OREGON LIONS
Sight & Hearing
Foundation

Our mission is to screen, treat, save and restore sight and hearing
for those in need in partnership with lions clubs

Dear Parents and Guardians,

We hope this letter finds you in good health and good spirits. We are pleased to announce an upcoming vision screening event hosted by The Oregon Lions Sight and Hearing Foundation (OLSHF) at your child's school.

Studies have shown clear and healthy vision is fundamental to a child's education – 80% of a child's learning comes through vision, and 60% of students considered "problem learners" have undetected vision problems. Through these screenings, we are able to help catch vision issues early and support their educational journey. **There is no cost to families whose children participate.**

Triangle Lake Charter School 02/10/2026 9:00 AM

OLSHF is a non-profit organization which, in partnership with local Lions clubs, provides vision screenings in over 80% of Oregon school districts. The screening utilizes a Baxter Welch Allyn Spot Vision Screener to measure your child's eyes and determine if they need a comprehensive eye exam. The Spot works like a digital camera and uses infrared light to measure and detect potential vision problems most commonly found in children. Students' results will be sent home by the school within a few weeks following the screening, along with a list of resources for eye exams in the community.

Thank you for your support in prioritizing your child's vision health and overall well-being. We look forward to a successful vision screening event and working together to ensure students' success.
