school unless safety is a factor.

If the appeal is heard by the Board's designee, the appeal shall be conducted in a private hearing. If the appeal is heard by the Board of Education, the appeal shall be conducted in executive session unless the student or his/her representative requests otherwise. A verbatim transcript will be made and witnesses will be sworn in prior to giving testimony. If the appeal decision is to uphold the suspension, the next step in the appeal process is to the Court of Common Pleas.

Emergency Removal

If a student's presence poses a continuing danger to persons or property, or an ongoing threat of disrupting the academic process taking place either in a classroom or elsewhere on the school premises, the Superintendent, principal or assistant principal may remove the student from any curricular or extracurricular activity or from the school premises. A teacher may remove the student from any curricular or extracurricular activity under the teacher's supervision, but not from the premises.

If a teacher makes an emergency removal, the teacher will notify a building administrator of the circumstances surrounding the removal in writing within one (1) school day. No prior notice or hearing is required for any removal under this procedure. In all cases of normal disciplinary procedures where a student is removed from curricular or extracurricular activity for less than one school day, and is not subject to further suspension for expulsion, the following due process requirements do not apply.

If the emergency removal exceeds one (1) school day, then a hearing will be held on the next school day after the removal is ordered. Written notice of the hearing and the reasons for removal and any intended disciplinary action will be provided to the student, as soon as practical prior to the hearing. If the student is subject to an out of school suspension, the student will have the opportunity to appear at an informal hearing before the principal, assistant principal, Superintendent or a designee, and may challenge the reasons for the removal or otherwise explain his/her actions.

Expulsion from School

When a student is being considered for expulsion, the student and parent will be provided with a formal notice of the proposed expulsion. This written notice will include the reasons for the intended expulsion, notification of the opportunity to appear in person before the Superintendent or the Superintendent's designee to challenge the reasons for the expulsion and/or explain the student's action, and notification of the time and place to appear. Students being considered for expulsion may be removed immediately. A hearing will be scheduled no earlier than three (3), nor no later than five (5) school days after the notice is given. Parents may request an extension of time for the hearing. The student may be represented by his/her parents, legal counsel, and/or by a person of his/her choice at the hearing.

In accordance with Board Policy 5610, the Superintendent shall initiate expulsion proceedings against a student who has committed an act that warrants expulsion under Board policy even if the student withdraws from school prior to the hearing or decision to impose the expulsion. The expulsion will be imposed for the same duration that it would have been had the student remained enrolled.

If a student is expelled, the student and the student's parents will be provided with written notice within one (1) school day of the imposed expulsion. The notice will include the reasons for the expulsion, the right of the student, or the student's parent(s)/guardian(s) or custodian(s) to appeal the expulsion to the Board or its designee, the right to be represented in all appeal proceedings, the right to be granted a hearing before the Board or its designee, and the right to request that the hearing be held in executive session.

Within 14 days after the Superintendent notifies the parents of the expulsion, the expulsion may be appealed, in writing, to the Board of Education or its designee. A hearing on the requested appeal will be formal with an opportunity for sworn testimony. If the expulsion is upheld on appeal, a student's parents may pursue further appeal to the Court of Common Pleas.

Students serving expulsions will not be awarded grades or credit during the period of expulsion. Expulsion for certain violations including use or possession of alcohol or drugs, may result in revocation of student's driver's license. When a student is expelled, the Superintendent will notify any college in which the expelled student is enrolled under the Postsecondary Enrollment Option at the time the expulsion is imposed.

Permanent Exclusion

State law provides for the permanent exclusion of a student, 16 years of age or older who engages in certain criminal activity. Permanently excluded students may never be permitted to return to school anywhere in the State of Ohio. A permanent exclusion may be considered if the student is convicted or adjudicated delinquent for committing one or more of the following crimes while on the property of any Ohio school:

A. conveying deadly weapons onto school property or to a school function;

B. possessing deadly weapons onto school property or at a school function;

C. carrying a concealed weapon onto school property or at a school function;

D. trafficking in drugs onto school property or at a school function;

E. murder, aggravated murder on school property or at a school function;

F. voluntary or involuntary manslaughter on school grounds or at a school function;

G. assault or aggravated assault on school property or at a school function;

H. rape, gross sexual imposition or felonious sexual penetration on school grounds, or at a school function, when the victim is a school employee;

I. complicity in any of the above offenses, regardless of the location.

This process is formal and may follow an expulsion with the proper notification to the parents.

