Form A: Planned Improvements in Student Performance

The School Site Council has analyzed the academic performance of all student groups and has considered the effectiveness of key elements of the instructional program for students failing to meet academic performance index and adequate yearly progress growth targets. The School Site Council also supports the JDUSD LCAP goals and will use those goals as a basis of this plan. As a result, it has adopted the following school goals, related actions, and expenditures to raise the academic performance of students not yet meeting state standards:

LCAP Goal 1 - JDUSD will improve student academic achievement in ELA, mathematics, and science by progressing 10% of students currently preforming "Standard Not met" or "Standard Nearly Met" levels to "Standard Met" or "Standard Exceeded", while maintaining students in the "Met Standard" and "Standard Exceeded" levels, as measured by the California Assessment of Student Performance and Progress (CAASPP).

School Goal 1: By June 2024, 42.5% of Oak Grove Middle School students will meet or exceed standards in the ELA SBAC, this is an increase of 10% points.

School Goal 2: By June 2024, 22.15% of Oak Grove Middle School students will meet or exceed standards in the Mathematics SBAC, this is an increase of 10% points.

School Goal 3: By June 2024, 32% of Oak Grove Middle School students will meet or exceed standards in the California Assessment of Science Test by 10% points.
