SCHOOL YEAR 2026–2027

Scholar Supply List

Grades 6-8 | Cambridge International Education & Arts Pathways

Dear PISOTA Families,

We are looking forward to welcoming our scholars back for another year of academic excellence and artistic growth. This supply list is organized into three parts to make shopping simple:

- General School Supplies — needed by every scholar, every day, across all classes.
- Subject-Specific Supplies — a small number of additional items for particular courses.
- Arts Pathway Supplies — items scholars need based on their selected arts pathway only.

Please label all personal items with your scholar's name. If any item on this list presents a financial hardship for your family, contact the front office confidentially — no scholar will go without the materials they need. Please note, while scholars should be prepared with their core school supplies (pencils, binders, folders, notebooks) you may not need all the items below on the first day of school. Teachers will inform scholars when they need to have what items.