Discipline of Students with Disabilities

Students with disabilities are entitled to the rights and procedures afforded by the Individuals with Disabilities Education Improvement Act (I.D.E.I.A.), and, where applicable, the Americans with Disabilities Act (A.D.A.), and/or Section 504 of the Rehabilitation Act of 1973.

Suspension of Bus Riding/Transportation Privileges

When a student is being considered for suspension of bus riding/transportation privileges, the administrator in charge will notify the student of the reason. The student will be given an opportunity to address the basis for the proposed suspension at an informal hearing. After that informal hearing, the principal [or assistant principal or other administrator] will decide whether or not to suspend his/her bus riding/transportation privileges for all or part of the school year.

If a student's bus riding/transportation privileges are suspended, s/he and his/her parents will be notified, in writing within one day, of the reason for and the length of the suspension.

SEARCH AND SEIZURE

Administrators may search a student or his/her property (including vehicles, purses, knapsacks, gym bags, etc.) with or without the student's consent, whenever they reasonably suspect that a search will lead to the discovery of evidence of a violation of law or school rules. The extent of the search will be governed by the seriousness of the alleged infraction and the student's age. General housekeeping inspection of school property may be conducted with reasonable notice. Student lockers are the property of the District and students have no reasonable expectation of privacy in their contents or in the contents of any other District property including desks or other containers. School authorities may conduct random searches of the lockers and their contents at any time without announcement. Unannounced and random canine searches may also be conducted.

Additionally, students have NO reasonable expectation of privacy in their actions in public areas including but not limited to, common areas, hallways, cafeterias, classrooms and gymnasiums. The District may use video cameras in such areas and on all school vehicles transporting students to and from regular and extracurricular activities.

Anything that is found in the course of a search may be used as evidence of a violation of school rules or the law, and may be taken, held or turned over to the police. The School reserves the right not to return items that have been confiscated.

INTERROGATION OF STUDENTS

The School is committed to protecting students from harm that may be connected with the school environment and also recognizes its responsibility to cooperate with law enforcement and public child welfare agencies. While the School believes these agencies should conduct their investigations off school property if possible, investigations can take place at school in emergency situations or if the violation being investigated occurred on school property.

Before students are questioned as witnesses or suspects in an alleged criminal violation, the building administrator will attempt to contact a parent prior to questioning and shall remain in the room during questioning.

If a student is questioned as the subject of alleged child abuse or neglect, the building administrator will attempt to contact a parent prior to questioning, and s/he (or a designated guidance counselor) will remain in the room during questioning. If the agency investigating the alleged child abuse or neglect suspects the parent is the perpetrator, neither parent will be contacted prior to questioning, but the building administrator (or a designated guidance counselor) will remain in the room during questioning.

If law enforcement or a children's services agency removes a student from school, the building administrator will notify a parent.

STUDENT RIGHTS OF EXPRESSION

The School recognizes the right of students to express themselves. With the right of expression comes the responsibility to do so appropriately. Students may distribute or display, at appropriate times, non-sponsored, noncommercial written material and petitions; buttons, badges, or other insignia; clothing, insignia, and banners; and audio and video materials. All items must meet school guidelines.

A. Material cannot be displayed if it:

1. is obscene to minors, libelous, or pervasively indecent or vulgar;
2. advertises any product or service not permitted to minors by law;
3. intends to be insulting or harassing;
4. intends to incite fighting; or
5. presents a clear and present likelihood that, either because of its content or manner of distribution or display, it will cause or is likely to cause a material and substantial disruption of school or school activities, a violation of school regulations, or the commission of an unlawful act.

B. Material may not be displayed or distributed during class periods, or between classes. Permission may be granted for display or distribution during lunch periods, and/or before or after school in designated locations, as long as exits are not blocked and there is proper access and egress to the building.

Students who are unsure whether materials they wish to display meet school guidelines may present them to the Principal (24) hours prior to display.

