Re: Recommendation to Ground Dugouts

The Recreation Committee would like to make a recommendation to the Mayor and Council to have the new dugouts grounded in the event there is a lightning storm and people seek shelter under the dugouts. The Recreation Committee is aware that if the lightning detector should be activated, everyone is required to leave the facility. We would like to be proactive and hopefully stop any accident before it happens, as there are people who do not know that it is a requirement to vacate the facility.

The Committee is available to answer any questions you may have regarding the above applications.