PUBLIC'S RIGHT TO KNOW

The Board supports the right of the people to know about the programs and services of their schools and makes efforts to disseminate appropriate information. Each principal is authorized and expected to keep the school's community informed about the school's programs and activities. The release of information of District-wide interest is to be coordinated by the Superintendent. Business of the Board is discussed and decisions are made at public meetings of the Board, except such matters as are properly discussed in private executive sessions. The official minutes of the Board, its written policies, its financial records and all other public records are open for inspection in the Treasurer's office during the hours when the administrative offices are open.

The Treasurer, Superintendent or other persons responsible for the custody of confidential files, does not release records pertaining to individual students and other confidential materials for inspection by the public or any unauthorized persons, either. Only that information deemed "directory information" might be released from an individual student's file, and only after complying with the regulations prepared by the administration for the release of such information. Student records that consist of "personally identifiable information" generally are exempt from disclosure. Student director information, however, is released unless the parents have affirmatively withdrawn their consent to release, in writing. Any individual who wants to obtain a copy of a public record may request to have the record duplicated on paper, on the same medium on which the record is kept or on any other medium the Superintendent/designee determines that the record can reasonably be duplicated as an integral part of normal operations. The District may ask that the request be put into writing. However, the District must notify the requester that it is not mandatory to do so. The District provides an opportunity for a records requester making an ambiguous or overly broad request to revise the request by informing the requester of the manner in which records are maintained. If a public records request is denied, the District provides an explanation with legal authority as to the reason for the denial of the request. If the person seeking the copy makes a choice under this provision, the District must provide the record in accordance with that choice if available to the District. A fee may be charged for copies. The District may require the fee charged for copies are paid, in advance. The person making a mail request pays the cost of postage and other supplies, in advance. The number of mail requests sent to any one person is limited to ten (10) per month unless the person certifies, in writing, that the records, or the information in them, will not be used for commercial purposes. The Board's public records policy is posted in a conspicuous location in the central office and in all other District buildings and employee handbooks provided by the District.

PARENT'S RIGHT TO KNOW

Parents in all Title I - served schools may request information regarding the professional qualifications of the student's classroom teachers.

The federal No Child Left Behind Act requires that any local school district receiving Title I funds must notify parents that they may ask about the professional qualifications of their child's classroom teacher.

These qualifications include:

1. Whether the teacher has met the Ohio teacher licensing criteria for the grade level and subject areas in which the teacher provides your child instruction.
2. Whether the teacher is teaching under emergency or temporary status that waives state licensing requirements.
3. The undergraduate degree major of the teacher and any other graduate degree or certification (such as National Board Certification) held by the teacher and the field of discipline of certification or degree.
4. Whether your child is provided services by instructional paraprofessionals and, if so, their qualifications.

Contact the building principal if you request this information.

HOMELESS EDUCATIONAL RIGHTS

If your family lives in a situation that qualifies as "homeless", you and your children have rights under the protection of the federal McKinney-Vento Act.

SCHOOL-PARENT COMPACT
Title I, Part A of the Elementary and Secondary Education Act (ESEA)

The Northwest Local School District/Northwest Elementary School, and the parents of the students participating in activities, services and programs funded by Title I, Part A of the Elementary and Secondary Education Act (ESEA) (participating children), agree that this Compact outlines how the parents, the entire school staff, and the students will share the responsibility for improved student academic achievement and the means by which the school and parents will build and develop a partnership that will help children achieve the State's high standards.

SCHOOL RESPONSIBILITIES

The Northwest Middle School will:

A. Provide high-quality curriculum and instruction in a supportive and effective learning environment that enables the participating children to meet the State's student academic achievement standards as follows:

- Teachers will follow the State-adopted Standards, Benchmarks and Indicators for each grade and subject level. Teachers will participate in a variety of professional development opportunities throughout the school year (minimum of three sessions) that support research-based instructional strategies. Formative assessments will be implemented in the following (but not limited to) ways to guide instruction:
    - Aimsweb Progress Monitoring
    - Short Cycle Benchmark Testing (quarterly) by grade level
    - Accelerated Reader/STAR

Reading intervention will be provided to all students in academic need. The district and building will ensure all core subject teachers are highly qualified for their positions, and parents have the right to request highly qualified teacher information at any time.

B. Hold parent-teacher conferences during which this Compact will be discussed as it relates to the individual child's achievement. Specifically, those conferences will be held: "Refer to district calendar for specific conference dates".
C. Provide parents with frequent reports on their child(ren)'s progress. The school will provide reports according to the school adopted calendar.
Additionally, the Northwest Local School District will utilize "Progress Book," a web-based grade book that will allow parents access to their student's grades, attendance and homework assignments at any time. The program is password-protected, and all parents and students will receive their password via School correspondence or contact school Guidance office.
D. Provide parents reasonable access to staff. The staff will be available for consultation with parents as follows:
    - During teacher's planning time. School secretary can provide the exact time(s) to inquiring parent.
    - Fifteen minutes before the start of school and fifteen minutes at the end of the school day
    - By appointment only
E. Provide parents opportunities to volunteer and participate in their child(ren)'s class, and to observe classroom activities, as follows:

Parent volunteers are encouraged and welcome in our school district. Our reading lab is the most utilized program in our district. Parents are trained by the Reading Teacher Specialist.
Upon completion of the training program, parents/volunteers work one-on-one with students providing reading interventions in the lab setting.

PARENT RESPONSIBILITIES

We, as parents, will support our children's learning in the following ways by:

- ✓ Monitoring attendance.
- ✓ Making sure that homework is completed.
- ✓ Monitoring the amount of television our children watch.
- ✓ Volunteering

SECTION V - TRANSPORTATION

Bus Transportation to School

The transportation schedule and routes are available by contacting the Transportation Coordinator at 740-259-5558.

Students may only ride assigned buses and must board and depart from the bus at assigned bus stops. Students will not be permitted to ride unassigned buses for any reason other than an emergency, except as approved by the Principal.

The principal may approve a change in a student's regular assigned bus stop to address a special need. Parents should send a note to the principal stating the reason for the request and the duration of the requested change.

Bus Conduct

Students who are riding to and from school on District-provided transportation must follow all basic safety rules. This applies to school-owned buses as well as any contracted transportation.

The driver may assign seating or direct students in any reasonable manner to maintain transportation safety.

Students must comply with the following basic safety rules:

Prior to loading (on the road and at school)

Each student shall:

( ) be on time at the designated loading zone 5 minutes prior to scheduled stop);

( ) stay off the road at all times while walking to and waiting for school transportation;

( ) line up single file off the roadway to enter;

( ) wait until the school transportation is completely stopped before moving forward to enter;

( ) refrain from crossing a highway until the driver signals it is safe to

cross; ( ) properly board and depart the vehicle;

( ) go immediately to a seat and be seated.

It is the parents' responsibility to inform the bus driver when their child will not be aboard school transportation. Drivers will not wait for students who are not at their designated stops on time.

During the Trip

Each student shall:

( ) remain seated while the school transportation is in motion;

( ) keep head, hands, arms, and legs inside the school transportation at all times;

( ) not push, shove or engage in scuffling;

( ) not litter in the school vehicle or throw anything in, into, or from the vehicle;

( ) keep books, packages, coats, and all other objects out of the aisle;

( ) be courteous to the driver and to other riders;

( ) not eat or play games, cards, etc.

( ) not use nuisance devices (e.g., laser pointers) on the bus in a way that disrupts the safe transportation of students and/or endangers students or employees;

( ) not tamper with the school vehicle or any of its equipment (including, but not limited to emergency and/or safety equipment).

Exiting the school vehicle

Each student shall:

( ) remain seated until the vehicle has stopped;

( ) cross the road, when necessary, at least 10 feet in front of the vehicle, but only after the driver signals that it is safe;

( ) be alert to a possible danger signal from the driver.

The driver will not discharge students at places other than their regular stop at home or at school unless s/he has proper authorization from school officials.

Videotapes on School Buses

The Board of Education has installed video cameras on school buses to monitor student behavior.

If a student misbehaves on a bus and his/her actions are recorded on a videotape, the tape will be submitted to the Principal and may be used as evidence of misbehavior.

Penalties for Infractions

A student who misbehaves on the bus shall be disciplined in accordance with the Student Discipline Code and may lose the privilege of riding on the bus.

Transportation of Students By Private Vehicle

When transportation by District vehicle is either not available or feasible, there may be a need to provide transportation to students by private vehicle. However, no students will be permitted to ride in a private vehicle unless written consent is provided by each student's parent using Form 8660 F2 – Parental Consent for Transportation by Private Vehicle. Upon request, parents of participating students will be given the name of the driver, the owner of the vehicle, and the description of the vehicle.
